### **Sportfishing Regulations 2015-16**

#### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The department makes similar adjustments to recreational rules annually to maximize conservation and recreational-fishing opportunity. This proposal makes changes to Columbia Basin recreational fishing regulations and implements “Stream Strategy” for all water bodies in the Eastside and Southwest geographical areas. Stream Strategy means the river is closed unless specifically listed as open to fishing by rule. The department also proposes reorganizing the sturgeon provisions so that they primarily reside in WAC 220-56-282 and making technical changes to clarify, correct, and update language.

#### **Reasons supporting proposal:**

Adopting Stream Strategy for Eastside and Southwest Washington water bodies promotes consistency in the WDFW administrative code as it is already in place for Puget Sound and Coastal recreational fishing rules. Making recreational fishing regulations consistent across the state will promote better understanding of rules by fishers. Additionally, the changes in this proposal are needed to make necessary adjustments to recreational fishing rules based on department data, public feedback, and changes in fish and shellfish populations. The department also proposes amendments for conservation purposes and to provide greater fishing opportunity. Technical changes are needed to ensure clarity and uniformity in the code and in response to the recent reorganization of freshwater recreational fishing rules.

(a) A fixed spool reel.

(b) Fishing line other than conventional fly line or conventional "Tenkara" fly line, except that other line may be used for backing and leader if it is attached to not less than 25 feet of conventional fly line.

(c) Hooks that exceed 1/2 inch when measured from point to shank.

(d) Not more than two flies each with a barbless single hook.

(e) Bait.

(f) Weight attached to the leader or line.

(2) Only knotless nets may be used to land fish in waters restricted to "fly fishing only."

(3) Violation of this subsection is an infraction, punishable under RCW 77.15.160.

It is unlawful to possess fish taken with gear in violation of the provisions of this section. Possession of fish while using gear in violation of the provisions of this section is a rebuttable presumption that the fish were taken with such gear. Possession of such fish is punishable under RCW 77.15.380 Unlawful recreational fishing in the second degree—Penalty, unless the fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370 Unlawful recreational fishing in the first degree—Penalty.

(a) A fisher with a disability must apply for a fly fishing special use permit by presenting a letter from a physician stating that the fisher's disability is permanent and that, because of the inability to use one or both upper extremities, the fisher is physically incapable of using conventional fly fishing gear.

(b) The fisher will be issued a fly fishing special use permit in the form of a wearable tag. The fisher must have the special use permit in his or her possession at all times while using spin casting gear in fly fishing only waters, and may display the permit on outer clothing.

(c) It is lawful for persons in possession of a fly fishing special use permit to use the following gear:

(i) Fishers may use spin casting gear with a casting bubble.

(ii) Monofilament line is permitted with no limit on the breaking strength of the line.

(iii) Hook size and barb restrictions, fishing fly requirements, and bait and weight prohibitions as provided for in this section apply to both conventional fly fishing and spin-bubble fly fishing.
