“GREEN SHEET”

Meeting dates: March 4, 2011, Commission Meeting

Agenda item #4: Puget Sound Recreational Clam and Oyster Season Changes – (Rule Adoption)

Staff Contact: Rich Childers, Puget Sound Shellfish Manager (Fish Program)

Presenter/s: Jim Scott, Assistant Director, Fish Program

Background:

Changes to the recreational clam and oyster seasons on Puget Sound public beaches are recommended annually in order to maximize recreational opportunity while preventing overharvest of the state shares. Season changes are recommended based on annual clam and oyster surveys, expected sport effort, and the number of low tides. For 2011, staff recommends clam and oyster season changes to 13 public beaches. Of the 13 proposed changes, eight beaches will have longer seasons than in 2010, four will have shorter seasons, and one beach is recommended for a shift in the season timing. Details for each of the 13 beaches are attached. Overall, there will be 17 more months of available sport harvest opportunity for clams compared to 2010, and eight more months of oyster harvest opportunity.

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

An analysis of clam and oyster survey data, sport harvest projections, and negotiations affecting intertidal treaty and non-treaty fisheries allows for recreational clam and oyster seasons to be opened or extended on some public beaches and requires some beaches to be closed or the seasons shortened. This proposal reflects those openings and closures.
