## CONFERENCE CALL MEETINGS

The Commission generally holds conference call meetings on the first and third Friday mornings of each month, unless that day falls during a regular Commission meeting. Additional conference calls are held to receive updates during the legislative session and as determined necessary by the Commission Chair and Department Director.

Conference calls are generally reserved for briefings and only occasionally for decision items and/or WAC rule amendments that are housekeeping in nature. To request time on a conference call agenda, Department staff should contact the Commission Office through supervisory channels and work with the appropriate Commission meeting planning coordinator for their program/division.
