The goose season for Goose Management Areas 2A and 2B will be closed early if dusky Canada goose harvests exceed area quotas which collectively total (~~40~~) 80 geese. Hunters who fail a test must wait 28 days before retesting, and will not be issued a reciprocal authorization until that time.

Immediately after taking any goose into possession, hunters must record in ink the information required on the harvest record card. Hunters must go directly to the nearest check station and have geese tag-

ged when leaving a hunt site, before 6:00 p.m. All geese shall be presented intact and fully feathered at the check station. If a hunter takes the season bag limit of 1 dusky Canada goose or does not comply with requirements listed above regarding checking of birds and recording harvest on the harvest record card, authorization will be invalidated and the hunter will not be able to hunt geese in Goose Management Areas 2A and 2B for the remainder of the season and the special late goose season. It is unlawful to fail to comply with all provisions listed above for Goose Management Areas 2A and 2B.

Participation in this hunt will depend on the level of damage experienced by landowners. The special late goose season will be closed by emergency action if the harvest of dusky Canada geese exceeds (~~(45)~~) 85 for the regular and late seasons.
