 Amended: WAC 220-52-073
 Suspended:

Statutory authority for adoption: RCW 77.04.012, 77.04.020 and 77.12.047

Other authority :

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: A closure is needed in District 3 as the quota limit for red sea urchins has been reached. Harvestable surpluses of sea urchin exist in the districts specified to allow for commercial harvest. There is insufficient time to adopt permanent rules.

NEW SECTION

WAC 220-52-07300T Sea Urchins

Notwithstanding the provisions of WAC 220-52-073, effective immediately until further notice, it is unlawful to take or possess sea urchins taken for commercial purposes except as provided for in this section:

- (1) The following areas are open for red sea urchin harvest seven days-per-week: Sea Urchin District 1, District 2, and District 4 west of a line projected true north from the shoreline at 123 degrees 52.7 minutes west longitude. It is unlawful to harvest red sea urchins smaller than 3.25 inches or larger than 5.0 inches (size is largest test diameter exclusive of spines).
- (2) The following areas are open for green sea urchin harvest seven days-per-week: Sea Urchin District 1, District 2, District 3 east of a line projected true north from the shoreline at 123 degrees 48.3 minutes west longitude, District 4 west of a line projected true north from the shoreline at 123 degrees 52.7 minutes west longitude, District 6, and District 7. It is unlawful to harvest green sea urchins smaller than 2.25 inches (size is largest test diameter exclusive of spines).
- (3) The maximum cumulative landing of red or green sea urchins for each weekly fishery opening period is 3,000 pounds of each species per valid designated sea urchin harvest license. It is permissible for all or any fraction of the maximum 3,000 pound total to be harvested during any legal harvest date within any legal harvest area so long as the cumulative total for the fishery week does not exceed the maximum. Each fishery week begins Monday and ends Sunday.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 220-52-07300S Sea Urchins (15-321)

EMERGENCY RULE ONLY

Under RCW 34.05.350 the agency for good cause finds:

- (x) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- () That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- () That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, 2011, 2012 or 2013 which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding: A closure is needed in District 3 as the quota limit for red sea urchins has been reached. Harvestable surpluses of sea urchin exist in the districts specified to allow for commercial harvest. There is insufficient time to adopt permanent rules.
