

**The Grays Harbor County Marine Resource Committee**  
Invites You To  
***Renewable Energy and Space Use Conflicts***  
***On the Outer Continental Shelf***

*A Presentation by Flaxen Conway*  
**Marine Stakeholder Meeting**  
Grays Harbor College, Room 2250, Aberdeen, WA  
Tuesday, June 21, 2011, 2:00-3:30 pm

**Goal**

The goal of this meeting is to provide a forum for all communities with an interest in the coastal and marine environments to (1) share information describing their use of the outer continental shelf (OCS); (2) offer their perspectives regarding potential conflicts with future alternative energy projects on the OCS; and (3) contribute to the development of a system of communication designed to identify potential conflicts as early as possible, to avoid them or to mitigate their impact.

**Agenda**

2:00pm Welcome and Introductions

2:05pm Introduction to the Research Project: "Identification of OCS Renewable Energy Space-Use Conflicts & Analysis of Potential Mitigation Measures"

- Goals of the project
- What information we have and what information is being sought (key questions)
- Distinguish this project from the public process for the offshore leases being conducted by the Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE).
- The project/timeline/product and how the information could be used
- Results, so far.....

2:35pm Information Exchange and Results Groundtruthing

3:30pm Thanks, adjourn
