Thank you for reviewing the West Foster Creek Beaver Dam Analog project and your comments. We will consult with the archeologist for the Colville Confederated Tribes, and others as deemed necessary by the WDFW archeologist, as well as DAHP prior to beginning the project. Additionally, I anticipate the project will proceed under the terms of an Inadvertent Discovery Plan drafted by the WDFW archeologist. Should any archeological or cultural resources be uncovered, we will include your archeologist in the notification process.

Best Regards, Dan
