EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: Based on spawner survey and harvest information available to date Washington Department of Fish and Wildlife and the Nisqually Tribe are concerned that the winter Chum return to the Nisqually River is not as abundant as forecast and has the potential to fall short of our escapement goal. Given this information and the need to achieve our shared conservation goals both WDFW and the Nisqually Tribe are closing their respective fisheries for Chum salmon. There is insufficient time to adopt permanent rules.
