2014	3.5	7	16	5	10	38
5yr Avg	3	6	16.4	5.4	14.4	42.2

* Values are preliminary

1. A day of fishing was credited if any area of Willapa Bay was open, and if the opening was for at least 12 hours.
2. In recent years, the summer chinook fishery has been curtailed because of low abundance of Columbia River chinook
3. The recent downturn in chum run sizes that has curtailed much of the October and early November fishery.

Willapa Bay Catch Comparison By Sector

Year	Total Landed Catch									Proportion of Landed Catch
