EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Returns of fall Chinook to the Columbia River have reached record high numbers, including bright stock fall Chinook returning to Drano Lake. Little White Salmon National Fish Hatchery has met its escapement goal for bright stock fall Chinook. Large numbers of surplus hatchery origin fall Chinook are available for harvest which will allow additional angling opportunity. There is insufficient time to adopt permanent rules.
