"GREEN SHEET"

Meeting: April 11-12, 2008

Agenda Item 13: Amend WACs: – **Rule Action**
232-28-351 2006-2008 Deer general seasons and definitions
232-28-352 2006-2008 Elk general seasons and definitions
232-28-291 Special hunting season permits

Prepared By: Jerry Nelson

Presented By: Jerry Nelson, Deer and Elk Section Manager, Wildlife Program

Background:

This is the third year of the 2006-08 three-year hunting season package. As such, the Department is proposing limited changes to the general season structure for deer and elk. The proposed amendments are minor adjustments to deer and elk general seasons to address emergent issues and to fine-tune hunts designed to alleviate agricultural damage.

- Under modern firearm deer, GMU 654 appears in two places and should only appear in the 2 pt. min. category.
 - Under eastern white-tailed deer, Senior, Disabled, and Youth seasons, in GMU 162, more pressure needs to be applied to deer on private lands and less applied to deer on Forest Service lands.
 - The current season structure contained some season/tag combinations that allowed hunters to harvest more than two elk per year.
 - The AHE antlerless elk 2nd tags need adjustment because not all hunters are using them during the height of the damage season, late summer and early fall.
 - For the last three winters, late archery deer and elk seasons in GMU 368 have coincided with elk coming down to feed stations in that GMU. It is the Department's intent to keep hunters away from active feeding areas whenever possible.
 - Recent Commission policy and rule changed the "Advanced Hunter Education (AHE) Program" title to "Master Hunter".
-

Policy Issue(s) you are bringing to the Commission for consideration:

- Use Deer Area 1010 to direct hunters within GMU 162 to hunt white-tailed deer on private lands.
 - Amend elk bag limit language to be consistent with public interest related to equitable harvest of elk among all elk hunters.
 - Adjust antlerless elk season in Elk Area 3911 to encourage early season 2nd tag use.
 - Adjust late archery, deer and elk seasons in GMU 368 to Elk Area 3681 to direct hunters away from feed stations. This maintains opportunity without impacting feeding operations.
 - Amend language to replace "Advanced Hunter Education (AHE) Program" with "Master Hunter".
-

Public involvement process used and what you learned:

These proposed recommendations were mailed to approximately 450 organizations and individuals in January for their review and consideration. These organizations and individuals were also informed of the opportunity to provide public testimony at the March 7-8, 2008 Commission meeting in Olympia.

Action requested (identify the specific Commission decisions you are seeking):

Amend WACs 232-28-351 2006-2008 Deer general seasons and definitions, 232-28-352 2006-2008 Elk general seasons and definitions, and 232-28-291 Special hunting season permits, as presented.

Draft motion language:

I move to amend WACs 232-28-351, 232-28-352, and 232-28-291 as proposed.

Justification for Commission action:

Provides recreational opportunity for the citizens of Washington, helps reduce wildlife damage to agricultural crops, and protects deer and elk from overharvest.

AMENDATORY SECTION (Amending Order 07-62, filed 5/3/07,
effective 6/3/07)

**WAC 232-28-351 2006-2008 Deer general seasons and
definitions.**

Bag Limit: One (1) deer per hunter during the license year
except where otherwise permitted by Fish and Wildlife Commission
rule.

Hunting Method: Hunters must select one of the hunting methods
(modern firearm, archery, muzzleloader).

Any Buck Deer Seasons: Open only to the taking of deer with
visible antlers (buck fawns illegal).

Antler Point: To qualify as an antler point, the point must be
at least one inch long measured on the longest side.

Antler Restrictions: APPLIES TO ALL HUNTERS DURING ANY GENERAL SEASON AND
DESIGNATED SPECIAL PERMIT SEASONS! Buck deer taken in antler
restricted GMUs must meet minimum antler point requirements.
Minimum antler point requirements are antler points on one side
only. Eye guards are antler points when they are at least one
inch long.

2 Point minimum GMUs: 437, 574, 578, 636, 654, and 681.

3 Point minimum GMUs: All mule deer in 100, 200, and 300 series
GMUs; white-tailed deer in GMUs 127, 130, 133, 136, 139, 142,
145, 149, 154, 162, 163, 166, 169, 172, 175, 178, 181, and 186.

Permit Only Units: The following GMUs require a special permit to hunt deer: 290 (Desert), 329 (Quilomene), 371 (Alkali), and 485 (Green River).

GMUs Closed to Deer Hunting: 157 (Mill Creek Watershed), 490 (Cedar River), and 522 (Loo-wit).

Black-tailed Deer: Any member of black-tailed/mule deer (species *Odocoileus hemionus*) found west of a line drawn from the Canadian border south on the Pacific Crest Trail and along the Yakama Indian Reservation boundary in Yakima County to Klickitat County; in Klickitat County along the Yakama Indian Reservation boundary to Summit Creek Rd; southwest on Summit Creek Rd to the Glenwood-Goldendale Highway; northwest on the Glenwood-Goldendale Highway to Lakeside Rd; south on Lakeside Rd to Fisher Hill Rd (P-2000); south on Fisher Hill Rd to Fisher Hill bridge crossing Klickitat River; southwest down Klickitat River to the Columbia River.

Mule Deer: Any member of black-tailed/mule deer (species *Odocoileus hemionus*) found east of a line drawn from the Canadian border south on the Pacific Crest Trail and along the Yakama Indian Reservation boundary in Yakima County to Klickitat County; in Klickitat County along the Yakama Indian Reservation boundary to Summit Creek Rd; southwest on Summit Creek Rd to the Glenwood-Goldendale Highway; northwest on the Glenwood-Goldendale Highway to Lakeside Rd; south on Lakeside Rd to Fisher Hill Rd (P-2000); south on Fisher Hill Rd to Fisher Hill bridge crossing Klickitat River; southwest down Klickitat River to the Columbia River.

White-tailed Deer: Means any white-tailed deer (member of the species *Odocoileus virginianus*) except the Columbian whitetail deer (species *Odocoileus virginianus leucurus*).

MODERN FIREARM DEER SEASONS

License Required: A valid big game hunting license, which includes a deer species option.

Tag Required: Valid modern firearm deer tag on his/her person for the area hunted.

Hunting Method: Modern firearm deer tag hunters may use rifle, handgun, shotgun, bow or muzzleloader, but only during modern firearm seasons.

Hunt Season	2006 Dates	2007 Dates	2008 Dates	Game Management Units (GMUs)	Legal Deer
HIGH BUCK HUNTS					
	Sept. 15-25	Sept. 15-25	Sept. 15-25	Alpine Lakes, Glacier Peak, Pasayten, Olympic Peninsula, and Henry Jackson Wilderness Areas and Lake Chelan Recreation Area	3 pt. min.

WAC 232-28-351 2006-2008 Deer general seasons and definitions

RECOMMENDED ADJUSTMENTS

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebooks.

Page 4

Under Modern Firearm, Late Buck Hunts, change the reference to “Advanced Hunter Education (AHE) Master Hunter Season” to “Master Hunter Season”. This is consistent with recent Commission policy and rule change of the Program’s title.

SUMMARY OF WRITTEN PUBLIC INPUT

WAC 232-28-351 2006-2008 Deer general seasons and definitions

COMMENTS	AGENCY RESPONSE
We support these recommendations.	Thank you for your support.
The Department needs to enhance the hunting opportunity for AHE grads by providing yearly access to the multi season deer and elk tags and also provide special AHE draws for late deer-buck only.	When the AHE program was first developed, we learned that the types of incentives (special hunts) provided often encouraged hunters to apply for the program only to be eligible for the special hunts. What the Department was looking for, was hunters who were more service oriented to assist the Department and landowners address damage and other sensitive situations.

AMENDATORY SECTION (Amending Order 07-62, filed 5/3/07,
effective 6/3/07)

**WAC 232-28-352 2006-2008 Elk general seasons and
definitions.**

Bag Limit: One (1) elk per hunter during the license year
except where otherwise permitted by fish and wildlife commission
rule. Any combination of seasons, tags, and permits set by the
fish and wildlife commission will not exceed a maximum of two
(2) elk per hunter during the license year.

Hunting Method: Elk hunters must select only one of the hunting
methods (modern firearm, archery, or muzzleloader).

Elk Tag Areas: Elk hunters must choose either Eastern or
Western Washington to hunt in and buy the appropriate tag for
that area.

Any Bull Elk Seasons: Open only to the taking of elk with
visible antlers (bull calves are illegal).

Antler Point: To qualify as an antler point, the point must be
at least one inch long measured on the longest side.

Spike Bull Antler Restrictions: Bull elk taken in spike only
GMUs must have at least one antler with only one antler point
above the ear. An animal with more than one antler point above
the ears on both antlers is illegal.

Spike Only GMUs: 145-154, 162-186, 249, 251, 328, 329, and 335-368.

3 Point Antler Restrictions: Legal bull elk must have at least 3 antler points on one side with at least 2 antler points above the ear. Eye guards are antler points when they are at least one inch long. Antler restrictions apply to all hunters during any open season.

3 Point GMUs: All of Western Washington except for GMUs 454, 564, 568, 574, 578, 652 for archers, 666, 684, and Elk Area 4941.

Permit Only Units: The following GMUs are closed during general seasons: 157, 371, 418, 485, 522, 524, 556, 621, 636, 653, and Elk Area 3068.

GMUs Closed to Elk Hunting: 437 (except for Elk Area 4941), and 490.

Elk Tag Areas

Eastern Washington: All 100, 200, and 300 GMUs except permit only for all hunters in GMUs 157 and 371. Modern firearms are restricted in GMU 334.

EA - Eastern Washington Archery Tag

EF - Eastern Washington Modern Firearm General Elk Tag

EM - Eastern Washington Muzzleloader Tag

Western Washington: All 400, 500, and 600 GMUs except closed in GMUs 418, 437 (except for Elk Area 4941), 490, and modern firearm restrictions in portions of GMU 660. GMU 554 is open only for early archery and muzzleloader seasons. Elk Area 6064 in GMU 638 (Quinault) is open to ((AHE)) master hunters only.

Elk hunting by permit only in GMUs 485, 522, 524, 556, 621, and 636.

WA - Western Washington Archery Tag

WF - Western Washington Modern Firearm General Elk Tag

WM - Western Washington Muzzleloader Tag

Modern Firearm Elk Seasons

License Required: A valid big game hunting license with an elk tag option.

Tag Required: Valid modern firearm elk tag as listed below on his/her person for the area hunted.

Hunting Method: May use modern firearm, bow and arrow, or muzzleloader, but only during modern firearm seasons.

Hunt Area	Elk Tag Area	Game Management Units (GMUs)	2006 Dates	2007 Dates	2008 Dates	Legal Elk
Eastern Washington	EF	111, 113, 117	Oct. 28 - Nov. 5	Oct. 27 - Nov. 4	Oct. 25 - Nov. 2	Any bull
		145 through 154, 162 through 186, 249, 251, 328, 329, 335 through 368	Oct. 28 - Nov. 5	Oct. 27 - Nov. 4	Oct. 25 - Nov. 2	Spike bull
		Elk Area 3722*	Sept. 9-22	Sept. 8-21	Sept. 6-19	Antlerless

Archery Elk Seasons

License Required: A valid big game hunting license with an elk tag option.

Tag Required: Valid archery elk tag as listed below on his/her person for the area hunted.

Hunting Method: Bow and arrow only as defined by WAC 232-12-054.

Special Notes: Archery tag holders can hunt only during archery seasons and must hunt with archery equipment (WAC 232-12-054). Archery elk hunters may apply for special bull permits. Please see permit table for tag eligibility for all elk permits.

WAC 232-28-352 2006-2008 Elk general seasons and definitions

RECOMMENDED ADJUSTMENTS

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebooks.

Page 10

Under Bag Limit add the following language “Any combination of seasons, tags, and permits set by the fish and wildlife commission will not exceed a maximum of two (2) elk per hunter during the license year.” This language has been added to be consistent with public interest related to equitable harvest of elk among all elk hunters.

Pages 11-16

Remove all references to “Advanced Hunter Education” (AHE) and replace with “Master Hunter.” This is consistent with recent Commission policy and rule change of the Program’s title.

SUMMARY OF WRITTEN PUBLIC INPUT

WAC 232-28-352 2006-2008 Elk general seasons and definitions

COMMENTS	AGENCY RESPONSE
<p>The second tag for the 3911 hunt should only be allowed AFTER a first animal is harvested and checked,...</p>	<p>Previous regulations for Elk Area 3911 required hunters to verify their successful harvest prior to purchasing a second elk tag. This provision created significant additional workload for Fish and Wildlife Officers and inconvenience for hunters, so it was eliminated in 2008-09.</p>
<p>...and then only until the regular hunting season starts, I recommend around Oct. 1.</p>	<p>For the 2008-09 seasons, we have proposed that the second elk tag for Elk Area 3911 would only be valid from August 1 through October 24, prior to the general elk season.</p>
<p>Also, this season is running too late, the animals moving now tend to stay higher unless moved down by people pressure ...</p>	<p>Historically, we've had significant problems with elk in agricultural lands during the month of January throughout Elk Area 3911. Typically, those problems taper off through February and March. Currently, February hunting is by permit only and with authorization by agency personnel or the hunt master. Having the elk stay at higher elevations as they migrate east for the winter is one of the objectives of the AHE season.</p> <p>Currently, the Whiskey Dick area is closed to vehicle access during Feb 1 – April 30. Also, we have proposed to graze portions of the range under a Coordinated Resource Management Plan to improve the quality of winter range. Both of these activities should increase the attractiveness of habitat along the winter range and outside 3911.</p> <p>We have proposed to shorten the 3911 season by 10 days next year, ending January 20, 2009.</p>
<p>...also now the wind farm must enter the equation.</p>	<p>We have negotiated an "Access by Written Permission" program for the Wild Horse Wind Farm, which allows hunters to access the property.</p>

COMMENTS	AGENCY RESPONSE
<p>The current September hunts in areas 328, 329, & 340 for deer and elk most definitely add to the problem as we all know this is when the elk are bunching up and breeding so the added people pressure in these areas will push the animals down into the very problem areas of concern, so now we have standing crops as well as property damage, due to early hunting pressure.</p>	<p>We have not noticed a significant increase in landowner complaints overlapping with the early archery hunts in September.</p> <p>Hunting pressure is not the only reason elk move to lower elevations. In 2007 and prior years, elk moved to lower elevations and agricultural zones in response to dry habitat conditions that reached some critical level. We had elk show up on private lands throughout Region 3 from Tampico to Tieton to Parke Creek during a two-week window in early August. The same phenomenon of elk in agricultural lands was reported in Oregon and Idaho during those same two weeks.</p>
<p>We would like the Commission to change the definition "Spike bull antler restriction" back to what it was prior to 2006 (Elk taken in these units must have at least one antler that is a spike and does not branch above the ears. An animal with a spike on one side (1X2) is legal in spike only units.) When WDFW changed the definition in 2006, the same illustrations were used, but nothing noted the change. It is not unusual for a yearling bull to have a small fork below the ear that would reach above the ear. These are very hard to detect even at close range.</p>	<p>It was not the Department's intention to change the rule, but rather to clarify the rule. The intent of the rule is to address the point that terminates above the ear regardless of where that point originates. This regulation continues to need clarification and will be addressed during next year's deliberation of the 2009-11 seasons.</p>
<p>We support the change in the second AHE tag in Elk Area 3911.</p>	<p>Thank you for your support.</p>

COMMENTS	AGENCY RESPONSE
<p>Elk – Archery Special Permit Season Setting – Teanaway (formerly held a September hunt versus the current season which is a late season tag). Tag allotment for the early season was removed approximately 3 years ago due to a decline in Bull to Cow ratios in the Colockum Elk Herd. There is evidence to support that the Teanaway herd is a segregated sub herd of the Colockum herd and has a healthy bull to cow ratio within its unit boundaries. We would like to pursue reinstatement of the September archery hunt allowing harvest of mature bulls in September. Our request should have no affect on the late hunt, as it seems to be a necessary management tool. Being that the Teanaway unit is one of the premier elk units in all of Washington State, it is important that we pursue this. Success rates in 2002-2005 was 9.57% on antlered animals in the September season. Not sure how many were mature bulls, as some of these tallied may have actually been spikes. Somewhere around 30 permits would seem appropriate.</p>	<p>Currently the elk in GMU 335 Teanaway are considered to be part of the Colockum elk herd and are managed under the Colockum Elk Herd Management Plan. The Colockum herd is still below population objective in terms of overall elk numbers as well as post-hunt, bull:cow ratio objectives. Therefore, we will not be recommending any additional bull special permits for GMU 335, especially prior to the migration. The late season special permits that are currently offered in GMU 335 help address resident elk that do not migrate and are often contributing to agricultural damage problems. In addition, spike bull hunting is allowed during the general season for archery, muzzleloader, and modern firearm hunters.</p>

No: Please explain: Not hydraulics rules.

ATTACHMENT A

WAC 232-12-004 Classification of wild birds

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The amendment adds Eurasian collared dove to the list of predatory birds in Washington.

Reasons supporting proposal:

The Eurasian collared dove is a non-native species that has recently expanded its range into Washington. The effects of this species are not known, but there is some evidence that it may compete with our native mourning doves. The proposed amendment would classify the species as a predatory bird, which would allow it to be taken year-round with a hunting license as provided under WAC 232-12-005.

WAC 232-12-045 Hunting equipment restrictions

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

This proposal will restrict the use of telemetry equipment for hunting deer, elk, bear, moose, mountain goat, and bighorn sheep that have radio transmitters attached to them.

Reasons supporting proposal:

It is too easy for hunters to find and harvest wildlife with transmitters attached to them and hunting in this manner may bias the results of research projects.

WAC 232-28-273 2006-2008 Moose, bighorn sheep, and mountain goat seasons and permit quotas

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

Rule amends 2008 seasons and permit quotas for moose, bighorn sheep, and mountain goats. The purpose of the rule is to maximize recreational hunting opportunities for these species while meeting the population and recreational objectives for each herd as indicated in the Game Management Plan. The rule changes include minor statewide permit level changes for moose (+14 permits) and bighorn sheep (+2 permits), as well as hunt boundary changes for mountain goat. The anticipated effect is stable to increase populations of these hunting species.

Reasons supporting proposal:

Recommended adjustments in permit quotas are based on meeting population objectives for each species as indicated in the Game Management Plan.

WAC 232-28-295 Landowner hunting permits

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The proposal identifies permit levels and season dates for Landowner Hunting Permit (LHP) program participants for the 2008 hunting seasons. There are calendar date modifications for some permits, but no changes in permit levels are being proposed. If adopted, the proposal will allocate 70 deer permits and 186 elk permits among 5 LHP cooperators. Sixty percent of the permits will be for antlerless animals while 24% will be for antlered animals and 16% for any elk.

Reasons supporting proposal:

The proposed permits are consistent with the Commission's private lands hunter access program policy (C-6002). The permits will result in general public hunter access on private property and will help mitigate deer and elk foraging on private agricultural lands.

WAC 232-28-337 Deer and elk area descriptions

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The proposed change removes elk feeding areas from GMU 368.

Reasons supporting proposal:

This proposal allows the continuation of December hunting seasons without impacting feeding activities or creating unethical hunting situations.

WAC 232-28-342 2006-07, 2007-08, 2008-09 Small game seasons

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

Since 2003, the Department has proposed liberalized fall, either sex turkey hunting seasons in northeastern and southeastern Washington, to provide expanded hunting opportunity and to address undesired turkey population increases. This proposal would change fall turkey hunting opportunities by increasing fall turkey permit levels in some southeastern Washington Game Management Units (GMUs), while moving some northeastern GMUs from "early fall permit only" to "early fall general season" designations.

The amendment also extends the mourning dove season from 15 to 30 days in September, modifies the mourning dove falconry season to be consistent with federal rules, and makes the September goose season in Grays Harbor consistent with the remainder of Goose Management Area 3.

Reasons supporting proposal:

The proposed changes provide: 1) greater turkey population control in areas experiencing unwanted population growth or, 2) increased turkey hunter opportunity in areas where expanding populations can support increased fall harvest.

The 2003-09 WDFW Game Management Plan prescribes a restrictive dove season until a significant increase is observed in the 10-year Washington breeding population index. In 2007, a significant increase was observed in this index, and the department is recommending an increase in the 2008 dove season length from 15 to 30 days, with season dates September 1-30. Grays Harbor County was included in Goose Management Area 3 in 2006, and the 2008 September goose season in Grays Harbor County is proposed for change to be consistent with season dates in the remainder of Goose Management Area 3.

WAC 232-28-351 2006-2008 Deer general seasons and definitions

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

This rule amends the 2008 seasons for deer. The rule clarifies the antler restriction in GMU 554; focuses late season opportunity in a portion of GMU 162; and retains a late deer season in the main part of GMU 368.

Reasons supporting proposal:

Recommended adjustments clarify restrictions, and helps focus harvest where desired. The change from GMU 368 to Deer Area 3682 helps retain the late hunt without impacting elk feeding operations.

WAC 232-28-352 2006-2008 Elk general seasons and definitions

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

This rule amends the 2008 seasons for elk. The rule modifies the season dates for the Elk Area 3911 damage hunt to provide better incentives for harvesting elk early in the season. Hunts that end in January are amended to end on January 20th to allow time for hunters to report prior to the January 31 reporting deadline. This proposal also establishes a hunt in Elk Area 3681, which avoids conflict with elk feeding stations and ethical issues while retaining the late elk season in the main part of GMU 368.

Reasons supporting proposal:

Recommended adjustments clarify restrictions, and helps focus harvest where desired. The change from GMU 368 to Elk Area 3681 helps retain the late hunt without impacting elk feeding operations.

AMENDATORY SECTION (Amending Order 06-92, filed 5/8/06, effective 6/8/06)

WAC 232-28-291 Special hunting season permits. The commission may establish special hunting seasons limited to species and/or weapon type.

1. Deer, elk, cougar, or black bear special hunting season permit applications:

A. To apply for special hunting season permits for deer, elk, cougar, or black bear applicants must have a valid Washington big game hunting license and a valid transport tag for the appropriate species. To apply for a particular hunt, each applicant for deer or elk must have the proper transport tag as identified in the special deer or elk permit regulations.

B. Multiple season deer and elk permit applications may be purchased without additional licenses or tags. The purchase of the application will result in entry into the drawing. Persons who are successfully drawn must purchase a multiple season permit for deer or elk and may also apply for archery, muzzleloader, or modern firearm special hunting season permits for the species drawn.

2. Mountain goat, moose, and bighorn sheep special hunting season permit applications:

A. Persons who have previously harvested a mountain goat, bighorn sheep, or moose in Washington are ineligible to apply for a special hunting season permit for that species. This

lifetime harvest restriction does not apply to individuals who harvested a mountain goat before 1999, raffle or auction hunt authorizations, or antlerless-only moose hunts.

B. Successful applicants under this section must purchase the appropriate hunting license within fifteen days of the published notification deadline by the department. Failure to purchase forfeits the permit to an alternate applicant.

3. Wild turkey special hunting season permit applications

A. To apply for wild turkey special hunting season permits, each applicant must have a valid small game hunting license.

B. Early fall wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in the early fall special hunting season.

C. Late fall wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in the late fall special hunting season.

4. Special hunting season permit applications:

A. Maximum group sizes are determined for each category. If a group application is drawn, all hunters in the group will receive a special hunting season permit and each hunter in the group can take an animal.

- i. Maximum group size for deer is 12.
- ii. Maximum group size for elk is 12.
- iii. Maximum group size for bear is 2.
- iv. Maximum group size for cougar is 2.
- v. Maximum group size for mountain goat is 2.
- vi. Maximum group size for bighorn sheep is 2.
- vii. Maximum group size for early fall turkey is 4.

viii. Maximum group size for late fall turkey is 4.

ix. Maximum group size for moose is 2.

x. Maximum group size for multiple season deer is 1.

xi. Maximum group size for multiple season elk is 1.

B. An applicant may purchase only one application for a special hunting season permit for each category.

C. Permits will be drawn by computer selection using a weighted point selection system.

D. Incomplete applications will not be accepted.

E. If an applicant makes a mistake, applies for the wrong hunt, and is successfully drawn, the special hunting season permit can be returned to the department of fish and wildlife Olympia headquarters before the opening day of the special hunting season or the opening day of the general hunting season, whichever comes first. The applicant's points will be restored to the level prior to the permit drawing.

F. Anyone may apply for a special hunting season permit for deer, elk, bear, cougar, and wild turkey.

5. In addition to requirements for special hunting season permit applications, following are application requirements for:

A. Special hunting seasons for persons of disability: Only applicants with a Washington disabled hunter permit are eligible to apply for any special hunting season permits for persons of disability.

B. Special hunting seasons for youth: Only persons who are eligible to lawfully purchase a youth hunting license are eligible to apply for special hunting season permits for youth.

C. Special hunting seasons for hunters age 65 and older:

Only applicants sixty-five years of age or older on or before March 31 of the current license year will be eligible to apply for special hunting season permits for hunters age 65 and older.

D. Special hunting seasons for ~~((advanced))~~ master hunter ~~((education))~~ program graduates: Only persons who hold a valid certificate from the Washington department of fish and wildlife's master hunter ~~((education—(AHE)))~~ program are eligible to apply for special hunting season permits for ~~((AHE))~~ master hunters.

6. Citizen reward for reporting violations - bonus points:
A person who provides information which contributes substantially to the arrest of another person for illegally hunting or killing big game or an endangered species as defined by Title 77 RCW is eligible to receive ten bonus points toward the special hunting permit drawing for deer or elk special hunting season permits.

A. Only ten bonus points can be awarded for providing information for each person charged regardless of the number of violations involved.

B. Selection of bonus points is in lieu of application for a cash award.

[Statutory Authority: RCW 77.12.047. 06-11-032 (Order 06-92), § 232-28-291, filed 5/8/06, effective 6/8/06; 05-02-046 (Order 04-327), § 232-28-291, filed 1/3/05, effective 2/3/05; 03-16-087 (Order 03-175), § 232-28-291, filed 8/5/03, effective 9/5/03; 03-13-047 (Order 03-129), § 232-28-291, filed 6/12/03, effective 7/13/03; 03-02-005 (Order 02-301), § 232-28-291, filed 12/20/02,

SUMMARY OF ORAL PUBLIC INPUT
Taken at the March 7-8, 2008 Commission Meeting

WAC 232-28-291 Special hunting season permits

COMMENTS	AGENCY RESPONSE
Would like to see the special permit WAC changed so applicants for the multiple season deer and elk permits can put in as a group. Currently you can't put in as a group for multi-season. Only want the group size to be two (2) so successful applicants can safely hunt the backcountry together.	The Department will consider this proposed change and bring it forward for public review during the three-year package process for 2009-2011.

PROPOSED RULE MAKING

CR-102 (June 2004)

(Implements RCW 34.05.320)
Do NOT use for expedited rule making

Agency: Washington Department of Fish and Wildlife

Preproposal Statement of Inquiry was filed as WSR 07-24-100 ; or
 Expedited Rule Making--Proposed notice was filed as WSR _____ ; or
 Proposal is exempt under RCW 34.05.310(4).

Original Notice
 Supplemental Notice to WSR _____
 Continuance of WSR _____

Title of rule and other identifying information: (Describe Subject) : Rules relating to the Master Hunter Program, including WACs 232-28-291, 232-28-351, 232-28-352, 232-28-353, 232-28-354, and 232-28-431.

Hearing location(s): Natural Resources Building, Room 172,
1111 Washington Street SE, Olympia, WA 98504

Date: March 7, 2008. Time: 8 a.m.

Submit written comments to:
Name: Rules Coordinator

Address: 600 Capitol Way No., Olympia, WA 98501-1091
e-mail: preuslmp@dfw.wa.gov
fax: (360) 902-2155 by: February 25, 2008

Assistance for persons with disabilities: Contact
Susan Yeager by
TTY (360) 902-2207 or (360) 902-2267

Date of intended adoption: On or after April 11, 2008
(Note: This is NOT the effective date)

Purpose of the proposal and its anticipated effects, including any changes in existing rules: Several rules cross-reference and/or relate to the department's "Advanced Hunter Education Program," which is now called the "Master Hunter Program." The name must be changed in these rules, and other information must be revised to reflect changes in the law and in rules.

Reasons supporting proposal: The department wants to be consistent in its references to the Master Hunter Program.

Statutory authority for adoption: RCW 77.12.047

Statute being implemented: RCW 77.12.047
