

# RULE-MAKING ORDER

**CR-103E (July 2011)**  
**(Implements RCW 34.05.350)**

**Agency:** Washington Department of Fish and Wildlife

**Emergency Rule Only**

**Effective date of rule:**

**Emergency Rules 13-58**

- Immediately upon filing.
- Later (specify) April 27, 2013

**Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?**

- Yes
  - No
- If Yes, explain:

**Purpose:** Amend recreational fishing rules

**Citation of existing rules affected by this order:**

Repealed:  
 Amended: WAC 232-28-619  
 Suspended:

**Statutory authority for adoption:** RCW 77.12.047 and RCW 77.04.020

**Other authority :**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

**Reasons for this finding:** Under existing permanent regulations, Swift Reservoir opens for fishing the fourth Saturday in April. Under rules recently adopted by the Fish and Wildlife Commission, the reservoir would have been closed from May 1, 2013, until the first Saturday in June. The newly adopted permanent regulation was predicated on the assumption that salmon and steelhead re-introduction efforts would have progressed to the point of significant numbers of downstream smolts migrating through the reservoir through the month of May. However, due to delays, adult re-introduction efforts and smolt production are just getting underway. There is no need to close the reservoir in May of this year. The fishery can proceed under the traditional opening date. There is insufficient time to adopt permanent rules.

NEW SECTION

**WAC 232-28-61900G Freshwater exceptions to statewide rules – Swift Reservoir.**

Notwithstanding the provisions of WAC 232-28-619, effective April 27, 2013, until further notice, in waters of Swift Reservoir from Swift Dam to Eagle Cliff Bridge, it is permissible to fish for game fish and salmon. The trout daily limit is five, except that all bull trout must be released. Landlocked rules are in effect (salmon count towards the trout daily limit) and all salmon longer than 15 inches in length must be released. Two poles are not allowed, and selective rules apply from the posted markers approximately 3/8-mile below Eagle Cliff Bridge to the bridge.

**EMERGENCY RULE ONLY**

Under RCW 34.05.350 the agency for good cause finds:

(x) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

( ) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

( ) That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

**Reasons for this finding:** Under existing permanent regulations, Swift Reservoir opens for fishing the fourth Saturday in April. Under rules recently adopted by the Fish and Wildlife Commission, the reservoir would have been closed from May 1, 2013, until the first Saturday in June. The newly adopted permanent regulation was predicated on the assumption that salmon and steelhead re-introduction efforts would have progressed to the point of significant numbers of downstream smolts migrating through the reservoir through the month of May.
