WILDLIFE PROGRAM

Feb. 13, 2015

I would like to comment on the Regulations coming up for the 2015-2017 seasons.

(1) Deer and Elk Baiting:
Don't change rules, leave as they are now. The season especialy for Elk is already so short for muzzeloader and rifle seasons compared to other states. Give us a little opportunity before we give up and start hunting out of state.

(2) Deer General seasons and special permits:
If you let out anymore antlerless permits, give them to youth only.

(3) Elk General season and special permit regulations:
Any more specil permits should go to our youth. We need to encourage our youth to hunt.

(4) Equipment requirments:
Cross bows should only be used for persons with disabilits that can't draw regular archery equipment.

Thank you.
