ATTACHMENT B – Statement of Changes

WAC 232-12-047 Unlawful methods for hunting.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Under section (4)(a), we are reversing our draw weight recommendation back to 125 pounds. This change is in response to input from hunters who may have difficulty drawing greater weights and the lethality of 125 pounds.
- Under section (4)(b), we are reversing our bolt weight recommendation back to 350 grains. The reduction in bolt weight is consistent with the 125 draw weight.
- Under Section 5, change the sentence to read: “Hunters with disabilities may also use a crossbow during archery seasons with a special use permit as conditioned in WAC 232-12-054.” This change was made to clarify the intent of this section.

WAC 232-12-054 Archery requirements – Archery special use permits.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Under 1b, strike the last four words: “except for illuminated nocks.” After considering the information presented and the public input received, the Fish and Wildlife Commission voted against this proposed amendment.
- The language under 2a was changed to read as follows:

(2)(a) It is unlawful for any person to hunt big game animals with a bow that does not produce a minimum of 40 pounds of pull measured at twenty-eight inches or ~~((less))~~ at full draw ~~((length))~~.

The reason for the change is to clarify that 40 pounds of pull is required at whatever length full draw occurs for a hunter.

WAC 232-12-243 Public safety cougar removals.

Changes, if any, from the text of the proposed rule and reasons for difference:

- None.

WAC 232-12-257 Use of decoys and calls.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Under subsection 1, reinstate the word waterfowl, so that the first sentence now reads: “It is unlawful to hunt waterfowl, wild turkeys, or deer with the use of aid of battery-powered or other electronic devices as decoys. After considering the information presented and the public input received, the Fish and Wildlife Commission voted against this proposed amendment.

WAC 232-12-264 Baiting of game birds – Unlawful.

B. Changes, if any, from the text of the proposed rule and reasons for difference:

- None.

ATTACHMENT B – Statement of Changes

WAC 232-28-273 2012-2014 Moose, bighorn sheep, and mountain goat seasons and permit quotas.

B. Changes, if any, from the text of the proposed rule and reasons for difference:

- Change the permit level for Cleman Mountain A from 3 to 6; change the permit level for Cleman Mountain B from 2 to 6. The reason is that recent surveys indicate the population has increased.
- Change the name of the Methow North mountain goat hunt name to “Methow” because the goat hunt area is not just the north Methow area.
- Change the subpopulations open to goat hunting to:
 - Wolf Creek and West Fork Methow in the Methow hunt.
 - Railroad Creek, Pyramid Mountain, and Box Canyon in the South Lake Chelan hunt.

WAC 232-28-296 Landowner hunting permits.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Change the number of antlerless elk permits that the Blackrock Ranches LHP provides from 4 to 2. The landowner requested this change based on their management needs and ability to accommodate the hunters.
- Change the number of permits that WDFW draws for the Blackrock Ranches LHP for antlerless elk from 2 to 1 in two locations in the table. The landowner requested this change based on their management needs and ability to accommodate the hunters.
- Change the November start dates for the Pine Mountain Ranch LHP for deer and elk from November 2 to November 5 in two locations in the table. This corrects a previous error.
- Change all references to Grande Ronde Vista to 4-0 Ranch. This change was made at the landowner’s request.
- Change the number of permits and season dates for the Columbia Plateau Wildlife Management Association LHP for elk to:

Hunt Name	Quota	Access Season	Special Restrictions	Boundary Description
CPWMA	2	Jan 1-Mar 31	Antlerless	CPWMA
CPWMA	2	Jan 1-15	Antlerless	CPWMA

ATTACHMENT B – Statement of Changes

The landowner requested these changes based on WDFW’s recommended reinstatement of the December Master Hunter hunt in this area; their management needs; and ability to accommodate the LHP hunters.

- The landowner’s phone number has also changed. This change reflects the new contact number.
- Change the number of permits and season dates for the Columbia Plateau Wildlife Management Association LHP for elk to:

Hunt Name	Quota	Access Season	Special Restrictions	Boundary Description
CPWMA 1	3	Jan 1-15	Antlerless	CPWMA
CPWMA 2	2	Jan. 16-31	Antlerless	CPWMA
CPWMA 3	3	Feb 1-14	Antlerless	CPWMA
CPWMA 4	2	Feb. 15-28	Antlerless	CPWMA
CPWMA 5	3	Mar 1-15	Antlerless	CPWMA
CPWMA 6	2	Mar 16-31	Antlerless	CPWMA
CPWMA 7	1	Jan 1-31	Any Bull	CPWMA

The landowner requested these changes based on WDFW’s recommended reinstatement of the December Master Hunter hunt in this area, their management needs, and ability to accommodate the LHP hunters.

- The landowner’s phone number has also changed. This change reflects the new contact number.

WAC 232-28-297 2012-2013, 2013-2014, 2014-2015 Cougar hunting seasons and regulations.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Change section 2(b) from:

“In hunt areas with a harvest guideline, starting January 1st, cougar hunters may hunt cougar from January 1st until the hunt area harvest guideline has been killed or March 31 of the following year, whichever occurs first.”

To:

“In hunt areas with a harvest guideline, starting January 1st, cougar hunters may hunt cougar from January 1st until the hunt area harvest guideline has been met and the Director has closed the cougar late hunting season, or March 31, whichever occurs first.” These changes were made to clarify that the season was intended to last three months rather than a year and three months, and that once the harvest guideline was reached the Director would close the cougar late hunting season.

- Under 4e, a couple of grammatical edits were made to improve readability and understanding of the rule.

ATTACHMENT B – Statement of Changes

WAC 232-28-337 Deer and elk area descriptions.

B. Changes, if any, from the text of the proposed rule and reasons for difference:

- Reinstatement of the boundary for Elk Area 3068 Klickitat Meadows. Initially the Department was proposing dropping the special permit elk hunts that occur in this elk area. That is no longer the case, so the elk area boundary language needs to be retained in order to conduct the special permit hunts.
- Delete the boundary language for new Deer Area 1016. There was a miscommunication between staff.

WAC 232-28-342 2012-2013, 2013-2014, 2014-2015 Small game seasons.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Change the WAC title to read: “Small game and other wildlife seasons and regulations.” Rather than create a separate rule for unclassified wildlife regulations, the title was changed to allow the Department to retain the rules for coyotes and other unclassified or predatory wildlife.
- Proposed crow season dates have been changed from Sept. 1, 2012 - Dec. 31, 2013; Sept. 1, 2013 - Dec. 31, 2014; and Sept. 1, 2014 - Dec. 31, 2015 to Sept. 1, 2012 - Dec. 31, 2012; Sept. 1, 2013 - Dec. 31, 2013; and Sept. 1, 2014 - Dec. 31, 2014 to accurately reflect calendar date adjustments.
- Proposed turkey youth season dates have been changed to April 6-7, 2013 and April 5-6, 2014 to accurately reflect calendar date adjustments.
- Spring 2012 turkey season dates (April 7-8, 2012 and April 15-May 31, 2012) were inadvertently deleted from the CR102 and were added back into the draft rule.
- A new fall permit season has been added for GMU 335 (Teaway) during Nov. 15 - Dec. 15 in 2012, 2013, and 2014, with 50 permits and a bag limit of 1 turkey (either sex), because of increased turkey numbers in this area.
- Spring 2012 turkey season dates for hunter education instructor incentive permits (April 15 - May 31, 2012) were inadvertently deleted from the CR102 and were added back into the draft rule.
- A senior hunt for pheasants in eastern Washington was added and runs concurrent with the western Washington season. This proposal was inadvertently left out of the initial proposal.
- Proposed eastern Washington pheasant season closing dates have been changed from Jan. 14, 2013, Jan. 13, 2014, and Jan. 12, 2015 to Jan. 13, 2013, Jan. 12, 2014, and Jan. 11, 2015 to end the seasons on Sundays.
- The emergency authority of the director is provided in statute and does not need to be repeated in WAC. Therefore, we are deleting this language from the WAC, but will include it in the pamphlet.

WAC 232-28-357 2012-2014 Deer general seasons and definitions.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Move 157 (Mill Creek Watershed) from the section listing GMUs closed to deer hunting to the section listing the GMUs open only to permit hunting. Special permit hunts are now offered for deer in GMU 157 so the definition change is required.
- Under modern firearm, both early and late seasons, western Washington black-tailed deer:

ATTACHMENT B – Statement of Changes

- Move GMU 454 from “any deer” to “any buck.” This change corrects an oversight/error.
- Under modern firearm, late general season, eastern Washington white-tailed deer:
 - Move the hunts specific to Deer Area 1050 and Deer Areas 1060, 1070 and 1080 to the Hunters 65 and over, Disabled or Youth section. These hunts were intended, under the original recommendation from the Region, to give more opportunity to youth hunters, senior hunters, and hunters with disabilities. This change corrects a typographical error.
- Under Hunters 65 and over, Disabled, or Youth general seasons:
 - For GMUs 101, 105, 108, 111, 113, 117, and 121, restore the 4 day season. For 2012 change the season dates from Oct. 19-21 to Oct. 18-21; for 2013 change the season dates from Oct. 18-20 to Oct. 17-20; and for 2014 change the season dates from Oct. 17-19 to Oct. 16-19. The original recommendation was to reduce these hunts by 1 day, but after further deliberation and public comment, that recommendation was removed.
- Under early archery general, eastern Washington mule deer:
 - Shift GMUs 162, 163, and 178 from the longer to the shorter early archery timeframe. This shift eliminates an overlap between the modern firearm special permit season and the archery general season.
 - Shift GMU 172 from the shorter to the longer early archery timeframe. There is no overlap with modern firearm seasons in GMU 172, and therefore, this GMU doesn’t need to be included in the shorter timeframe.
 - Delete Deer Area 1010 from early archery, eastern Washington mule deer, 3 pt. min. or antlerless. Deer Area 1010 is in GMU 162 and the season does not need to be inconsistent with GMU 162 at this time.
- Under early archery general, eastern Washington white-tailed deer:
 - Shift GMUs 162, 163, and 178 from the longer to the shorter early archery timeframe. This shift eliminates an overlap between the modern firearm special permit season and the archery general season.
 - Delete Deer Area 1010 from early archery, eastern Washington white-tailed deer, 3 pt. min. or antlerless. Deer Area 1010 is in GMU 162 and the season does not need to be inconsistent with GMU 162 at this time.
 - Shift GMU 172 from the shorter to the longer early archery time frame. There is no overlap with modern firearm seasons in GMU 172, and therefore, this GMU doesn’t need to be included in the shorter timeframe.
- Under late archery, eastern Washington white-tailed deer:
 - For GMUs 105 and 108, restore the any white-tailed deer season that runs from Nov. 25-Dec. 15. The original recommendation was to reduce the antlerless opportunity to 6 days, but upon further deliberation and public input from a variety of sources, that recommendation was removed.
- Under early muzzleloader, eastern Washington mule deer:
 - Shift GMU 379 from 3 pt. min. or antlerless to 3 pt. min. Antlerless opportunity was offered in this GMU to mitigate damage complaints. Damage complaints are down and the antlerless harvest is no longer necessary.

ATTACHMENT B – Statement of Changes

WAC 232-28-358 2012-2014 Elk general seasons and definitions.

Changes, if any, from the text of the proposed rule and reasons for difference:

- Under modern firearm, archery and muzzleloader modify the footnote that pertains to Elk Area 3911 to read as follows:

**** Master Hunters who hunt in Elk Area 3911 may purchase a master hunter, Elk Area 3911, second elk transport tag. Only one (1) antlerless elk may be taken from Elk Area 3911 unless drawn for an antlerless elk special permit. Any legal weapon may be used. Master hunter, Elk Area 3911 second elk transport tags will be valid only for Elk Area 3911 from August 1- October 26, 2012, August 1-October 25, 2013, and August 1- October 24,2014. All hunters participating in the Elk Area 3911 hunt must wear hunter orange.**
- This change more specifically spells out the recommended rules and restrictions that will apply to Master Hunters participating in this hunt.
- Under modern firearm, eastern Washington:
 - Restore the Dec. 9-31, Master Hunter only hunt in GMUs 127 and 130, but for antlerless elk only. The original recommendation was to eliminate this hunt entirely, but after receiving input from the Master Hunters the recommendation was changed. The antlerless only hunts recommended are more in keeping with the intent of the Master Hunter program and dealing with damage issues.
- Under late archery general seasons:
 - For GMUs 101, 105, 108, 117, 121, 204, 124, 127, 373, and 388, change the date to a standardized start date of Nov. 25. This provides a predictable start and end date for this season. The change also eliminates an overlap between archery and modern firearm special permit hunts.
 - For Master Hunters only, Elk Area 3911, antlerless only, change the dates to Nov. 10-Dec. 16 for 2012; Nov. 9-Dec. 15 for 2013; and Nov. 8-Dec. 14 for 2014. This change corrects a typographical error and makes the season consistent with the modern firearm and muzzleloader seasons, as well as continuing the approach used last year.
- Under late muzzleloader general seasons:
 - Shift GMU 204 out of the “any elk” season and move it to the “any bull” season. This change corrects a typographical error and is consistent with the changes made in GMU 204 for modern firearm and archery.
 - For Master Hunters only, Elk Area 3911, antlerless only, change the dates to Nov. 10-Dec. 16 for 2012; Nov. 9-Dec. 15 for 2013; and Nov. 8-Dec. 14 for 2014. This change corrects a typographical error and makes the season consistent with the modern firearm and archery seasons, as well as continuing the approach used last year.

WAC 232-28-359 2012 Deer special permits.

Changes, if any, from the text of the proposed rule and reasons for difference:

- The following Quality mule deer hunt dates have been changed from Nov. 20-24 to Nov. 10-20: Kelly Hill, Douglas, Aladdin, Selkirk, 49 Degrees North, and Huckleberry. The former date was too late for mule deer. Last year hunters were snowed out and mule deer were not accessible for a quality hunt.

Any such area will remain a baited area for ten days following the complete removal of all such salt, grain, or other feed.

"Baiting" ~~((or "baited area"))~~ means the direct or indirect placing, exposing, depositing, distributing or scattering of ~~((corn, wheat or other))~~ salt, grain, or other feed ~~((so as to constitute for such birds))~~ that could serve as a lure or attraction for game birds to, on or over areas where hunters are attempting to take them. ~~((Any such area will remain a baited area for ten days following the complete removal of all such grain or other feed.))~~

"Manipulation" means the alteration of natural vegetation or agricultural crops by activities that include, but are not limited to, mowing, shredding, discing, rolling, chopping, trampling, flattening, burning, or herbicide treatments. "Natural vegetation" means any nonagricultural, native, or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years after the year of planting is considered natural vegetation.

(4) Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

Nothing in this section shall prohibit hunting of any game bird, except waterfowl and coots, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

NEW SECTION

WAC 232-28-358 2012-2014 Elk general seasons and definitions.

It is unlawful to fail to comply with bag, possession, and season limits except as described below. Violations of this section are punishable under RCW 77.15.410.

Bag Limit: One (1) elk per hunter during the license year, except where otherwise permitted by fish and wildlife commission rule. Any combination of seasons, tags, and permits set by the fish and wildlife commission will not exceed a maximum of two (2) elk per hunter during the license year.

Hunting Method: Elk hunters must select only one of the hunting methods (modern firearm, archery, or muzzleloader).

Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of elk with visible antlers (bull calves are illegal).

Antler Point: To qualify as an antler point, the point must be at least one inch long measured on the longest side.

Branch: A branch is defined as any projection off the main antler beam that is at least one inch long, measured on the longest side, and longer than it is wide.

Spike Bull Antler Restrictions: Bull elk taken in spike only GMUs must have at least one antler with no branches originating more than four inches above where the antler attaches to the skull.

Spike Only GMUs: 145-154, 162-186, 249, and 336-368.

True Spike--Bull Antler Restrictions: Bull elk taken in these units must have both antlers with no branching originating more than four inches above where the antlers attach to the skull. Under the true spike restriction, the taking of an elk that has two points on one side or has antler points within one inch of the definitions regarding length of point, or point of origination, is an infraction under RCW 7.84.030. All other types of violations of the true spike restriction are subject to current penalties and assessments under RCW 77.15.410 and 77.15.420.

True Spike GMUs: 251, 328-335.

3 Point Antler Restrictions: Legal bull elk must have at least 3 antler points on one side with at least 2 antler points above the ear. Eye guards are antler points when they are at least one inch long. Antler restrictions apply to all hunters during any open season.

AMENDATORY SECTION (Amending WSR 11-19-074, filed 9/16/11, effective 10/17/11)

WAC 232-12-243 Public safety cougar ((management)) removals.

(1) Definitions:

As used in this section and in the context of public safety cougar ((management)) removals, the following definitions apply:

(a) "Confirmed" means qualified department staff is led to believe a cougar(s) was at the scene of the incident by interview of the complainant or observation of evidence at the scene.

(b) "Human-cougar safety incident" means aggressive or unusual behavior by a cougar which presents an actual or perceived threat to an individual.

(c) "Livestock or pet depredation" means incidents where livestock and/or pets are killed and/or injured by cougar.

(d) "Nuisance activity" means incidents associated with property disturbance, property damage, or livestock/pet harassment.

(e) "Public safety need" means there exists a reasonable threat to human safety or property by one or more cougar, as indicated by the level of confirmed human-cougar safety incidents or livestock/pet depredations (~~(, and confirmed cougar sightings or nuisance activities)~~).

(f) "Removal" means the act of killing one or more cougar with the aid of dogs.

(g) "Sighting" means a confirmed direct observation of one or more cougar, in urban or rural settings, near individuals or residences; typically more than chance observations.

(h) "Human-cougar interaction" means a confirmed human-cougar safety incident, or confirmed livestock or pet depredation (~~(, confirmed cougar nuisance activity, or confirmed cougar sighting event)~~).

(i) "Dog hunter" means a person that owns and hunts with dogs that are capable of detecting, tracking and treeing a cougar.

(2) Public safety cougar ((management)) removal authorization: The commission authorizes the director to issue public safety cougar ((management)) removal permits consistent with this rule. Prior to issuing public safety cougar ((management)) removal permits, the department shall use other practical alternatives to address a public safety need, including livestock or pet depredations. Other practical alternatives may include, but are not limited to, general cougar hunting seasons, general public information, educational programs, information to recreational hunters, cougar depredation/kill permits, and department capture and relocation/euthanasia of specific cougars.

(3) Public safety cougar ((management)) removal criteria:

(a) The commission determines that when the above practical alternatives have been utilized within a game management unit, an annual or seasonal increase in confirmed human-cougar interactions

above the 2005-2010 level, therein demonstrates that the practical alternatives have been inadequate to address the public safety need. The director then is authorized by the commission to remove one or more cougar, with the aid of dogs, in a selected area of that game management unit or nearby geographic area suitable for the use of dogs. The commission authorizes the director to remove one cougar per three hundred square kilometers of complaint area.

(b) If warranted by conditions of this rule, a public safety cougar (~~((management))~~) removal(s) will be conducted annually between December 1st and March 31st in selected areas of game management units designated by the director to address a public safety need presented by one or more cougar.

(c) The department shall not target more than one hundred nine cougar during a public safety cougar (~~((management))~~) removal period unless otherwise authorized by the commission.

(4) Public safety cougar (~~((management))~~) removal permit issuance procedure.

(a) To participate in a public safety cougar (~~((management))~~) removal, individuals must request that his/her name be placed on a list of available participants (participant list) by mailing their request to Washington Department of Fish and Wildlife, Enforcement Program - Public Safety Cougar (~~((Management))~~) Removal, 600 Capitol Way North, Olympia, WA 98501-1091. The request must include the individual's name, address, phone number, and game management units being applied for. Individuals may apply for no more than four game management units. An individual's request to be placed on a participant list for a removal period must be postmarked no later than October 15, or be received at the department's Olympia office no later than 5:00 p.m. on October 15, during the year the removal period begins.

(b) To be eligible for a public safety cougar (~~((management))~~) removal permit (permit), the participant must be a Washington resident dog hunter who, at the time of application for a permit, possesses a valid big game license with cougar as a species option. The permit holder must use dogs while participating in a cougar management removal.

(c) Individuals eligible for participation in a public safety cougar (~~((management))~~) removal will be randomly selected from the participant list. The department will issue a permit to the person whose name is selected from the participant list. Individuals selected will be notified by telephone or mail. Individuals selected must contact the department's enforcement program in Olympia and accept the public safety cougar (~~((management))~~) removal permit within fifteen days of being notified. Failure to contact the department will result in forfeit of the permit and the individual will be placed on the participant list for later selections. Permits may not be sold or reassigned.

(d) Permit holders and all individuals who will accompany the permit holder must complete the department's public safety cougar (~~((management))~~) removal education course prior to participating in a public safety cougar (~~((management))~~) removal.

(5) Public safety cougar (~~((management))~~) removals: Quota system and participation in public safety cougar removal.

(a) This is a (~~management~~) public safety cougar removal administrated by a WDFW designated coordinator. Permit holders will be contacted on an as-needed basis to conduct removals in portions of GMUs. Not all permit hunters will be contacted in a given year.

(b) Public safety cougar removals will be based on a quota system, where permit holders may hunt cougar until the allotted numbers of cougar have been killed from each game management unit or March 31, whichever is first.

(c) To verify if the public safety cougar removal season is open or closed in each game management unit, the permit holders shall notify the department's enforcement program in Olympia within twenty-four hours prior to exercising a public safety cougar (~~management~~) removal permit.

(d) No more than four total individuals may participate per public safety cougar (~~management~~) removal, including the permit holder(s). Only the permit holder, whose name appears on the permit, may take a cougar.

(e) Hunters killing a cougar during a public safety cougar (~~management~~) removal must notify the department's enforcement program in Olympia within twenty-four hours after harvesting the cougar.

(f) The department reserves the right to accompany permit holders while participating in a public safety cougar (~~management~~) removal.

(6) Public safety cougar (~~management~~) removal general requirements.

(a) A valid big game hunting license which includes cougar as a species option is required to hunt cougar.

(b) It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens. Individuals selected for a public safety cougar (~~management~~) removal permit may take one cougar per permit.

(c) Hunters may use any lawful big game modern firearm, archery, or muzzleloader equipment for hunting cougar. The use of dogs to hunt cougar is prohibited except during a public safety cougar (~~management~~) removal.

(d) Any person who takes a cougar must notify the department within twenty-four hours of kill (excluding legal state holidays) and provide the hunter's name, date and location of kill, and sex of animal. The raw pelt of a cougar must be sealed by an authorized department employee within seventy-two hours of the notification of kill. Any person who takes a cougar must present the cougar skull, in such a manner that teeth and biological samples can be extracted, to an authorized department employee at the time of sealing.

(e) The public safety cougar (~~management~~) removal permit (permit) belongs to the state of Washington. The permit holder may be required to return to or turn over to the department the permit when, in the judgment of the department, the permit holder violates any conditions of the permit, violates trespass laws while acting under this permit, or violates any other criminal law or hunting regulation of the state while acting under this permit. If the

permit holder is required to return to or turn over to the department the permit, the permit holder may request an appeal of that action in accordance with chapter 34.05 RCW. Appeal request shall be filed in writing and returned within twenty days of the date of action and be addressed to WDFW Legal Services Office, 600 Capitol Way North, Olympia, Washington 98501-1091.
