Ms. Mendoza,

WDFW would like to thank Ecology for their review of the Skookumchuck Hatchery culvert replacement project SEPA. Please note the following response to your comment.

Toxics Cleanup: Contamination is not expected, but if it is discovered or occurs during the project, WDFW will have media tested and will inform Ecology upon result or upon immediate exposure.

Thank you again for your comments and we look forward to working with you in the future on this project and others.
