**Other authority :**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this for this finding: The invasive species New Zealand Mudsnaill is present in the lake. Mudsnaills are easily transported on shoes, boots, and fishing gear to which they may attach themselves, therefore, it is necessary to close the lake to fishing to prevent the spread of New Zealand Mudsnaills. The lake has already been closed to salmon angling. This rule is interim until permanent rules take effect.
