Lisa:

Swinomish THPO, Larry Campbell is in receipt of your letter regarding the above referenced project. His office deals only with cultural resources and archaeological surveys.

Your letter was received in this office February 12, 2014 and as the letter does not address cultural resources, we would like to see a cultural resource survey or an archaeological opinion about the cultural resources in the area where ground disturbing activities will take place with this project.

Thank you for the notification and we look forward to working with your department for the protection of cultural resources.

Best,

Myk Heidt
