EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this for this finding: This rule change is necessary to ensure a safe and successful event. The fish will be planted one day prior to the event to better acclimate them before the event. Fish will be placed into a netted area along the shoreline of the pond. On the day of the event, participants will be allowed to fish within these netted areas. Keeping the pond closed until May 2, 2010, is to ensure the safety of the public as well as the event participants while the event is shutting down and equipment and nets are being removed. There is insufficient time to adopt permanent rules.
