At this point there is an old grade to the right. Park here and walk the old grade for about 0.1 mi - the first channel crossing is WD-L5-04.

Comments:
- At 60 m channel enters area of PCT (15 year old).
- At 70 m there is a 1 m high fall.
- Channel flows through a plantation of 15-25 year old conifers and PCT.
- At 140 m, PCT becomes too much of an obstruction for following channel.

Recommendations:
- Low priority for enhancement projects due to abundance of barriers.
