AMENDATORY SECTION (Amending WSR 10-13-182, filed 6/23/10, effective 7/24/10)

WAC 232-36-040 Wildlife/human interaction and conflict resolution for private property damage. The department is the primary source for property owners seeking to determine legal and effective remedies for addressing wildlife interactions. Protection of property using nonlethal techniques is the primary response encouraged by the department. Harassment and/or lethal removal may also be important techniques to protect human safety or to protect property. The following criteria describe the compensation available to protect property (~~that does not qualify under commercial crop or livestock damage~~):

(1) (~~Unless specifically appropriated by the legislature,~~) Cash compensation will (~~not~~) only be provided to property owners by the department if the funds are appropriated by the legislature or provided through local or federal grants or contracts.

(2) Compensation will be prioritized in the following order:

(a) As conditioned by the legislature or granting entity.

(b) Property prioritization:

(i) Private property that is primarily designed for public use, where there is a human safety risk not addressed by other entities.

(ii) Private property that directly contributes to commercial crop or to livestock production.

(iii) Private property used for other business purposes.

(iv) Public property.

(v) Residential property.

(vi) Recreational property.

~~((b))~~ (c) Species prioritization:

(i) Damages caused by wildlife listed as endangered, threatened, sensitive, or categories of concern by the state or federal government.

(ii) Damages caused by big game animals.

(iii) Other federal and state protected species.

(iv) Other wildlife species except unclassified species and predatory birds.

(3) The department may make agreements with private landowners to prevent property damage. These agreements may include the use of:

- (a) Best management practices to reduce risk of private property damage;
- (b) Scaring or hazing materials;
- (c) Fencing materials;
- (d) Volunteers referred by the department for hazing, fence repair, etc; and
- (e) Lethal removal options.

(4) Private property owners must utilize nonlethal abatement techniques prior to requesting other compensation from the department or before utilizing lethal techniques ((as outlined in WAC 232-36-050)).

(a) Use of nonlethal techniques must be documented and consistent with procedures and requirements established by the department.

(b) Evidence of damage (e.g., photographs) must be provided by the property owner.

(c) Property owner must comply with reporting requirements of the department.

(5) Wildlife may not be captured and transported or relocated off the owner's property (parcel where damage occurred) unless:

(a) Authorized by rule of the commission; or

(b) By written permit from the department; and

(c) Owner is in compliance with department rules, permits, and reporting requirements.

The agreements may include special hunting season permits such as: Landowner damage prevention permits, spring black bear hunting permits, permits issued through the landowner hunting permit program, kill permits, and Master Hunter permits.

The commission is authorized, pursuant to RCW 77.36.030, to establish the limitations and conditions on killing or trapping wildlife that is causing damage on private property. The department may authorize, pursuant to RCW 77.12.240 the killing of wildlife destroying or injuring property. Killing wildlife to address private property damage is subject to all other state and federal laws including, but not limited to, Titles 77 RCW and 232 WAC.

(1) An owner of domestic animals, the owner's immediate family member, the agent of an owner, or the owner's documented employee may kill one gray wolf (*Canis lupus*) without a permit issued by the director, regardless of its state classification, if the wolf is attacking their domestic animals.

(d) The owner of the domestic animal must grant or assist the department in gaining access to the property where the wolf was killed for the purposes of data collection or incident investigation.

(2) If the department finds that a private citizen killed a gray wolf that was not attacking a domestic animal, or that the killing was

not consistent with this rule, then that person may be prosecuted for unlawful taking of endangered wildlife under RCW 77.15.120.

(3) In addition to the provisions of subsection (1) of this section, the director may authorize additional removals by permit under the authority of RCW 77.12.240.

(2) Once a person is granted WCO certification, he or she must apply for a permit pursuant to WAC 232-36-065 in order to harass, kill, trap, release, or dispatch animals causing damage to private property.

AMENDATORY SECTION (Amending WSR 10-13-182, filed 6/23/10, effective 7/24/10)

WAC 232-36-110 Application for cash compensation for commercial crop damage—Procedure. Pursuant to this section, the department may distribute money appropriated by the legislature to pay commercial crop damage caused by wild deer or elk in the amount of up to ten thousand dollars per claim, unless following an appeal the department is ordered to pay more (see RCW 77.36.130(2)). The department shall develop claim procedures and application forms consistent with this section for cash compensation of commercial crop damage. Partnerships with other public and private organizations to assist with completion of applications, assessment of damage, and to provide funding for compensation are encouraged.

Filing a claim:

(1) Owners who have worked with the department to prevent deer or elk damage, yet who still experience loss and meet eligibility requirements, may file a claim for cash compensation.

(2) The claimant must notify the department within seventy-two hours of discovery of crop damage and at least seventy-two hours prior to harvest of the claimed crop.

(3) A complete, written claim must be submitted to the department within sixty days of when the damage stops.

(4) Owners may only file one claim per year. Multiple partners in a farming operation are considered one owner. Operations involving multiple partners must designate a "primary grower" to receive payment from the department.

(5) The claim form declaration must be signed, affirming that the information provided is factual and truthful per the certification set out in RCW 9A.72.085, before the department will process the claim.

(6) In addition to a completed claim form, an applicant must provide:

(a) A copy of applicant's Schedule F of Form 1040, Form 1120, or other applicable forms filed with the Internal Revenue Service or other documentation indicating the applicant's gross sales or harvested value of commercial crops for the previous tax year.

(b) The assessment method used consistent with WAC 232-36-120, valuation of property damage.

(c) Applicant must provide proof of ownership of claimed commercial crops or contractual lease of claimed commercial crops consistent with department procedural requirements for submission of documents.

(d) Written documentation of approved methodology used to assess and determine final crop loss and value.

(e) Applicant must provide records documenting average yield on claimed crop and parcel, certified yield reports, production reports and weight certificates completed at the time weighed for claimed year, and other applicable documents that support yield loss and current market price. Current market price will be determined less transportation and cleaning costs when applicable.

(f) Declaration signed under penalty of perjury as provided in RCW 9A.72.085, indicating that the applicant is eligible for the claim, meets eligibility requirements listed under this section, and that all claim evaluation and assessment information in the claim application is to the best knowledge of the claimant true and accurate.

(g) Copy of the insurance policy and payment on the commercial crop where loss is claimed.

(h) Copy of application for other sources of loss compensation and any payment or denial documentation.

Damage claim assessment:

(7) Damage claim assessment of amount and value of commercial crop loss is the primary responsibility of the claimant. A crop damage evaluation and assessment must be conducted by a licensed crop insurance adjustor:

(a) The owner must submit a damage claim assessment prepared by a crop insurance adjustor licensed by the state of Washington and certified by the federal crop insurance service.

(b) The department will provide the claimant with a list of approved adjustors and written authorization to proceed with an assessment. The owner must select an adjustor from the approved list and arrange for the completion of a crop damage assessment. Adjustor fees will be the (~~shared~~) responsibility of the (~~owner and the~~) department.

(c) The department or the owner may accept the damage claim assessment provided by the licensed adjuster or may hire a state licensed adjuster of their choosing and conduct a separate assessment or evaluation of the crop loss amount and value. The party hiring an adjuster to conduct a separate assessment or evaluation is responsible for payment of all fees.

(8) Disagreement between the claimant and the department over the crop loss value may be settled through an adjudicative proceeding.

Settlement of claims:

(9) (~~Subject to money appropriated to pay commercial crop damage, undisputed claims will be paid, less one half of the crop adjuster's fee or a maximum of six hundred dollars for the owner's share of the crop adjuster's fee.~~) The crop adjuster's fee is not subject to the ten thousand dollar payment limit per owner.

(10) Compensation paid by the department, in addition to any other compensation received by the claimant, may not exceed the total value of the assessed crop loss.

(11) The owner will be notified by the department upon completion of the evaluation and has sixty days to accept or appeal the department's offer for settlement of the claim, or the claim is considered satisfied and not subject to appeal.

(12) The department shall prioritize payment for commercial crop damage in the order the claims were received or upon final adjudication of an appeal. If the department is unable to make a payment for commercial crop damage during the (~~first~~) current fiscal year (~~of a biennium~~), the claim shall be held over until the following fiscal year when funds become available. Claims that are carried over will take first priority and receive payment before any new claims are paid. (~~Claims will not be carried from one biennium to the next.~~)

AMENDATORY SECTION (Amending WSR 13-05-003, filed 2/6/13, effective 3/9/13)

WAC 232-36-200 Payment for (~~commercial~~) livestock damage and other domestic animals-Limitations. Owners who have worked with the department to prevent depredation but continue to experience losses, or who experience unforeseen losses, may be eligible to file a damage claim and receive cash compensation. Cash compensation will only be provided to livestock owners by the department when specifically appropriated by the legislature or other funding entity. Damages payable under this section are limited to the lost or diminished value of (~~commercial~~) livestock caused by wild bears, cougars, or wolves and shall be paid only to the owner of the livestock, without assignment. Cash compensation for livestock losses from bears, cougars, and wolves shall not include damage to other real or personal property, including other vegetation or animals, consequential damages, or any other damages (~~including~~) except veterinarian services may be eligible. However, livestock owners under written agreement with the department will be compensated consistent with their agreement which may extend beyond the limitations in this section. The department is authorized to pay (~~up to two hundred dollars per sheep and one thousand five hundred dollars per head of cattle or per horse~~) the market value for the livestock or guard dog lost, the market value of reduced weight

gains for livestock, and no more than ten thousand dollars to the ~~((commercial))~~ livestock owner per claim.

Claims for cash compensation will be denied when:

(1) Funds for livestock compensation have not been specifically appropriated by the legislature or other funding entity;

(2) The claim is for livestock other than sheep, cattle, or horses, when only state funds are available; or any domestic animals not allowed by the funding entity;

~~(3) ((The owner of the commercial livestock does not meet the definition of "eligible farmer" in RCW 82.08.855 (4)(b)(i) through (iv));~~

~~(4) The loss estimate is less than five hundred dollars;~~

~~(5))~~ The owner fails to provide the department with an approved checklist of the preventative and nonlethal means that have been employed, or the owner failed to comply with the terms and conditions of his or her agreement(s) with the department;

~~((6))~~ (4) The owner has accepted noncash compensation to offset livestock losses in lieu of cash. Acceptance of noncash compensation will constitute full and final payment for livestock losses within a fiscal year;

~~((7))~~ (5) Damages to the ~~((commercial))~~ livestock or other domestic animals claimed are covered by insurance or are eligible for payment from other entities. However, any portion of the damage not covered by others is eligible for filing a claim with the department;

~~((8))~~ (6) The owner fails to provide on-site access to the department or designee for inspection and investigation of alleged attack or to verify eligibility for claim;

~~((9))~~ (7) The owner has not provided a completed written claim form and all other required information, or met required timelines prescribed within this chapter;

~~((10))~~ (8) No claim will be processed if the owner fails to sign a statement affirming that the facts and supporting documents are truthful to the best of the owner's knowledge; or

~~((11))~~ (9) The owner or designee has salvaged or rendered the carcass or allowed it to be scavenged without an investigation completed under the direction of the department(~~;- or~~

~~(12) The department has expended all funds appropriated for payment of such claims for the current fiscal year)).~~

AMENDATORY SECTION (Amending WSR 10-13-182, filed 6/23/10, effective 7/24/10)

WAC 232-36-210 Application for cash compensation for ~~((commercial))~~ livestock damage or other domestic animal-Procedure. Pursuant to this section, the department may distribute money specifically appropriated by the legislature or other funding entity to pay ~~((commercial))~~ livestock or guard dog losses caused by wild bear, cougar, or wolves in the amount of up to ten thousand dollars per claim unless, following an appeal, the department is ordered to pay more (see RCW 77.36.130(2)). The department will develop claim procedures and application forms consistent with this section for cash compensation of ~~((commercial))~~ livestock or guard dog losses. Partnerships with other public and private organizations to assist with completion of applica-

tions, assessment of losses, and to provide funding for compensation are encouraged.

Filing a claim:

(1) Owners who have worked with the department to prevent livestock depredation, yet who still experience loss or losses that occur under emergent situations, may file a claim for cash compensation if they meet eligibility requirements.

(2) Claimant must notify the department within twenty-four hours of discovery of livestock or other domestic animal attack or as soon as feasible.

(3) Damage claim assessment of amount and value of (~~commercial livestock~~) domestic animal loss is the primary responsibility of the claimant.

(4) (~~Assessment~~) Investigation of the loss and review and approval of the assessment will be conducted by the department:

(a) The owner must provide access to department staff or designees to investigate the cause of death or injury to (~~livestock~~) domestic animals and use reasonable measures to protect evidence at the depredation site.

(b) Federal officials may be responsible for the investigation when it is suspected that the attack was by a federally listed species.

(5) Claimant must request a damage claim application within ten days of a loss.

(6) A complete, written claim must be submitted to the department within sixty days of an attack on (~~commercial livestock~~) domestic animals.

(7) The claim form declaration must be signed, affirming that the information provided is factual and truthful, before the department will process a claim.

(8) In addition to a completed claim form, an applicant must provide:

(a) (~~A copy of applicant's Schedule F of Form 1040, Form 1120, or other applicable forms filed with the Internal Revenue Service indicating the applicant's gross sales or value of commercial livestock for the previous tax year.~~

~~(b))~~ Claimant must provide proof of legal ownership or contractual lease of claimed livestock.

~~((e))~~ (b) Claimant must provide records documenting (~~livestock~~) the value of the domestic animal based on current market price.

~~((d))~~ (c) Declaration signed under penalty of perjury indicating that the applicant is eligible for the claim, meets eligibility requirements listed under this (~~section~~) chapter, and all claim evaluation and assessment information in the claim application is to the best knowledge of the claimant true and accurate.

~~((e))~~ (d) Copy of any insurance policy covering (~~livestock~~) loss claimed.

~~((f))~~ (e) Copy of application for other sources of loss compensation and any payment or denial documentation.

Settlement of claims:

(9) Subject to money appropriated to pay for (~~commercial livestock~~) domestic animal losses, undisputed claims will be paid up to ten thousand dollars.

(10) Valuation of the lost livestock will be determined by the market at the time the animals would normally be sold. Livestock will be valued based on the average weight of herd mates at the time of

sale multiplied by the cash market price received; depredated cows or ewes will be replaced based on the value of a bred animal of the same age and type as the one lost, and bulls will be replaced using actual purchase price prorated based on a four-year depreciation cycle minus salvage value. The department may utilize the services of a certified livestock appraiser to assist in the evaluation of livestock claims.

(11) Claims for higher than normal livestock losses, reduced weight gains, or reduced pregnancy rates must include:

(a) At least three years of records prior to the year of the claim;

(b) The losses must occur on large open pastures where regular monitoring of livestock is impractical (and therefore discovery of carcasses infeasible) as determined by the department;

(c) Verification by the department that wolves are occupying the area;

(d) The losses cannot be reasonably explained by other causes;

(e) Claims will be assessed for losses in excess of the previous three year running average; and

(f) Owners must be in compliance with the department's preventative measures checklist and/or damage prevention agreement.

(12) Compensation paid by the department, in addition to any other compensation, may not exceed the total value of the assessed ((livestock)) loss.

~~((11))~~ (13) Upon completion of the evaluation, the department will notify the owner of its decision to either deny the claim or make a settlement offer (order). The owner has sixty days from the date received to accept the department's offer for settlement of the claim or to submit an appeal of the order. The response must be in writing and the signed document may be mailed or submitted by fax or e-mail.
