**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

**Reasons for this finding:** Effective 11:59 p.m. September 8, 2015, regulatory control in Areas 7 and 7A is relinquished by the Fraser River Panel under the Pacific Salmon Commission. Under agreement by the Washington Department of Fish and Wildlife for the state of Washington and the treaty Indian tribes of Western Washington, the all citizens reef net fishery begins following relinquishment of regulatory control by the Fraser River Panel. There is insufficient time to adopt permanent rules.
