EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: This emergency regulation closes Region 2 West where the Puget Sound state commercial fishery has now reached its final allocation. This emergency regulation also closes Region 2 East where the Puget Sound State commercial fishery has nearly reached its full allocation and will reach the absolute close date defined in a previous state/treaty agreement. Finally the regulation continues the closure of the Everett Flats portion of Region 2 East in order to protect soft shell crabs that occur at this time of year in this area. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable Treaty tribes. There is insufficient time to adopt permanent regulations.
