**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Estimates indicate that the encounters of legal size Chinook in Area 9 have exceeded the pre-season expectations. This regulation reduces the retention of salmon in Area 9 to a daily limit of one in order to minimize encounters of legal-size hatchery and wild Chinook, and to ensure compliance with conservation objectives and agreed-to management plans. There is insufficient time to adopt permanent rules.
