EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: The 2011 State/Tribal Shrimp Harvest Management Plans for the Strait of Juan de Fuca and Puget Sound require adoption of harvest seasons contained in this emergency rule. This emergency rule (1) opens the pot fishery season for non-spot shrimp; (2) opens a Region 1 beam trawl area on May 16; (3) reflects changes to the shrimp catch reporting and purchase reporting requirements; and (4) changes the shrimp accounting week. There is insufficient time to adopt permanent rules.
