HI Lisa,
We did receive word from the Yakima Tribe that they have no concerns at this time.
Kat the archaeologist was asked to look into this, but the tribes got back to us first.
They have no concern with this fencing project.

Kat and Shana,

Sorry for the delay in getting back to you. My records indicate that we requested to be notified of the survey for this project. As I recall, the survey report was sent to me. We have no concerns at this time.

Thank you,
