WAC 232-12-078 Baiting for the purposes of hunting deer or elk

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this proposal is to further the public discussion regarding hunting deer and elk using bait. If adopted the rule would make it unlawful to use bait to hunt deer or elk for all hunters.

Reasons supporting proposal:

In the last two years the Department has been approached by hunters and landowners that do not approve of the practice of baiting for the purposes of hunting deer or elk. Additional input was received as part of the 3-year hunting season package, public process.

The non-random input the Department received via the website indicated that 23% of hunters wanted a ban on baiting with an exception for food plots and agricultural operations. Fourteen percent (14%) of hunters wanted to disallow the use of bait by hunting guides and restrict the manner and volume of baiting by hunters not using guides. A 63% majority of the hunters commenting wanted no change to the rules pertaining to baiting deer and elk.

In a random telephone survey of deer hunters, 59% either opposed or strongly opposed baiting for deer. Deer hunters that strongly supported or supported baiting for deer made up 21% of the respondents. Eleven percent (11%) of those surveyed were neutral and 9% didn't know.

In the same random telephone survey, 68% of elk hunters either opposed or strongly opposed baiting for elk. Elk hunters that supported or strongly supported using bait to hunt elk were 14%. Eleven percent (11%) of those surveyed were neutral and 8% didn't know.

Although some potential exists, the Department has no data at this time to suggest that the practice of baiting for deer and elk hunting has a negative population or natural resource effect. Therefore it is a social issue that the Fish and Wildlife Commission will address.

232-12-079 Bait volume limits for the purposes of hunting deer or elk

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this proposal is to further the public discussion regarding hunting deer and elk using bait. If adopted the rule would make it unlawful to use bait to hunt deer or elk if the bait volume exceeded 10 gallons (1.34 cubic feet).

Reasons supporting proposal:

In the last two years the Department has been approached by hunters and landowners that do not approve of the practice of baiting for the purposes of hunting deer or elk. Additional input was received as part of the 3-year hunting season package, public process.

232-12-088 Baiting for the purposes of hunting deer or elk with exceptions.

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this proposal is to further the public discussion regarding hunting deer and elk using bait. If adopted the rule would make it unlawful to use bait to hunt deer or elk with some exceptions for youth hunters, elderly hunters, and hunters with disabilities while still imposing a volume restriction.

Reasons supporting proposal:

In the last two years the Department has been approached by hunters and landowners that do not approve of the practice of baiting for the purposes of hunting deer or elk. Additional input was received as part of the 3-year hunting season package, public process.

The non-random input the Department received via the website indicated that 23% of hunters wanted a ban on baiting with an exception for food plots and agricultural operations. 232-28-248 Special closures and firearm restriction areas

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of the proposal is to change the Special Closures and Firearm Restriction Areas; adjust the boundaries and dates of Firearm Restriction Areas to better address safety issues while still accommodating hunting as a management tool. The proposal also recommends adding semi-auto handguns of .40 caliber or larger for the modern firearm season.

The proposed changes to the Deer Area Descriptions will accommodate additional land acquired and added to the 4-O Wildlife Area since last year. The effect will be to better discern hunting boundaries.

The proposed changes to the Elk Area Descriptions will accommodate additional land acquired and added to the 4-O Wildlife Area since last year. The proposal also recommends an adjustment to Elk Area 3911 which will remove a portion of public land. This change will allow better distribution of elk away from private agricultural lands. A boundary change is proposed for an Elk Area in Klickitat County to better address wildlife conflict and a new Elk Area is proposed in GMU 522 to create a new Quality elk opportunity. In addition, boundary changes to an existing Elk Area and the creation of a new Elk Area are proposed to better address agricultural damage caused by elk in Pierce County.

Reasons supporting proposal:

Special closures and firearm restriction areas allow the Fish and Wildlife Commission to restrict or close hunting activity in certain areas to optimize safety, discourage trespass on restricted lands, and protect sensitive species.

Deer Areas and Elk Areas allow the Fish and Wildlife Commission to adopt hunting seasons that can be conducted at a smaller scale than the Game Management Unit. Setting seasons at this scale allows for more strategic wildlife management using hunting as a tool to control populations and mitigate wildlife conflict.

232-28-357 2015-2017 Deer general seasons and definitions

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The purpose of this proposal is to retain general season deer hunting opportunity for the years 2015-2017. The purpose of this proposal is also to retain special permit deer hunting opportunity for 2015. In addition, the purpose of the proposal is to balance the hunting opportunity between user groups. Bag Limit: One (1) elk per hunter during the license year, except where otherwise permitted by department rule. Any combination of seasons, tags, and permits set by the department will not exceed a maximum of two (2) elk per hunter during the license year.

Hunting Method: Elk hunters must select only one of the hunting methods: Modern firearm, archery, or muzzleloader.

Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of elk with visible antlers; bull calves are illegal.

Antler Point: To qualify as an antler point, the point must be at least one inch long, measured on the longest side.

Branch: A branch is defined as any projection off the main antler beam that is at least one inch long, measured on the longest side, and longer than it is wide.

Spike Bull Antler Restrictions: Bull elk taken in spike-only game management units (GMUs) must have at least one antler with no branches originating more than 4 inches above where the antler attaches to the skull.

True Spike - Bull Antler Restrictions: Neither antler of bull elk taken in GMUs 251, and 328-335 can have branching originating more than 4 inches above where the antlers attach to the skull. Under the true-spike restriction, taking an elk that has two points on one side or antler points within one inch of the definitions regarding length of point, or point of origination, is an infraction under RCW 77.15.160. All other types of violations of the true-spike restriction are subject to current penalties and assessments under RCW 77.15.410 and 77.15.420.

AMENDATORY SECTION (Amending WSR 14-10-019, filed 4/25/14, effective 5/26/14)

WAC 232-28-360 ((2014)) 2015 Elk special permits. It is unlawful to fail to comply with the bag, possession, and season limits de-

scribed below. A violation of this section is punishable under RCW 77.15.410, Unlawful hunting of big game—Penalty.

Special Elk Permit Hunting Seasons (Open to Permit Holders Only)

Hunters must purchase an elk hunting license prior to purchasing a permit application. Hunters may only apply for permits consistent with the tag required for the hunt choice; however, Multiple Season Permit holders may apply for Eastern or Western Washington archery, muzzle-loader, or modern firearm permit hunts. Applicants must have purchased the proper tag for these hunts. The elk tag prefixes required to apply for each hunt are shown in the following table. Hunters drawn for a special permit hunt must comply with weapon restrictions, dates, and other conditions listed for the hunt. Hunters drawn for a special permit designated "**Any tag**" under the "**Weapon/Tag**" restriction must use equipment consistent with the requirements of their transport tag and license.
