

“GREEN SHEET”

Meeting dates: March 16, 2007 Conference Call
Agenda item: Shellfish –Geographical definitions (Rule Briefing/Testimony)
Staff Contact: Morris Barker,
Presenter/s: Morris Barker, Ph.D., State Marine Resource Manager, Fish Program

Background:

A section of WAC language that defines “Coastal Waters” was not updated when the ocean catch and management areas were redefined in 1998. This section needs to be updated in order to make it contemporary with the rules that describe Washington’s coastal marine fish and shellfish catch and reporting areas. The action is housekeeping only and has no policy effect.

Policy issue(s) you are bringing to the Commission for consideration:

None.

Public involvement process used and what you learned:

There has been no public outreach as there is no management or conservation effect on fishing industry.

Actions requested (identify the specific Commission decisions you are seeking):

None at this time, Commission to consider adoption of proposed amendments at the April 20, 2007 conference call meeting.

Draft motion language:

Not applicable.

Justification for Commission action:

Not applicable.
