Other authority :

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Surveys at Dosewallips State Park indicate that the clam population has greatly increased, and can support a year-round season. Surveys at Fort Flagler State Park and Frye Cove County Park indicate that the clam populations have decreased, requiring shorter seasons. Oyster seasons should coincide with the clam seasons on these beaches. There is insufficient time to promulgate permanent rules.
