**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Fire danger is exceedingly high at this time. Numerous fires in the central part of the state have threatened extensive damage to homes, public facilities, businesses, public utilities, and infrastructure, impacting the life and health of our citizens throughout Eastern Washington. Fires also have created an air-pollution problem effecting citizens statewide. The department must thwart new and multiple fires by prohibiting many activities that could cause wildfires.
