Summary of Public Input Questionnaire
Willapa Bay Management Policy Open House
Raymond High School Cafeteria
Raymond , WA
10/25/2014, 2pm to 5pm

Conservation:

Chinook

Question 1 Which rivers should be managed for wild production?

Sector	Sample Size	Naselle	Willapa	North/Smith	None	Aggregrate all
Recreational Anglers	11	4	2	2	0	3
Commercial Fisher	3	1	0	0	2	0
Total	*14*	*5*	*2*	*2*	*2*	*3*

Question 2 For rivers managed for wild production, how rapidly should we meet objectives (Spawner numbers & origin composition)?

Sector	Sample Size	Immediately	5 years	5 to 10 years	10 to 20 years	>20 years	Other: Never
Recreational Anglers	8	4	2	0	1	1	0
Commercial Fisher	3	0	0	1	0	0	2
Total	*11*	*4*	*2*	*1*	*1*	*1*	*2*

Coho

Question 1 Which rivers should be managed for wild production?

Sector	Sample Size	Nemah	North/Smith	Willapa	None	Aggregrate all
Recreational Anglers	13	5	2	2	2	2
Commercial Fisher	3	0	1	0	2	0
Total	*16*	*5*	*3*	*2*	*4*	*2*

Question 2 For rivers managed for wild production, how rapidly should we meet objectives (Spawner numbers & origin composition)?

Sector	Sample Size	Immediately	5 years	5 to 10 years	10 to 20 years	>20 years	Other: Never
Recreational Anglers	4	1	2	0	1	0	0
Commercial Fisher	3	0	0	1	0	0	2
Total	***7***	***1***	***2***	***1***	***1***	***0***	***2***

Chum

Question 1 Which rivers should be managed for wild production?

Sector	Sample Size	Nemah	North/Smith	Willapa	Bear	Palix	None	Aggregate all
Recreational Anglers	3	0	0	1	0	0	0	2
Commercial Fisher	3	0	0	0	0	0	1	2
Total	***6***	***0***	***0***	***1***	***0***	***0***	***1***	***4***

Question 2 For rivers managed for wild production, how rapidly should we meet objectives (Spawner numbers & origin composition)?

Sector	Sample Size	Immediately	5 years	5 to 10 years	10 to 20 years	>20 years	Other: Never
Recreational Anglers	4	1	2	0	1	0	0
Commercial Fisher	3	0	0	1	0	0	2
Total	***7***	***1***	***2***	***1***	***1***	***0***	***2***

Commercial Fisheries:

Question 1 Average annual ex-vessel value (2000-2012 average approx. $600,000)

Sector	Sample Size	$0 to $100,000	$100,000 to $500,000	$500,000 to $750,000	$750,000 to $1,000,000	> $1,000,000	Other: Priceless
Recreational Anglers	7	3	0	1	0	1	2
Commercial Fisher	5	0	0	0	0	5	0
Total	*12*	*3*	*0*	*1*	*0*	*6*	*2*

Question 2 Commercial fisheries should operate:

Sector	Sample Size	Spread days evenly throughout the season	Concentrate days for 3 weeks	Concentrate days for 2 weeks	Build-up fishery - fish every other week	Build-up fishery - fish every third week	Other: No more than 3 days a week	Other: Similar to the past	Other: Extended beyond current
Recreational Anglers	8	1	1	0	2	3	1	0	0
Commercial Fisher	5	3	0	0	0	0	0	1	1
Total	*13*	*4*	*1*	*0*	*2*	*3*	*1*	*1*	*1*

Question 3 Commercial fisheries should start:

Sector	Sample Size	Early August	Mid August	First of September	After Labor Day	Early October	Other: September 16
Recreational Anglers	8	0	0	1	4	2	1
Commercial Fisher	4	4	0	0	0	0	0
Total	*12*	*4*	*0*	*1*	*4*	*2*	*1*

Question 4 What percent of the allowable commercial impacts should be taken with alternative gear (seine, trap, etc.)

Sector	Sample Size	1% to 10%	10% to 25%	25% to 50%	50% to 75%	75% to 100%	Other: 0%
Recreational Anglers	8	1	0	0	0	7	0
Commercial Fisher	4	3	0	0	0	0	1
Total	*12*	*4*	*0*	*0*	*0*	*7*	*1*

Recreational Fisheries:

Question 1 Maintain exclusive recreational zone in:

Sector	Sample Size	2T prior to Sept 1	2T and 2U to Sept 1	2T Aug 15 to Sept 1	2T Aug 15 to Sept 15	2T and 2M to Sept 1	2T prior to Oct 1	Other: Same as in past	Other: No exclusive zone
Recreational Anglers	19	3	1	1	5	4	4	1	0
Commercial Fisher	3	1	0	0	0	0	0	0	2
Total	*22*	*4*	*1*	*1*	*5*	*4*	*4*	*1*	*2*

Question 2 Relative to the last 5 years, the econimic value of the recreational fishery should be:

Sector	Sample Size	0% to 15%	15% to 85%	85% to 125%	125% to 175%	> 175%	Other: 0%
Recreational Anglers	14	0	2	5	2	5	0
Commercial Fisher	3	2	0	0	0	0	1
Total	*17*	*2*	*2*	*5*	*2*	*5*	*1*

Question 3 What percentage of the allowable recreational impacts should be taken in marine waters:

Sector	Sample Size	20% to 30%	30 to 40%	40% to 50%	50% to 60%	60% to 70%	70% to 80%
Recreational Anglers	13	0	3	1	5	1	3
Commercial Fisher	3	0	1	2	0	0	0
Total	*16*	*0*	*4*	*3*	*5*	*1*	*3*
