Summary

Meeting dates:	March 1-2, Commission Meeting
Agenda item #4:	2013-14 Sportfishing Rule Proposals — (Rule Adoption)
Presenter(s):	Craig Burley, Fish Management Division Manager, Fish Program

Background summary:

Governor Chris Gregoire's Executive Order 10-06 (issued in November 2010) was extended, suspending non-critical rule development and adoption through December 31, 2012. However, the last cycle when public rules were solicited from the public was for the 2010-11 cycle. To be responsive to public requests to submit rules and comply with the executive order, the Department solicited sportfishing rules from the public but limited rulemaking to rules that met the following criteria:

- 1) Rules addressing a critical conservation need; and
- 2) Significant recreational opportunities.

Recommended proposals were provided online, describing the proposed change, the reason the change is needed, and which category (above) applies. The proposals were reviewed by department staff and narrowed to 69. The 69 proposals were reviewed by the Fish Committee and department staff. Comment was received from Recreational Advisory Groups, six public meetings, online comment, and some email and mail. Written comments were received through January 29, 2013. A Public Hearing was held at the February 8 Commission Meeting.

Policy issue(s) you are bringing to the Commission for consideration:

Establish rules and regulations for the upcoming 2013-14 sportfishing season(s) to ensure conservation of the fish and shellfish resource, and provide sustainable recreational fishing opportunities.

Public involvement process used and what you learned:

A public news release, online notice through our website, and an email to our regulation change email list in April notified people about the ability to submit rule proposals. To increase efficiency using LEAN principles and provide greater transparency to the rulemaking process, proposals were submitted online. (Members of the public who were unable to submit proposals online were provided paper copies and the information was entered by WDFW staff.)

A public news release, online notice through our website, and an email to our regulation change email list in September notified people of the rule changes we recommended moving forward for Commission adoption. Further, an email was sent to each person that submitted a proposal to notify them of the status of their proposal and the ability to comment online. The online process enabled us to provide the public with both rules we recommended moving forward and rules we did not recommend moving forward for Commission consideration.

Explanations were provided for both types and the public commented on both online through January 29, 2013 (comment period was extended; previously date was December 15, 2012). (Members of the public who are unable to view or comment online were provided paper copies of the recommended proposals and a form for comments. The comment forms were then entered online by WDFW staff.) In addition, six public meetings (one per region) were held to show people how to comment online and answer questions. In addition, we presented the proposals and received comment during meetings with our sportfish advisory groups. A public hearing was held at the March 8 meeting in Olympia.

This meeting is for rule adoption of the 2013-14 proposals.

Action requested:

Consideration for adoption of the 2012-13 Sportfishing Changes as presented by staff.

Draft motion language:

Move to adopt permanent amendments to:

WAC 220-55-220 Two-pole endorsement.

WAC 220-56-235 Possession limits—Bottomfish.

WAC 220-56-240 Daily limits forage fish and other food fish not otherwise provided for.

WAC 220-56-250 Lingcod—Areas and seasons.

WAC 220-56-265 Forage fish—Lawful gear.

WAC 220-56-282 Sturgeon—Areas, seasons, limits and unlawful acts.

WAC 220-56-310 Shellfish—Daily limits.

WAC 232-28-619 Washington food fish and game fish—Freshwater exceptions to statewide rules.

as presented by staff

Justification for Commission action:

This action is justified under RCW 77.12.047.

Communications Plan:

The public and our advisory groups will be notified about the outcome of the sportfishing proposal process through a press release, our website, and email. Hard copies will be sent to those who request it.

Form revised 12/5/12

2013-2014 SPORT FISHING RULE CHANGE PROPOSALS

**Updated on February 22, 2013
Public testimony through
February 8, 2013**

TABLE OF CONTENTS

# 1. Remove internal combustion motors prohibition on small streams	1
# 2. Washington Administrative Code (WAC) language, maintenance, and technical changes	3
# 3. Resident trout streams open on Saturday of Memorial Day Weekend	5
# 4. Statewide fishing closure for sixgill, sevengill and thresher sharks.....	9
# 5. Evaluate two pole fishing opportunity on "quality water" lakes statewide.....	9
# 6. Statewide white sturgeon rules	11
Eastern Washington and Columbia Region Freshwater	12
# 7. Align Washburn Island Pond rules with Colville Tribes (Okanogan County)	12
# 8. Increase Snake River hatchery summer steelhead harvest.....	12
# 9. Remove or modify size and daily limits for bass, walleye, and channel catfish in the Columbia River, Snake River and their tributaries.....	12
# 10. Clarify boundaries for Burbank Slough (Walla Walla County).....	14
# 11. Clarify areas open to angling on the Walla Walla River (Walla Walla County).....	14
# 12. Consistent internal combustion motor rules on the Grande Ronde River (Asotin County)	15
# 13. Prohibit the use of internal combustion motors on Yocum Lake (Pend Oreille Co.).....	15
# 14. Convert Leader Lake to a year-round fishery	15
# 15. Liberalize bag limits for walleye on Lake Roosevelt and the Spokane Arm of Lake Roosevelt (Stevens/Lincoln counties).....	16
# 16. Increase Scootenev Reservoir daily bag limit for walleye (Franklin County).....	18
# 17. Convert North Silver Lake to a year-round fishery (Spokane County)	18
# 18. Increase Touchet River hatchery summer steelhead harvest while protecting wild spawning summer steelhead (Walla Walla County).....	18
# 19. Extend Okanogan River game fish season (Okanogan County)	18
# 20. Adjust angling regulations on Monument Creek to protect ESA listed bull trout (Okanogan County)	19
# 21. Adjust open area for trout fishing on the Methow River to protect steelhead (Okanogan County) ...	19
# 22. Remove daily limit on brook trout in Tucquala Lake	19
# 23. Close to fishing year-round Gold Crk., Gold Crk. Pond and Outlet Channel (Kittitas Co.).....	20
# 24. Prohibit the use of internal combustion motors on two reaches of the Yakima River (Yakima County).....	20
# 25. Change to Selective Gear Rules on multiple streams in Region 3 to protect ESA listed steelhead and bull trout and west slope cutthroat trout.....	21
# 26. Black Friday trout opener on Region 5 lakes.....	21
# 27. Prohibit removal of salmon, steelhead, and dolly varden/ bull trout from the water on the Columbia River if intending to release	22
# 28. Change opening date on Swift Reservoir (Skamania County).....	22
# 29. Change closure date on Vancouver Lake Flushing Channel (Clark County)	22
# 30. Expand fishing opportunity to families, disabled and seniors on Fort Borst Park Pond (Lewis County)	23
# 31. Lake Scanewa year-round fishing (Lewis County)	23
# 32. Increase daily bag limit for kokanee on Lake Merwin (Clark and Cowlitz counties)	23
# 33. Create new Rainey Creek rainbow trout fishery (Lewis County).....	24
# 34. Increase angling opportunity on Blue Creek (Cowlitz River) (Cowlitz County, Blue Creek tributary to Cowlitz River)	24
# 35. Increase open angling area on Coweeman River.....	24
# 36. Increase hatchery summer steelhead harvest opportunity on the South Fork Toutle River	24
# 37. Increase hatchery summer steelhead harvest opportunity on the Green and Toutle rivers.....	25

# 38. Increase hatchery steelhead harvest opportunity in the Kalama River (Cowlitz County)	25
# 39. Open steelhead fishery on White Salmon River (Skamania County)	25
# 40. Change trout fishing rules on Skate Creek and Tilton River (Lewis County)	26
Puget Sound Region Freshwater	26
# 41. Allow angling in beaver ponds on or adjacent to streams open to angling	26
# 42. Change Ebey Lake fishing rules (Snohomish County)	26
# 43. Convert Long Lake to a year-round fishery (Thurston County)	27
# 44. Convert Ohop Lake to a year-round fishery (Pierce County)	27
# 45. Change Shady Lake opening date (King County)	28
# 46. Reduce waterfowl hunter/angler use conflicts on Fazon & Tennant Lakes	28
# 47. Open most tributaries to Ross Lake to angling (Whatcom County)	28
# 48. Require seasonal use of single point barbless hooks to protect Lake Sammamish Kokanee	28
# 49. Increase daily bag limit on Cascade Creek brook trout (San Juan County)	29
# 50. Increase angling opportunity on the South Fork Nooksack River (Skagit/ Whatcom counties)	29
# 51. Open Minter Creek to trout fishing (Pierce/Kitsap counties)	30
# 52. Deschutes River year-round fishery	30
# 53. Shorten fishing season on Channel Creek to protect spawning sockeye (Whatcom County)	30
# 54. Open a selective gear rules trout fishery in the lower Skagit River (Skagit/ Whatcom counties)	31
# 55. Close angling on Hutchinson Creek (Whatcom County)	31
# 56. Extend night closure and anti-snagging rules on the Wallace River (Snohomish County)	31
# 57. Change to selective gear rules on Canyon Creek to protect wild summer steelhead (Snohomish County)	32
# 58. Quilcene trout retention (Jefferson County)	32
# 59. Change harvest regulation on Clover Creek for salmonid smolt protection (Pierce County)	32
Coastal Region Freshwater	33
# 60. Allow retention of hatchery trout (ad-clipped) of any size in coastal streams (Grays Harbor, Willapa Bay, North Coast)	33
# 61. Require release of kokanee in Elk Lake and Umbrella Creek (Clallam County)	33
# 62. Convert Middle Nemah Pond and Mooses Pond to year-round fisheries (Pacific County)	33
Coastal Region Marine	34
# 63. Increase daily harvest quota for spot shrimp (Marine Areas 1-4)	34
# 64. Anchovy and sardine daily limit and use of cast net gear (Marine Areas 1-4, Willapa Bay and Grays Harbor)	34
# 65. Cabezon minimum size requirement	34
# 66. Rockfish species retention in Marine Area 4 west of the Bonilla-Tatoosh Line	35
# 67. Tuna daily limit	35
# 68. Reduce lingcod minimum size in Marine Area 4	35
# 69. Reduce lingcod season in Marine Area 4B	36

SPORTFISHING RULE CHANGE PROPOSALS

The Department solicited sportfishing rules from the public this year. However, rulemaking was limited due to continued budget and staffing reductions, and Governor Chris Gregoire's Executive Order 10-06 (effective November 2010), that suspended non-critical rule development and adoption through December 31, 2012. The Department limited rulemaking to the following criteria:

- 1) Rules addressing a critical conservation need; and
- 2) Rules providing significant recreational opportunities that generate revenue.

Written comments were due by January 29, 2013 and are summarized below. Oral comments were received at the Sportfishing Rule Public Hearing on February 8, 201. All **comments may be reviewed in their entirety at** WDFW's website: http://wdfw.wa.gov/fishing/regulations/rule_proposals/.

If adopted, these rules will take effect May 1, 2013.

STATEWIDE

1. Remove internal combustion motors prohibition on small streams

Short Description

Remove internal combustion motor prohibition rule from small streams in Regions 3 and 6.

Explanation

This is a "housekeeping" change to remove the internal combustion motor (ICM) prohibition from small rivers and creeks where the use of a floating device equipped with an ICM is impractical and would not be considered feasible. Removes this rule from streams in the following counties: Grays Harbor, Kittitas, Lewis, Pacific, Pierce, Thurston, Wahkiakum, and Yakima.

County	Stream	Section	Region
King Co.	Pratt River	From mouth upstream	4
King Co.	Taylor River	From mouth upstream	4
King Co.	Tolt River	From mouth to USGS trolley cable near confluence of North and South forks	4
King Co.	Tolt River, North Fork	From falls in section 26 upstream	4
King Co.	Tolt River, South Fork	From dam upstream	4
Kittitas Co.	Cle Elum River	from mouth to Cle Elum and from Cle Elum to Hyas Lake	3
Kittitas Co.	Umtanum Creek		3
Kittitas Co.	Box Canyon Creek		3
Kittitas Co.	Cooper River		3
Kittitas Co.	De Roux Creek		3
Kittitas Co.	Kachess River		3
Kittitas Co.	Naneum Creek		3
Kittitas Co.	North Fork Teanaway River		3
Kittitas Co.	Swauk Creek		3
Kittitas Co.	Taneum Creek		3
Kittitas Co.	Teanaway River		3
Lewis/Thurston Co.	Skookumchuck River	from Skookumchuck Reservoir upstream	6
Pacific Co.	Cedar River		6
Pacific Co.	Naselle River	from the North Fork upstream	6
Pacific Co.	Naselle River, South Fork		6
Pacific Co.	Nemah River, Middle Fork	from Dept. of Natural Resources bridge on Middle Nemah A-line Rd. upstream	6

Pacific Co.	Nemah River, South Fork	from confluence with Middle Nemah upstream to 2nd Hwy 101 bridge crossing	6
Pacific Co.	Palix River	from the confluence with the Middle Fork upstream (all forks including South Fork Palix and Canon rivers)	6
Pacific Co.	Smith Creek near North River	from Hwy 101 Bridge upstream	6
Pacific Co.	Willapa River	from Fork Creek upstream	6
Pacific Co.	Willapa River, SF		6
Pacific/ Grays Harbor Co.	North River	from Fall River upstream to Raimie Creek	6
Pacific/Wahkiakum Co.	Salmon Creek		6
Pierce Co.	Nisqually River	from Alder Reservoir upstream (including Little Nisqually, Mineral Creek, and North Fork Mineral Creek) and all other tributaries of Alder Reservoir	6
Pierce Co.	Clearwater River		6
Pierce Co.	Nisqually River	from the military tank crossing bridge (located one mile upstream of the mouth of Muck Creek, river mile 12) to 400' below La Grande Powerhouse	6
Pierce Co.	Ohop Creek		6
Pierce Co.	Puyallup River	from Weyerhaeuser 6000 Rd. (Bridge Camp) upstream	6
Pierce Co.	White River	from Weyerhaeuser 6000 Rd. (Bridge Camp) upstream	6
Skagit Co.	Cascade River	From Rockport -Cascade Road upstream to headwaters	4
Snohomish Co.	All Tributaries to the South Fork Skykomish River above Sunset Falls		4
Snohomish Co.	Monte Cristo Lake	Note: Monte Cristo "lake" is just a wide spot in the South Fork Sauk River; rules need to be consistent with the South Fork Sauk river	4
Snohomish Co.	Pilchuck Creek	Mouth to Highway 9 bridge	4
Snohomish Co.	Sauk River	From Darrington Bridge upstream including the forks	4
Snohomish Co.	Skykomish River, South Fork	From Sunset Falls upstream,	4
Snohomish Co.	Stillaguamish River, South Fork	From Mountain Loop Highway upstream	4
Snohomish Co.	Tye River	From Foss River upstream to Alpine Pass	4
Thurston Co.	Deschutes River	from Henderson Blvd. Bridge near Pioneer Park upstream	6
Thurston Co.	McAllister Creek		6
Whatcom Co.	Big Beaver Creek, Ross Lake Trib	Mouth to headwaters	4
Yakima Co.	Ahtanum Creek		3
Yakima Co.	American River		3
Yakima Co.	Bumping River		3
Yakima Co.	Cowiche Creek		3
Yakima Co.	Little Naches River		3
Yakima Co.	Rattlesnake Creek		3
Yakima Co.	Tieton River		3

Written Testimony (21 comments)

Support: Suggestion to apply this rule to the Humptulips, Wynoochee, and Satsop rivers as well.

Oppose: Comments include: (a) concern for jet sleds navigating streams and damaging salmon redds and habitat; (b) request to outlaw the operation of internal combustion motor for all systems where redds are present; (c) request to not allow fishing from a boat with an internal combustion motor specifically on the Cascade and Teanaway rivers only; (d) waters should be open to all users for fishing, regardless of boat type as most people can only afford one boat and not all are physically capable of rowing or walking in; (e) expand the ban further to provide quality angling experience and reduce pollution and degradation of habitat.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

2. Washington Administrative Code (WAC) language, maintenance, and technical changes**Short Description**

Corrects Washington Administrative Code language to reflect rule adoptions made by the Commission (technical changes). Formats the language in a clear structure and corrects mistakes in spelling etc.

Explanation

This proposal corrects errors in WAC language and is a technical fix to address these errors. For example, some of the rules adopted by the Commission during the 2012-13 Sport Rules process were not written into WAC language correctly (e.g. Kettle River, San Poil River). This change is needed so that the WAC language matches the Commission's intent.

Americans with Disabilities Act related technical fixes.

Water	Rule Change
Bear Lake (Spokane Co)	Juvenile anglers, licensed adults accompanied by a juvenile, anglers with a disability who have a designated harvester companion card only.
Columbia Basin Hatchery Creek (Grant Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Columbia Park Pond (Benton Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Cowlitz River (Cowlitz/Lewis Co)	From mouth to Mayfield Dam: Closed waters within a 100 foot radius of the new Cowlitz Trout Hatchery outfall structure except for persons with disabilities who permanently use a wheelchair AND who have a designated harvester companion card may fish within posted markers when adjacent waters are open.
Dayton Pond (Columbia Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Fork Creek (Grays Harbor Co), Fork Creek Hatchery	CLOSED WATERS – Except for persons with disabilities who permanently use a wheelchair AND who have a designated harvester companion card.
Goose Creek (Lincoln Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Headgate Pond (Asotin Co)	Juvenile anglers, seniors, anglers with a disability who have a designated harvester companion card only.
Hoodsport Hatchery	Persons with disabilities who permanently use a wheelchair AND who have a designated harvester companion card may fish from the ADA accessible site at the Hoodsport Salmon Hatchery, provided such persons follow all applicable rules and regulations of the adjoining waters of Marine Area 12.
Kiwanis Pond (Kittitas Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Ping Pond (Grant Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Sarge Hubbard Park Pond (Yakima Co)	Juvenile anglers, anglers with a disability who have a designated harvester companion card only.
Satsop River and East Fork (Grays Harbor Co), Bingham Hatchery	CLOSED WATERS – Except for persons with disabilities who permanently use a wheelchair AND who have a designated harvester companion card.
Vance Creek Pond #1 (Grays Harbor Co)	Juvenile anglers, seniors, anglers with a disability who have a designated harvester companion card only.

Miscellaneous technical fixes

Water	Rule Change
Aldrich Lake (Mason Co)	Remove "no size restriction for kokanee"
Black Lake (Thurston Co)	Remove "no size restriction for kokanee"
Buck Lake (Kitsap Co)	Remove "no size restriction for kokanee"
Carney Lake (Pierce Co)	Remove "no size restriction for kokanee"
Chaplain Lake (Snohomish Co)	List as "Closed waters"
Coal Creek (Clallam Co)	Change the season ending date from October 15 to October 31.
Cougar Lake (near Winthrop) (Okanogan Co)	Selective rear rules and internal combustion motors prohibited were inadvertently left out of the WAC and pamphlet last year and need to be added to the following: All Game Fish Apr 1 - Aug 31, catch and release.
Jolanda, Lake (Chelan Co)	List this as its own entry in the WAC in addition to under the Wenatchee River entry; currently it is listed only under the Wenatchee River entry. This is basically a wide spot in the river.

Kettle River (Stevens Co)	Add the following: Selective gear rules are not required from Canadian border upstream to Highway 21 Bridge at Curlaw for juvenile anglers (under 15 years old).
Rat Lake (Okanogan Co)	Provide an additional All Game Fish season, From December 1 through March 31, with statewide minimum size and daily limit rules.
Rufus Woods Lake (Douglas Co)	List as "Closed waters from Grand Coulee Dam downstream to State Route 155 Bridge."
Samish River (Whatcom Co)	Change the county to Skagit
San Poil River (Ferry Co)	Add the following language as listed by section: From the western shoreline at the mouth of the San Poil Arm (as marked by a regulatory buoy) directly eastward across the San Poil Arm to the eastern shoreline of the San Poil Arm (as marked by a regulatory buoy) upstream to the north shore of the outlet of French Johns Lake (Manila Creek) northeast across the San Poil Arm to the north shore of the outlet of Dick Creek: April 1 through January 31 season for Kokanee, Trout, Walleye, and Smallmouth Bass. From the north shore of the outlet of French Johns Lake (Manila Creek) northeast across the San Poil Arm to the north shore of the outlet of Dick Creek upstream to approximately five miles upstream from the outlet of French Johns Lake, as marked by regulatory buoys: Year-round season for Other Game Fish, Salmon, and Carp.
Silver Creek (Lewis Co)	Change the trout minimum length from 12" to 14"
Spokane River (Spokane Co)	Add the following language to this section: From SR 25 Bridge upstream to 400 feet below Little Falls Dam: April 1 through May 31 release all walleye.
Washougal River (Clark Co)	Revise the rule to state, "Anti-snagging rule and stationary gear restriction July 1 through Oct 31 from mouth to Mount Norway Bridge and from September 1 through Oct 31 from Mount Norway Bridge upstream." --Previously the entire section was anti-snagging rule and stationary gear from July 1 through October 31st and now this rule is time-stepped.
Williams Lake (Lewis Co)	Change the spelling to Willame.
Wind River (Skamania Co)	Change to "closed waters" from 400 feet below to 100 feet above Shipherd Falls fish ladder, including all tributaries for the entire season. In addition, "closed waters" from the Moore Bridge on the Wind River Highway, approximately one mile north of the Carson National Fish Hatchery upstream including all tributaries.

Written Testimony (3 comments)

All comments are supportive.

Public Hearing (0 comments)

There were no comments.

Modification:

Current proposal with the following changes:

1. Burbank Slough (Walla Walla County):

- (a) The text currently reads "It is unlawful to fish in the area...". This edits text to read "It is unlawful to fish from any floating device in the area...".
- (b) The exception to the area is further defined to read as "up to the fish screen at the Number 3 Pumping Station".

2. Calispell Creek Tributaries:

"Selective Gear Rules" are added to align with the mainstem.

3. Clearwater River (Jefferson County), from the mouth to Shnapish River:

The steelhead retention timeframe is edited from "February 16 through April 30", to "February 16 through April 15".

4. Columbia River:

(a) From the I-5 Bridge to Bonneville Dam.

- (i) Fixes an editing error for sturgeon fishing area description.
- (ii) Fixes a typo in the new outline system.

(b) From the Highway 395 Bridge at Pasco to the Old Hanford townsite wooden powerline towers, in Sec. 30, T13N, R28E.

Fixes an editing error in the Ringold Area Bank Fishery waters section.

5. Humptulips River (Grays Harbor County):

(a) From the mouth (Jessie Slough) to Ocean Beach Road (near Copalis Crossing).

Fixes an editing error in the season dates.

(b) From Ocean Beach Road (near Copalis Crossing) to Highway 101 Bridge.

Fixes an editing error in the season dates.

(c) From Highway 101 Bridge to the confluence of the East and West forks.

Fixes an editing error in the season dates.

6. Naselle River, South Fork (Pacific County):

Removes unnecessary language.

7. Nooksack River, South Fork (Skagit/Whatcom counties), from mouth to Skookum Creek:

"From the first Saturday in June through January 31" has been added to the Selective Gear Rule language to clarify that the rule applies to all species.

8. Palix River, including all forks (Pacific County), from the Highway 101 Bridge to the mouth of the Middle Fork:

Fixes typo in the sturgeon season.

9. Palouse River (Whitman County), from the mouth to the base of Palouse Falls:

From September 1 through March 31, the text currently reads "no more than 3 steelhead may be retained". This edits the wording to "no more than 3 hatchery steelhead may be retained".

10. Scooteney Reservoir (Franklin County):

"No more than one walleye over 22 inches in length may be retained," has been added to align with Moses Lake.

11. Skagit River (Skagit/Whatcom counties), From Gilligan Creek to The Dalles Bridge at Concrete:

Fixes an editing error for the season dates.

12. Wenatchee River (Chelan County):

The text has been edited to read "Open for whitefish only December 1 through March 31 from the mouth to the Highway 2 Bridge at Leavenworth; whitefish gear rules apply" to clarify that the season is for whitefish only.

Staff Recommendation:

Adopt as modified.

3. Resident trout streams open on Saturday of Memorial Day Weekend

Short Description

Open all resident trout streams on Saturday of the Memorial Day weekend where anadromous fish are not present.

Explanation

The two most important times for outdoor recreation are Memorial Day and Labor Day weekends. Opening fishing in resident trout streams on Memorial Day weekend would increase recreational benefits that could be provided by these resources.

Region	Stream Name	County	Proposed Open/Closure Dates
1	Rock Creek from Endicott Rd. to the bridge on George Knott Rd. at Revere	Adams/Whitman	Saturday before Memorial Day to October 31
1	Kettle River tributaries downstream of Barstow Bridge	Ferry	Saturday before Memorial Day to October 31
1	Sanpoil River and tributaries from headwaters to Colville Confederated Tribes reservation boundary	Ferry	Saturday before Memorial Day to October 31
1	Sherman Creek (except closed waters listed in Special Rules) and tributaries	Ferry	Saturday before Memorial Day to October 31
1	Kettle River and tributaries from Barstow Bridge upstream	Ferry/Stevens	Saturday before Memorial Day to October 31

1	Browns Creek	Pend Oreille	Saturday before Memorial Day to October 31
1	Calispell Creek from Calispell Lake upstream	Pend Oreille	Saturday before Memorial Day to October 31
1	Calispell Creek tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Cedar Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Indian Creek	Pend Oreille	Saturday before Memorial Day to October 31
1	LeClerc Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Little Spokane River upstream of West Branch except closed waters listed in special rules	Pend Oreille	Saturday before Memorial Day to October 31
1	Mill Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Pend Oreille River tributaries not listed in Special Rules	Pend Oreille	Saturday before Memorial Day to October 31
1	Priest Lake tributaries except those listed in Special Rules	Pend Oreille	Saturday before Memorial Day to October 31
1	Priest River tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Ruby Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Slate Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	South Fork of Salmo River and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Sullivan Creek from Mill Pond upstream and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Sullivan Creek from mouth upstream to Mill Pond	Pend Oreille	Saturday before Memorial Day to October 31
1	Sullivan Lake tributaries except Harvey Creek from mouth to Bridge 4830 on county road (about 1 1/2 upstream)	Pend Oreille	Saturday before Memorial Day to October 31
1	Tacoma Creek and tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Upper Priest Lake tributaries	Pend Oreille	Saturday before Memorial Day to October 31
1	Tributaries to the Spokane River not listed in fishing pamphlet special rules	Spokane/Lincoln/Stevens	Saturday before Memorial Day to October 31
1	Little Spokane River - upstream of West Branch Little Spokane River	Spokane/Pend Oreille	Saturday before Memorial Day to October 31
1	Tributaries to the Little Spokane River not listed in fishing pamphlet special rules	Spokane/Pend Oreille/Stevens	Saturday before Memorial Day to October 31
1	Colville River from town of Valley upstream and tributaries	Stevens	Saturday before Memorial Day to October 31
1	Colville River tributaries downstream of town of Valley	Stevens	Saturday before Memorial Day to October 31
1	Little Pend Oreille River and tributaries	Stevens	Saturday before Memorial Day to October 31
1	Roosevelt Lake tributaries between Grand Coulee Dam and State Hwy. 25 Bridge at Northport - except Barnaby Creek, Nancy Creek, and tributaries listed elsewhere in Special Rules	Stevens, Ferry, Lincoln	Saturday before Memorial Day to October 31
2	Chikamin Creek	Chelan	Saturday before Memorial Day to October 31
2	Entiat River above Entiat Falls	Chelan	Saturday before Memorial Day to October 31
2	Icicle Creek- from Mouth to Leland Creek	Chelan	Saturday before Memorial Day to September 30
2	Nason Creek - from Smith Brook to Stevens Creek	Chelan	Saturday before Memorial Day to October 31
2	Phelps Creek - from mouth to falls at river mile 1	Chelan	Saturday before Memorial Day to October 31
2	Rock Creek	Chelan	Saturday before Memorial Day to October 31

2	Tributaries to Rufus Woods Lake	Douglas/Okanogan	Saturday before Memorial Day to October 31
2	Bonaparte Creek from falls (one mile upstream) upstream, including all tributaries not listed in fishing pamphlet special rules	Okanogan	Saturday before Memorial Day to October 31
2	Boulder Creek and all tributaries not listed in fishing pamphlet special rules	Okanogan	Saturday before Memorial Day to October 31
2	Chewuch River - mouth to Eight Mile Creek	Okanogan	Saturday before Memorial Day to August 15
2	Lost River - from Monument Creek to Cougar Lake	Okanogan	Saturday before Memorial Day to October 31
2	Methow River - County Road 1535 to Highway 153 Bridge at McFarland Creek	Okanogan	Saturday before Memorial Day to September 15
2	Methow River - Highway 153 Bridge at McFarland Creek to Gold Creek	Okanogan	Saturday before Memorial Day to September 30
2	Methow River - Gold Creek to Foghorn Dam	Okanogan	Saturday before Memorial Day to September 30
2	Methow River - Foghorn Dam to Weeman Bridge	Okanogan	Saturday before Memorial Day to August 15
2	North Fork Salmon Creek	Okanogan	Saturday before Memorial Day to October 31
2	Okanogan River - upstream of Malott	Okanogan	Saturday before Memorial Day to August 31
2	Similkameen River - upstream of Enloe Dam	Okanogan	Saturday before Memorial Day to October 31
2	Sinlahekin Creek from Palmer Lake to Cecile Creek Bridge	Okanogan	Saturday before Memorial Day to August 31
2	Sinlahekin Creek from Cecile Creek Bridge upstream including all tributaries	Okanogan	Saturday before Memorial Day to October 31
2	Tributaries to Methow River not listed in special rules	Okanogan	Saturday before Memorial Day to October 31
2	Twisp River from mouth to War Creek	Okanogan	Saturday before Memorial Day to August 15
2	West Fork Salmon Creek	Okanogan	Saturday before Memorial Day to October 31
3	Cooper River	Kittitas	Saturday before Memorial Day to October 31
3	Upper Cle Elum River and all tributaries not listed in fishing pamphlet special rules	Kittitas	Saturday before Memorial Day to October 31
3	Bumping River - upstream of Bumping Lake	Yakima	Saturday before Memorial Day to October 31
3	Deep Creek - upstream of closed section listed in fishing pamphlet special rules	Yakima	Saturday before Memorial Day to October 31
3	Indian Creek - upstream of closed section listed in fishing pamphlet special rules	Yakima	Saturday before Memorial Day to October 31
3	North Fork Tieton River	Yakima	Saturday before Memorial Day to August 15
3	South Fork Tieton River- upstream of closed section listed in fishing pamphlet special rules	Yakima	Saturday before Memorial Day to October 31
4	Boxley Creek (S. Fk. Snoqualmie R.) - upstream of falls located at river mile 0.9	King	Saturday before Memorial Day to October 31
4	Coal Creek - upstream of Interstate 90	King	Saturday before Memorial Day to October 31
4	Green River- upstream of Friday creek including all tributaries	King	Saturday before Memorial Day to October 31
4	Pratt River - catch and release selective gear rules	King	Saturday before Memorial Day to October 31
4	Snoqualmie River - upstream of Snoqualmie Falls, including tributaries of North and South Forks (except Tate, Sunday and Phillapa Creeks)	King	Saturday before Memorial Day to October 31
4	Taylor River - catch and release selective gear rules	King	Saturday before Memorial Day to October 31
4	Black Creek - from Bear Creek confluence upstream	Snohomish	Saturday before Memorial Day to October 31
4	Boulder River from Boulder Falls upstream	Snohomish	Saturday before Memorial Day to October 31

4	Chaplain Creek - upstream from falls to the dam at Chapman Lake, including tributaries and beaver ponds	Snohomish	Saturday before Memorial Day to October 31
4	East Fork Woods Creek and all tributaries- including beaver ponds, upstream of Old Pipeline Road	Snohomish	Saturday before Memorial Day to October 31
4	Marsh Creek - upstream from falls, including tributaries and beaver ponds	Snohomish	Saturday before Memorial Day to October 31
4	North Fork Skykomish - upstream from Deer Falls, including tributaries	Snohomish	Saturday before Memorial Day to October 31
4	North Fork Stilliguamish River- upstream of falls and all tributaries	Snohomish	Saturday before Memorial Day to October 31
4	North Fork Tolt River - upstream of falls in Section 26, including tributaries, selective gear rules, catch and release.	Snohomish	Saturday before Memorial Day to October 31
4	Olney Creek - upstream of Olney Falls, including tributaries and beaver ponds	Snohomish	Saturday before Memorial Day to October 31
4	Pilchuk Creek and tributaries- from Pilchuk Falls upstream, including tributaries to Lake Cavanaugh	Snohomish	Saturday before Memorial Day to October 31
4	South Fork Tolt River - upstream of dam, selective gear rules	Snohomish	Saturday before Memorial Day to October 31
4	Tokul Creek - upstream of Tokul Road S.E., including all tributaries	Snohomish	Saturday before Memorial Day to October 31
4	Wallace River - upstream of Wallace Falls, including all tributaries	Snohomish	Saturday before Memorial Day to October 31
4	Youngs Creek and all tributaries- upstream of Potson Road (299th Ave. SE Bridge)	Snohomish	Saturday before Memorial Day to October 31
4	Canyon Creek - upstream of Canyon Creek Road Bridge, including all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	Cavanaugh Creek and all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	Cherry Creek all tributaries and beaver ponds - upstream of Cherry Creek Falls	Whatcom	Saturday before Memorial Day to October 31
4	Cumberland Creek and all tributaries - Upstream from Forest Service Road 17	Whatcom	Saturday before Memorial Day to October 32
4	Howard and all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	Howard Creek and all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	Middle Fork Nooksack River - upstream of City of Bellingham Diversion Dam, including all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	North Fork Nooksack River -upstream of Nooksack Falls, including all tributaries	Whatcom	Saturday before Memorial Day to October 31
4	O'Toole Creek - upstream of Marietta Falls	Whatcom	Saturday before Memorial Day to October 31
4	Plumbago and all tributaries - upstream from Sierra Pacific 140 Road bridge	Whatcom	Saturday before Memorial Day to October 31
4	Pressentin Creek and all tributaries - upstream from falls at river mile 0.3	Whatcom	
4	Roaring Creek and all tributaries - upstream of confluence with Deer Creek	Whatcom	Saturday before Memorial Day to October 31
4	Skookum Creek and all tributaries - upstream from confluence with Arlecho Creek	Whatcom	Saturday before Memorial Day to October 31
4	South Fork Nooksack River - from Wanlick Creek upstream, including all tributaries	Whatcom	Saturday before Memorial Day to October 31
5	Canyon Creek	Clark	Saturday before Memorial Day to October 31
5	Bird Creek	Klickitat	Saturday before Memorial Day to October 31
5	Outlet Creek	Klickitat	Saturday before Memorial Day to October 31
5	Spring Creek - Goldendale Hatchery	Klickitat	Saturday before Memorial Day to October 31
5	Little White Salmon River	Skamania	Saturday before Memorial Day to October 31
6	Dungeness River - from Gold Creek Upstream	Clallam	Saturday before Memorial Day to October 31

6	Quilcene River - From upper boundary of Falls View Campground upstream	Jefferson	Saturday before Memorial Day to October 31
6	Hamma Hamma River - from falls upstream	Mason	Saturday before Memorial Day to October 31
6	Hamma Hamma River - from mouth to 400' below falls - special rules as listed in the fishing pamphlet	Mason	Saturday before Memorial Day to August 31
6	Jefferson Creek	Mason/Jefferson	Saturday before Memorial Day to October 31
6	South Prairie Creek - form City of Buckley diversion dam (River Mile 15) upstream	Pierce	Saturday before Memorial Day to October 31
6	Voight Creek - from falls under power line upstream	Pierce	Saturday before Memorial Day to October 31
6	Kennedy Creek- from falls (River Mile 41)and all tributaries	Thurston	Saturday before Memorial Day to October 31
6	Nisqually River - upstream of Alder Reservoir to the Mount Rainier National Park Boundary	Thurston	Saturday before Memorial Day to October 31

Written Testimony (12 comments):

Support: Most comment is supportive. Comments include (a) requests for all streams and rivers to open on Memorial Day, and (b) that this aligns with Oregon State rules.

Oppose: There was opposing comment for any streams that hold spawning populations of native redband trout.

Public Hearing (0 comments)

There were no comments.

Modification: Remove the two Hamma Hamma River sections from the table (both in Mason County) because these are in anadromous waters.

Staff Recommendation:

Adopt as modified.

4. Statewide fishing closure for sixgill, sevengill and thresher sharks

Short Description

Close angling statewide for sixgill, sevengill and thresher sharks.

Explanation

There is concern regarding the status of these species. Given their life history they are highly susceptible to overfishing.

Written Testimony (54 comments)

Support: Comments recommend protection of all these species in all Washington waters.

Oppose: Most comment opposes. Comments include: (a) disagree specifically for thresher sharks; (b) this is premature as there is not data to support the rule; (c) catch and release should be allowed.

Public Hearing (4 comments)

All comment opposed. Requests were made to allow catch and release fishery, require corrosive circle hooks, and require that fish remain in the water. One person said this proposal will reallocate the fish from Washington sport fishers to Oregon guides.

Staff Recommendation:

Adopt as proposed.

5. Evaluate two pole fishing opportunity on "quality water" lakes statewide Updated 11/09/2012

Short Description

Allow the use of two poles on "quality waters" statewide.

Explanation

Post implementation of the two-pole rule, WDFW is seeking to find additional waters where this rule can be applied to expand recreational opportunity. In addition: The "no two pole" icon was inadvertently left off of three selective gear rule waters in the sport fish pamphlet: Cougar, Buzzard and Little Twin. Since the inception of the two-pole rule, numerous anglers statewide have inquired

about the possibility of allowing the use of two poles on "quality waters". DFW is soliciting comments from the public to determine if the two-pole rule should be placed on "quality waters". Options are: 1. No action, Leave the two-pole rule on "quality waters" the way it is; 2. Allow two-pole on all "quality Waters"; 3. Allow two-pole on a portion of "quality waters"-based on staff and public recommendations.

Lakes and ponds listed in this table are proposed as two-pole waters.

Region	Lake/Pond Name	County
1	Amber	Spokane
1	Bayley	Stevens
1	Browns	Pend Oreille
1	Coffeepot	Lincoln
1	Long	Ferry
1	McDowell	Stevens
1	Medical	Spokane
1	Muskegon	Pend Oreille
1	Rigley	Stevens
2	Aeneas	Okanogan
2	Beda	Grant
2	Big Twin	Okanogan
2	Black	Okanogan
2	Blue (near Wannacut Lake)	Okanogan
2	Blue (Sinlahekin Creek)	Okanogan
2	Brookies	Grant
2	Campbell	Okanogan
2	Chopaka	Okanogan
2	Cougar (Pasayten Wilderness)	Okanogan
2	Davis	Okanogan
2	Dry Falls	Grant
2	Dusty	Grant
2	Ell	Okanogan
2	Green	Okanogan
2	Grimes	Douglas
2	Hidden	Okanogan
2	Homestead	Grant
2	Lenice	Grant
2	Lenore	Grant
2	Lower green	Okanogan
2	Merry	Grant
2	Nunnally	Grant
2	Quail	Adams
2	Rat	Okanogan
3	Lake Easton	Kittitas
4	Lone	Island
4	Mountain	San Juan
4	Rattlesnake	King
4	Ravensdale	King
5	Fort Borst Park	Lewis
6	Anderson	Jefferson

6	Damon	Grays Harbor
6	Kennedy Creek	Thurston
6	McLane Creek	Thurston
6	Mooses	Pacific
6	Middle Nemah	Pacific
6	Owens	Pacific
6	Promised Land	Grays Harbor
6	Shye	Grays Harbor
6	Vance Creek #2	Grays Harbor
6	Wynoochee Reservoir	Grays Harbor

Written Testimony (45 comments)

Support: This is a great idea and will provide economic benefit to the state.

Oppose: Concerns are expressed that allowing two poles will not allow these lakes to remain quality fishing areas and will make them into crowded "meat" fisheries.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

6. Statewide white sturgeon rules

Short Description

This proposal modifies rules for white sturgeon that will be developed through a series of public meetings and Commission guidance for the purpose of managing harvest and fisheries. Possible options include, but are not limited to: changes in 1) areas and/or times including catch and release only; 2) size limits; 3) 2 fish annual limit; 4) terminal gear (i.e., circle hooks, etc.).

Explanation

Abundance and productivity of white sturgeon inhabiting or originating from the lower Columbia River has declined substantially over the past five years due in part to long-term reductions in key food resources and predation by Stellar sea lions. Washington and Oregon fishery managers responded by decreasing annual harvest guidelines in the lower Columbia River by 40% in 2010, 29% in 2011, and 39% in 2012 (74% reduction from 2009 levels). Corresponding reductions have been implemented to guidelines for Willapa Bay and Grays Harbor and a seasonal retention closure was implemented in 2012 for Puget Sound fisheries. The intent of these actions is to stabilize and rebuild the white sturgeon population. Assessments are conducted each summer to monitor population responses to management actions. Results of the surveys become available mid-fall and additional restrictions may be needed if the population does not respond as intended. Recent management actions have focused on retention seasons and no-fishing spawning sanctuaries. Changes to general statewide rules for sturgeon should be part of the suite of actions available to managers and stakeholders. Corresponding changes to sturgeon rules have been considered by Oregon and on September 7, 2012 the Oregon Fish and Wildlife Commission approved a reduction in the Oregon annual bag limit to 2 fish effective January 1, 2013.

Written Testimony (35 comments)

Support: Comments include these requests: (a) annual limit of 2 sturgeons; (b) gear restrictions that include circle hooks and Dacron leaders; (c) make the fishery catch and release for a limited period, or until the population increases.

Oppose: Comments include these concerns: (a) sea lion predation; (b) commercial fisheries; (c) stress on the species from catch and release rule.

Public Hearing (1 comment)

One person spoke and opposed the 2 fish bag limit.

Staff Recommendation:

Option 1: Catch and release from Bonneville Dam on the Columbia River downstream, Coast and Puget Sound and tributaries January 1, 2014. Maintain the 5 fish annual limit.

Option 2: Catch and release from Bonneville Dam on the Columbia River downstream, Coast and Puget Sound and tributaries January 1, 2014. Reduce the annual limit to two fish May 1, 2013.

EASTERN WASHINGTON AND COLUMBIA REGION FRESHWATER

7. Align Washburn Island Pond rules with Colville Tribes (Okanogan County)

Short Description

Internal combustion motors may be attached to floating devices, but must not be used.

Explanation

Washburn Island Pond regulations are governed by both DFW and the Colville Tribe. Rule consistency is important, and in this case tribal rules allow combustible motors to be attached, while DFW rules prohibit attachment, even though both agencies prohibit fishing by combustible motor. Many of the anglers that use Washburn Island Pond have larger boats, which make the removal of combustible motors unfeasible.

Written Testimony (15 comments)

Support: Comments support (a) making regulations consistent between the two agencies, and (b) the new rule allows more people to enjoy the fishery without the hassle and hazards of removing outboard motors.

Oppose: Most comment opposes. Concerns include: (a) there will be increased illegal activity and crime in the area; (b) searun cutthroat fishing should be catch and release only; (c) fishers will target salmon; (d) there will be trespass on private property.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

8. Increase Snake River hatchery summer steelhead harvest

Short Description

Develop consistent trout/steelhead rules on the Snake River to allow harvest of trout/steelhead from June 16 to March 31 with retention of up to 3 hatchery steelhead and barbless hooks required when fishing for steelhead.

Explanation

The existing rule(s) were put in place to protect smolts until June 16 and then allow for the removal of hatchery steelhead smolts that had not migrated. Currently, a restriction on steelhead retention from June 16 to August 31 prevents anglers from targeting wild steelhead during marginal summer water temperatures. However, water temperatures have decreased because court mandated cold water discharges from Dworshak Reservoir in Idaho now cool the water temperatures in the lower Snake River. Changing the regulation as proposed aligns the Snake River regulations better between the Snake and lower Tucannon rivers and allows the harvest of hatchery steelhead that DFW does not want to spawn naturally (as per the agency policy for segregated hatchery programs).

Written Testimony (12 comments)

Support: Most comments are supportive. Comments include: (a) we need to remove hatchery fish from the wild fish; (b) pool fishing for steelhead can be excellent in tributaries of the Snake River earlier in the summer; (c) the cooler water will present less of a hazard to wild fish; (d) the added angling opportunity will be well received.

Oppose: Concerns include (a) anglers will not follow the gear and retention rules and so request to increase enforcement to compensate for the inevitable loss, and (b) enforcement cannot know if fisher is fishing for steelhead, sturgeon, or salmon as all three species bite on fresh herring and shrimp.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

9. Remove or modify size and daily limits for bass, walleye, and channel catfish in the Columbia River, Snake River and their tributaries

Short Description

Below are two proposed rule options to reduce negative interactions between Endangered Species Act (ESA) listed anadromous fish and predatory warmwater fish:

Option 1 – Remove size and daily limits for bass and walleye and daily limits for channel catfish in the Columbia River, Snake River and their tributaries.

Option 2 – Remove daily limits and modify size limits for bass and walleye and remove daily limits for channel catfish in the Columbia River, Snake River and their tributaries.

- Bass – no daily limit, no more than 3 over 15 inches
- Walleye –no daily limit, no more than 1 over 24 inches
- Channel catfish - no daily limit

Rivers or portions of rivers affected by both proposed options:

Bass and walleye:

Stream	Portion of stream affected by proposal
Columbia River mainstem	McNary Dam upstream to Chief Joseph Dam
Yakima River and tributaries	All portions of the Yakima River and tributaries that are open to game fish angling
Okanogan River and tributaries	All portions of the Okanogan River and tributaries that are open to game fish angling
Walla Walla River and tributaries	All portions of the Walla Walla River and tributaries that are open to game fish angling
Snake River mainstem	Confluence with Columbia River upstream to the Idaho/Oregon border
Tucannon River and tributaries	All portions of the Tucannon River and tributaries that are open to game fish angling
Palouse River from mouth to Palouse Falls	All portions of the Palouse River that are open to game fish angling
Grande Ronde River and tributaries	All portions of the Grande Ronde River and tributaries that are open to game fish angling

Channel catfish: size and daily limits for channel catfish were removed in 2002 in the majority of waters listed above. Remove daily limits in the following:

Stream	Portion of stream affected by proposal
Columbia River mainstem	Priest Rapids Dam upstream to Chief Joseph Dam
Okanogan River and tributaries	All portions of the Okanogan River and tributaries that are open to game fish angling
Tucannon River and tributaries	All portions of the Tucannon River and tributaries that are open to game fish angling

Explanation

The proposal seeks to increase the harvest of bass, walleye and channel catfish in the Columbia River, Snake River and their tributaries to reduce competition and predation on Endangered Species Act (ESA) listed anadromous salmonids. This proposal is consistent with supporting The Department’s conservation mission to support ESA listed salmon and steelhead recovery in the Columbia River Basin. Conserving ESA listed anadromous salmonids through sport fishing regulation is one of many strategies necessary to achieve salmon and steelhead recovery goals.

Written Testimony (259 comments)

Support: Most comments support Option 1. Requests include: (a) modify rule to include the entire Columbia River system, to include all tributaries below McNary Dam, to include all tributaries in the Lower Columbia River; (b) modify rule to specifically include Lake Rufus Woods (reservoir above Chief Joseph Dam), White Salmon River, Klickitat River, and Rock Creek; (c) remove the upper size limits. Further comments include: (a) adoption of Option 2 would imply the Department intends to maintain healthy populations of large non-native predators; (b) people are paid to reduce the population of native northern pike minnow, so it makes sense to prevent invasive, non-native species from proliferating and impacting salmon and steelhead smolts; (c) millions of dollars are spent to recover, enhance and protect salmon and steelhead populations (under legal obligation to do so) and so we should not allow these non-native species to flourish; (d) needs to be adopted as option 4 and in conjunction with proposal 15 in order to be effective, as the predator species seed downstream; (e) will benefit non-listed native species such as red band trout, kokanee, and white

sturgeon; (f) simplifies regulations; (g) should be managing for fewer non-native species; (h) Option 1 supports the Yakima Steelhead Recovery Plan, which was adopted by NOAA as part of the ESA Recovery Plan for MidColumbia River Steelhead.

Oppose: Comments include: (a) walleye provide a world class fishery in Eastern Washington, bringing much economic benefit to the local economy and WDFW (license sales), and removal of a limit would negatively affect the population and thus the fishery; (b) studies of bass and walleye as predators on anadromous fish show an impact but are not conclusive; (c) based on stomach sample surveys of bass, the large small mouth bass benefit salmonids as they consume high numbers of pike minnow and minimal numbers of salmonids; (d) the problem is the dams, not the walleye whose feeding habits have been shown to benefit salmon survival.

Public Hearing (0 comments)

There were no comments.

Modification:

Clarify the regulation is from the Washington/Oregon boarder above McNary Dam on the Columbia River upstream.

Staff Recommendation:

Adopt with modification

Option 1: Remove size and daily limits for bass and walleye and daily limits for channel catfish in the Columbia River, Snake River and their tributaries (filed in CR-102 WAC language).

Option 2: Remove daily limits and modify size limits for bass and walleye and remove daily limits for channel catfish in the Columbia River, Snake River and their tributaries.

- Bass – no daily limit, no more than 3 over 15 inches
- Walleye –no daily limit, no more than 1 over 24 inches
- Channel catfish - no daily limit

10. Clarify boundaries for Burbank Slough (Walla Walla County)

Short Description

Burbank Slough is listed in the Special Rules section and includes that "fishing from any floating device is prohibited." The current rule is not clear that some areas of Burbank are open to angling from a floating device.

Explanation

The current rule is not clear that some areas of Burbank Slough are available for fishing from a floating device. Areas west of Highway 12 (Casey Pond) are open, as is the channel east of Highway 12 to the No. 3 Pumping Station.

Written Testimony (1 comment)

Support: Concern the shoreline poaching will further increase in this area of the river if boat fishing is not allowed.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

11. Clarify areas open to angling on the Walla Walla River *Updated 10/18/2012* (Walla Walla County)

Short Description

UPDATED: Clarify the wording for the upper zone of the Walla Walla River as follows: Walla Walla tributaries from the Touchet River to the Oregon border are closed, with the exception of Mill Creek and the Touchet River."

Explanation

Removes the need for separate listings of Yellowhawk Creek, Cottonwood Creek, East Little Walla Walla and Dry Creek as closed waters and clears up any uncertainty regarding other small tributaries in the upper zone of the Walla Walla River as to whether they are open or closed. These small tributaries are closed to protect them as production areas for ESA listed steelhead juveniles. Some of these streams are spring fed and are likely rearing areas for juvenile steelhead. Trout in these streams are from natural production of juvenile steelhead.

Written Testimony (4 comments)

Most comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

12. Consistent internal combustion motor rules on the Grande Ronde River (Asotin County)**Short Description**

The upper and lower zones of the Grande Ronde River have internal combustion motors prohibited. In the lower zone that prohibition is from Sept 1-May 31, and in the upper zone it is from Sept 1 to April 15.

Explanation

Make rules consistent between river zones. Be congruent with the Asotin County motorized boating ordinance that was passed a couple of years ago.

Written Testimony (4 comments)

Support: Most comments are in support, and requests include motorized boats be excluded for as long as possible.

Oppose: Opposed comment speaks to low availability of areas where you can fish by boat.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

13. Prohibit the use of internal combustion motors on Yocum Lake (Pend Oreille Co.)**Short Description**

Prohibit the use of internal combustion motors on Yocum Lake.

Explanation

This lake is small and does not require an internal combustion motor to allow for good angling access. In addition, Pend Oreille County has requested that DFW fishing regulations align with the county ordinance that prohibits the use of internal combustion motors on Yocum Lake.

Written Testimony (0 comments)

No comment received.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

14. Convert Leader Lake to a year-round fishery

(Okanogan County)

Short Description

Create a year-round fishery and eliminate this lake as an opening day water.

Explanation

This lake has a good population of spiny ray fishes (e.g. black crappie; bluegill; yellow perch). The lake is normally closed to all fishing after September 30 each year. Having it open on a year-round basis will provide a winter ice fishery for Okanogan County residents and could help to keep in balance an ever increasing perch population.

Written Testimony (14 comments)

Most comments are in support. Comments include: (a) more fishing opportunity during long winters is always appreciated, as this is a great lake for ice fishing; (b) provides local economic benefit; (c) a good lake for children and novice fishers; (c) request that adoption not lead to the lake being rehabilitated due to spiny ray fish in the lake; (d) road access will need to be maintained.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

15. Liberalize bag limits for walleye on Lake Roosevelt and the Spokane Arm of Lake Roosevelt
Updated 10/18/2012 (Stevens/Lincoln counties)

Short Description

Increase harvest of walleye in Lake Roosevelt.

Explanation

Updated to clarify Table 1. The explanations for options 2 and 3 were reversed.

The Lake Roosevelt walleye population remains overabundant following the liberalization of harvest regulations in 2007, which were intended to reduce the abundance of walleye in the reservoir. Fall walleye index netting (FWIN) catch-per-unit-effort (CPUE) data indicates walleye abundance has not declined (Figure 1) and fish continue to exhibit slow growth and poor condition due to a predator/ prey imbalance within the reservoir. In addition, predation on other game and non-game fish species is a concern at the present abundance level. Creel data indicate that angler harvest (about 50,000 walleye annually) is not sufficient to achieve management objectives (Figure 2). Modeling suggests that an increase in angler harvest to 150,000 annually is necessary to meet management objectives. Opening the Spokane Arm during the walleye spawning season in April and May represents increased recreational opportunity, and four sportfishing regulation alternatives are being considered to allow for an increase in angler harvest

(Table 1). Figure 1. Mean FWIN CPUE for Lake Roosevelt walleye 2002 to 2011.

Figure 2. Lake Roosevelt angler harvest estimates 2007 to 2010.

Table 1. Lake Roosevelt sportfishing regulation alternatives. All to include opening of Spokane Arm during April – May.

Option 1	Retain Current 8 fish limit with 1 over 22" □ This regulation is not currently meeting the objective to reduce the population through angler harvest.
Option 2	16 fish limit □ Based on modeling results this regulation should increase angler harvest of walleye. Exploitation rates for age 9+ fish (22" length plus) will likely increase.
Option 3	16 fish limit with 1 over 22" □ Based on modeling results this regulation should provide for increased angler harvest of walleye, while maintaining the current exploitation rate for age 9+ fish (22" length plus) between 30-90%.
Option 4	No regulation on daily limit or size □ Biologically, a "no limit" would be acceptable in managing this population. Socially, WDFW understands that this proposal may be unacceptable to constituents.

Written Testimony (125 comments)

Support: General comments include: (a) need to manage for fewer, not more, non-native species; (b) concern for over fishing walleye not warranted as difficult to fish for and most fishers will catch minimal numbers; (c) fishing success will increase in April and May when waters are low and fish more concentrated; (d) request modify proposal to require retention of walleye less than 22 inches.

Most comments support Option 3 or 4. Option 3 support: adoption will keep the broodstock healthy and thin the population. Option 4 support: adoption will be the fastest way to reduce the population and increase salmon conservation, where millions of dollars have been spent on recovery. It will also benefit white sturgeon.

Oppose: Comments include: (a) the walleye fishery has a positive impact on the economy; (b) concern as to whether this rule is necessary and supported by science; (c) request to modify proposal to not open the fishery in the Spokane River arm during April and May due to low water levels which prohibit boat launching.

Public Hearing (1 comment)

Representatives from the Confederated Colville Tribe of Indians spoke about the efforts they are making to remove walleye from tribal fishing areas and the negative economic impact that walleye, an introduced species, have on tribal members.

Staff Recommendation:

All options include opening of Spokane Arm during April – May (year-round season).

Option 1: Retain Current 8 fish limit with 1 over 22"

Option 2: 16 fish limit

Option 3: 16 fish limit with 1 over 22"

Option 4: No regulation on daily limit or size (filed in CR-102 WAC language)

16. Increase Scooteney Reservoir daily bag limit for walleye (Franklin County)

Short Description

Increase daily walleye limit on Scooteney Reservoir from 5 to 8.

Explanation

The walleye population is abundant and does not require the current conservative daily bag limit. Many walleye are lost to the fishery prior to reaching the 12 to 16 inch size class because the irrigation system outflow carries them out of the reservoir. This makes the daily limit consistent with Moses Lake and Potholes Reservoir.

Written Testimony (6 comments)

All comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

17. Convert North Silver Lake to a year-round fishery (Spokane County)

Short Description

Allow increased fishing and harvest opportunity for warmwater fish by removing this lake from the Special Rules section and manage it under Statewide Rules.

Explanation

There is no longer public access to this lake. Trout will no longer be stocked in this body of water, restrictive regulations are unnecessary.

Written Testimony (7 comments)

All comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

18. Increase Touchet River hatchery summer steelhead harvest while protecting wild spawning summer steelhead (Walla Walla County)

Short Description

Extend steelhead season by 15 days on the Touchet River

Explanation

Balances the needs to protect wild spawning steelhead and to harvest hatchery steelhead from the river.

Written Testimony (6 comments)

Most comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

19. Extend Okanogan River game fish season (Okanogan County)

Short Description

Extend the game fish season for the area upstream of the highway bridge at Malott to September 15.

Explanation

Recent permanent rule changes for salmon on the Okanogan River closes the season on Sept 15. It would be consistent with the salmon closure to close the "all other game fish" season at the same time (Sept 15th) to allow non-salmon anglers to fish this section of the river as well.

Written Testimony (5 comments)

All comments are in support. Suggestions include allowing harvest of all fish other than trout (e.g. bass, walleye, whitefish) during any steelhead season, with selective gear rules only for all species.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

20. Adjust angling regulations on Monument Creek to protect ESA listed bull trout (Okanogan County)**Short Description**

Currently Monument Creek is managed under statewide general stream rules. General rules permit the use of barbed hooks and bait. The rules for Monument Creek should be adjusted to selective gear rules to protect federally threatened bull trout.

Explanation

Monument Creek is an important spawning area for federally threatened bull trout. Bull trout spawning in Monument Creek are comprised of both fluvial and resident fish. Fluvial fish have migrated to the area from the Methow River. Current rule allowing barbed hooks and bait is not consistent with WDFW and USFWS bull trout Management and Recovery Plans and should be changed to selective gear rules. Adjusting the regulation to selective gear rules still allows angling in this stream, while increasing protection of bull trout.

Written Testimony (4 comments)

All comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

21. Adjust open area for trout fishing on the Methow River to protect steelhead (Okanogan County)**Short Description**

Increase conservation measures by closing trout angling in a section of the lower Methow River. More details --Close trout angling on the section of river from Gold Creek to Highway 153 bridge at McFarlane Creek. New rule would read "Methow River from County Rd 1535 (lower Burma Rd) Bridge to Gold Creek, all gamefish, First Sat in June - Sept 15."

Explanation

During September, within the lower section of the Methow River, steelhead begin to move upstream into the section of the river open for trout fishing. This rule change protects steelhead from incidental catch by closing a portion of the lower section to trout fishing.

Written Testimony (23 comments)

Support: Most comments are in support. Comments include (a) increased protection provided steelhead, and (b) requests the Department consider limiting guiding and floating from a fishing device due to substantial fishing pressure in this system.

Oppose: Current regulations are well balanced and serve the fish and fishermen.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

22. Remove daily limit on brook trout in Tucquala Lake

(Kittitas County)

Short Description

Change the rule in Tucquala Lake to no daily limit on brook trout.

Explanation

Provide additional opportunity to harvest non-native brook trout, which are prolific in this lake. Tucquala Lake is a wide, slow moving section of the upper Cle Elum River. Non-native char (brook trout and lake trout) in the upper Cle Elum drainage above Cle Elum Dam are an impediment to reintroduction/recovery of native bull trout and compete with native rainbow and cutthroat. Region 3 has adopted similar regulations to liberalize the daily limit for brook trout in other waters where bull trout and other native trout may be adversely impacted (e.g., Indian Creek, Yakima Co.; Yakima River from Easton Lake to Keechelus Dam).

Written Testimony (0 comments)

No comment received.

Public Hearing (0 comments)

There were no comments.

Modification:

Open the lake on the first Saturday before Memorial Day to be consistent with the river regulations on either side of the lake.

Staff Recommendation:

Adopt as modified.

23. Close to fishing year-round Gold Crk., Gold Crk. Pond and Outlet Channel (Kittitas Co.)

Short Description

Close the following: Gold Creek, Gold Creek Pond, and Outlet Channel (tributary to Keechelus Lake), including that portion of Gold Creek that flows through the dry lakebed.

Explanation

Extends closed waters into lake bed to protect a threatened adfluvial population of ESA listed bull trout that migrate between Keechelus Lake and Gold Creek to spawn. There have been documented problems with anglers fishing in the creek within the reservoir boundary and claiming they are fishing in Keechelus Lake, which is open to fishing year-round. Staging/migrating adult bull trout can be targeted by unethical or uninformed anglers who think it is legal to fish in Gold Creek within the reservoir boundary. This change has already been made for the same reason at Box Canyon Creek (Kachess Lake), and Indian Creek and N.F. Tieton River (Rimrock Lake).

Written Testimony (1 comment)

Supportive comment that Yakima Basin Fish and Wildlife Recovery Board supports this proposal, as (a) it addresses ambiguities in the current regulations, and (b) better protects an at-risk population of bull trout.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

24. Prohibit the use of internal combustion motors on two reaches of the Yakima River (Yakima County)

Short Description

Prohibit the use of internal combustion motors on 2 reaches of the Yakima River. Reach 1 - from the Interstate 82 Bridge at Selah Gap to 3,500' below Roza Dam. Reach 2-from 3,500' below Roza Dam to Roza Dam.

Explanation

Reach 1-The Yakima River below the Naches River confluence is a relatively large river and fishermen enjoyed fishing for trout and other gamefish from boats with internal combustion motors (ICM) until DFW adopted selective gear rules (SGR) in this reach (May 1,2009). The SGR at that time included the ban on fishing from boats equipped with an ICM unless explicitly allowed by special rule. No special rule allowing ICMs was adopted for this river section. In 2010, the ICM ban was de-coupled from the SGR, but the ICM ban continues to apply in this reach except during the spring Chinook fishery. Use of boats with ICMs is allowed by e-reg during the salmon fishery downstream of the I-82 Bridge at Selah Gap (just upstream of the Naches R. confluence). This rule change makes the use of ICM boats permanent during the gamefish season. Fishing from ICM-equipped boats upstream of the I-82 Bridge will remain unlawful because the river is much smaller and WDFW has orderly fishery and safety concerns. Reach 2-Fishing from boats equipped with internal combustion motors (ICM) is unlawful in the river section immediately downstream. Due to an oversight, this short section was omitted from the ICM ban. Management's intent is for the ICM ban to apply up to Roza Dam. During the spring

Chinook salmon season, we currently prohibit fishing from boats w/ ICMs in this section by e-reg. This change makes the ban permanent and includes the three-month winter whitefish season (Dec.-Feb.).

Written Testimony (4 comments)

Support: Comments that there is plenty of public access to fish this stretch of river.

Oppose: Comments include: (a) there is no public access to fish from the Selah gap to Rosa Dam, so this section will effectively be closed; (b) recently closing the area to bait fishing will result in juvenile fishers not being able to learn river fishing, and limits opportunity for those (both elderly and very young) who can't fly fish; (c) boats are present during the spring salmon season only and motor restrictions will make the area inaccessible; (d) there is already a nearby area that limits motor use and is fly fishing only; (e) rising fuel prices make this area important for local fishing.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

25. Change to Selective Gear Rules on multiple streams in Region 3 to protect ESA listed steelhead and bull trout and west slope cutthroat trout *Updated 11/09/2012*

Short Description

Extends selective gear rules protection (no bait, single barbless hooks) for salmonids in Manastash Creek, Little Naches River, Nile Creek, Oak Creek, Rattlesnake Creek, Taneum Creek, Teanaway River, Swauk Creek, North Fork Tieton River, and their tributaries.

Explanation

Recent improvements in passage conditions, fish screening and habitat flow enhancements in Manastash and Taneum creeks are allowing for increased numbers of adult steelhead to enter the drainage to spawn. The other listed systems have recently emerged as important steelhead spawning and rearing areas, contributing to the Mid-Columbia Distinct Population Segment for population recovery. It is important to protect the spawning/rearing areas of this ESA listed threatened species in the Yakima Basin. Protecting juvenile steelhead (and West slope cutthroat trout) from mortality associated with bait fishing is a needed conservation action. Bull trout spawning in Monument Creek is comprised of both fluvial and resident fish, and this is an important spawning area for federally threatened bull trout.

Written Testimony (16 comments)

All comments are in support. Comments include that adoption will benefit fishermen, the environment, and multiple species that include bull trout and westslope cutthroat trout.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

26. Black Friday trout opener on Region 5 lakes

Short Description

Provide additional holiday fishing opportunity through closing some lakes the Monday before Thanksgiving and re-opening them the Friday after Thanksgiving.

Explanation

Lakes are being planted the week of Thanksgiving with rainbow trout averaging over a pound each. The opener allows anglers to plan their trips to these lakes and provides time for all the lakes to be planted for this holiday fishery. List of Lakes: Fort Borst Park Pond; South Lewis County Park Pond; Kress Lake; Battle Ground Lake; Klineline Pond; Rowland Lake

Written Testimony (2 comments)

Both comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

27. Prohibit removal of salmon, steelhead, and dolly varden/ bull trout from the water on the Columbia River if intending to release

Short Description

Require that in freshwater areas (except in the Columbia River between the Buoy 10 line and the Rocky Point/Tongue Point line) salmon, steelhead, dolly varden/bull trout that are to be released may not be totally removed from the water.

Explanation

Aligns with Oregon's existing rule and would be required from February 15 through June 15, when fishing from vessels less than 30 feet in length (substantiated by Coast Guard documentation or Marine Board registration). For the past several years, Washington has adopted this rule via emergency regulation.

Written Testimony (12 comments)

Support: Most comments are in support. Comments include: (a) this may be difficult to enforce; (b) good to make the rules consistent for both Washington and Oregon states; (c) request for modification to apply proposal from Buoy 10 upstream as well.

Oppose: Comments include (a) proposal compromises fisher safety when fishing alone in rough water, and (b) it is very difficult to remove the fish from the hook when bank fishing.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

28. Change opening date on Swift Reservoir (Skamania County)

Short Description

Delay the opening to the first Saturday in June, add landlocked salmon rules with a maximum size of 15 inches, and increase the trout daily limit to 10 fish in September for the area from the dam to markers to 3/8 mile below Eagle Cliff Bridge.

Explanation

Salmon and steelhead are being reintroduced into the waters above Swift Reservoir and a smolt collector is being installed to capture migrating juvenile fish so that they can be moved out of the reservoir each spring starting in 2013. The reservoir is home to a very popular sport fishery for trout and landlocked salmon. The later opener is to protect migrating smolts, and the maximum size for land locked salmon is to protect adult salmon which may be in the reservoir. The trout limit is increased in September to increase angler participation and make up for the later opener.

Written Testimony (5 comments)

Support: Most comments are in support. Comments include: (a) there is need to increase the return of spawning adults, enhance the overall fishery, and provide conservation of the North Fork Lewis salmon and steelhead; (b) the Department could plant more trout in the Power Canal when Swift Reservoir is closed, because bird predation does not seem to be an issue in that area, and this would provide a different area to fish in late winter to early spring.

Oppose: Comments include: (a) will have minimal impact on the fishery; (b) there are landlocked and hatchery salmon over 15" that need to be harvested; (c) Swift Reservoir does not get enough early season fishing pressure to significantly impact out-migrating smolts.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

29. Change closure date on Vancouver Lake Flushing Channel (Clark County)

Short Description

Increase smolt protection by extending the closed waters rule in the Vancouver Lake flushing channel.

Explanation

The closure protects out-migrating smolts. To be clearer the closure date would change from May 30 to May 31.

Written Testimony (1 comment)

Comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

30. Expand fishing opportunity to families, disabled and seniors on Fort Borst Park Pond (Lewis County)**Short Description**

Allow family, disabled, and senior fishing opportunity on this lake.

Explanation

The lake can withstand more fishing pressure and public fishing access is limited in this area. Fishing events can still be held to provide juvenile only fishing opportunities.

Written Testimony (2 comments)

Both comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

31. Lake Scanewa year-round fishing (Lewis County)**Short Description**

Provide year-round fishing.

Explanation

Extend the current salmon fishery by opening the lake to salmon fishing from March through May; creating a year-round salmon fishery. Due to the type of terminal fishing gear used for salmon there is no significant negative impact on salmonid smolts. This rule change is supported by abundant hatchery origin spring Chinook salmon that are released in Lake Scanewa in the spring. Also, this rule change matches the current fishing rules in the adjacent waters of the upper Cowlitz and Cispus rivers.

Written Testimony (10 comments)

All comments are in support. Comments include: (a) expands hatchery fish opportunity; (b) makes the rules consistent for the upper watersheds above the Cowlitz Falls Dam; (c) enables fish to be caught in prime physical condition.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

32. Increase daily bag limit for kokanee on Lake Merwin (Clark and Cowlitz counties)**Short Description**

Increase daily limit to 10 kokanee plus 5 trout.

Explanation

Adult kokanee returns to Speelyai Hatchery have consistently exceeded escapement needs for broodstock collection for the last several years --escapement need is 160 pairs and several thousand over this have been returning annually.

Written Testimony (8 comments)

Support: Most comments are in support. Comments include: (a) bag limit could be increased to 15; (b) there has been too many hatchery fish spawning; (c) more harvest is needed; (d) the Department should increase the number of fish being stocked.

Oppose: Comments include: (a) Merwin provides a quality fishery from March through September, and this rule change could result in too many fish being caught, particularly when spring Chinook fishing is poor and crowds are large; (b) there is limited parking available to accommodate more fishers; (c) suggestion to provide other fishery options; (d) suggestion more fish be added from hatchery stocks; (e) suggestion the ramp at Cresap Bay be opened earlier.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

33. Create new Rainey Creek rainbow trout fishery (Lewis County)

Short Description

Provide an adipose fin clipped rainbow trout harvest season in this tributary at the upper end of Riffe Lake.

Explanation

In 2013, Tacoma Power will begin stocking rainbow trout in Rainey Creek as a partial replacement for lost opportunity in the Tilton River and Skate Creek. The Tilton River and Skate Creek will no longer be stocked because of the Statewide Steelhead Management Plan to remove hatchery trout plants from wild steelhead waters.

Written Testimony (1 comment)

Comment is in support, but suggests the Department should then also stock Skate Creek and the Tilton River.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

34. Increase angling opportunity on Blue Creek (Cowlitz River) (Cowlitz County, Blue Creek tributary to Cowlitz River)

Short Description

Open the fishery to all anglers and remove requirement that only anglers who permanently use a wheelchair may fish for the following section: from the posted sign at fence (about 40 feet downstream from rearing pond outlet) to the posted sign above the rearing pond outlet.

Explanation

This area no longer meets the American's with Disabilities Act (ADA) standards. A new ADA Access has been constructed nearby on the Cowlitz River to take its place. Open fishery dates have been changed to provide additional opportunity to harvest straying hatchery steelhead, thereby keeping them off the spawning ground and negatively impacting wild winter steelhead in the lower Cowlitz River. Retention of only hatchery steelhead is clarified.

Written Testimony (6 comments)

Most comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

35. Increase open angling area on Coweeman River

(Cowlitz County)

Short Description

Extend area open to fishing approximately 5 miles, from mouth to Baird Creek.

Explanation

Adds an additional five miles of area open to hatchery winter steelhead fishing, thereby increasing the harvest rate of hatchery winter steelhead and reducing the number of hatchery steelhead that may stray onto the spawning grounds and negatively impact wild winter steelhead.

Written Testimony (0 comments)

No comment received.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

36. Increase hatchery summer steelhead harvest opportunity on the South Fork Toutle River

(Cowlitz County)

Short Description

Provide a new season from the mouth to 4700 Road Bridge from the last Saturday in May to the first Friday in June, with selective gear rules and catch and release except up to two hatchery steelhead may be retained.

Explanation

Proposed by the Region 5 Steelhead Management Work Group (Public), this rule provides additional harvest opportunity on hatchery summer steelhead and increases the harvest rate and reduces the number of hatchery summer steelhead that may stray onto the spawning grounds and negatively impact wild winter steelhead. This rule change has been accomplished by emergency regulation for a number of years and it is reasonable to make it permanent.

Written Testimony (2 comments)

Both comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

37. Increase hatchery summer steelhead harvest opportunity on the Green and Toutle rivers

(Cowlitz County)

Short Description

Increase the harvest opportunity on hatchery summer steelhead. Open from mouth to 400 feet below the Toutle Hatchery water intake. All Game Fish: Last Saturday in May to the first Friday in June under selective gear rules.

Explanation

Reduces the potential spawning and ecological interaction between hatchery summer steelhead and wild winter steelhead. This rule has been implemented for many years via emergency regulation.

Written Testimony (2 comments)

Both comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

38. Increase hatchery steelhead harvest opportunity in the Kalama River (Cowlitz County)**Short Description**

Allow retention of hatchery steelhead from Summers Creek upstream to Kalama Falls.

Explanation

Hatchery (ad-clipped) steelhead are volitionally passed over (lower) Kalama Falls and are reaching upstream spawning areas. This rule will reduce the numbers of hatchery fish that may spawn naturally and negatively impact wild steelhead.

Written Testimony (3 comments)

All comment is in support. There is concern about the ability to enforce it, as currently anyone retaining a steelhead is in violation.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

39. Open steelhead fishery on White Salmon River (Skamania County)**Short Description**

Open hatchery steelhead angling on the White Salmon River from the county road bridge below the former powerhouse to Northwestern Lake Road Bridge and require selective gear rules.

Explanation

Condit Dam on the White Salmon River was breached in the fall of 2011 and salmonids now access the upper river. There has been a closure to fishing around the dam area due to safety concerns while the structure was being removed, In 2013 the area will be

back open to the public. This regulation opens that area to sport fishing under selective gear rules and allows the retention of hatchery steelhead. These rules protect spawning salmonids as they recolonize this new area.

Written Testimony (4 comments)

All comment is in support. Comments include: (a) support of all proposals providing more angling opportunities, especially under selective gear rule regulations; (b) suggestion to consider opening the area of the river above the northwest lake bridge during the winter months, as without the dam there is no need to arbitrarily close the river at the old reservoir.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

40. Change trout fishing rules on Skate Creek and Tilton River (Lewis County)

Short Description

Change trout rules to daily limit 2, minimum size 8 inches.

Explanation

Beginning in 2013 adipose fin clipped hatchery trout will no longer be stocked in these waters. Implement statewide rules for resident trout fisheries.

Written Testimony (4 comments)

Support: Most comment is in support. Comment includes a request that these rivers be catch and release only, to build up the population since they will no longer be stocked.

Oppose: Comments include (a) that this is a hatchery trout fishery and there is a need to remove as many hatchery trout as we can, and (b) this is a long distance to travel for just two fish.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

PUGET SOUND REGION FRESHWATER

41. Allow angling in beaver ponds on or adjacent to streams open to angling

Short Description

Beaver ponds located within or adjoining streams that are currently listed as open to trout and other gamefish follow the same rules and regulations as the stream unless otherwise regulated by special rules.

Explanation

The current fishing rules do not address beaver ponds located on and adjacent to streams that are open, so by definition, beaver ponds located on an open stream (unless the pond is named and listed as open) are closed. This was not the intent of the regulation, is confusing to the public, WDFW staff, and enforcement, and is unnecessary for conservation.

Written Testimony (12 comments)

All comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

42. Change Ebey Lake fishing rules (Snohomish County)

Short Description

Change to statewide freshwater general rules and remove from the Westside Lakes special rules section of the regulation pamphlet.

Explanation

Historically, Ebey Lake was managed as a quality fly fishing destination lake. DFW last stocked the lake in 1999 with 2000 cutthroat fry. There are two separate private properties that anglers must cross to access this lake. The entire shoreline of the lake is privately

owned. Angler access to the lake was permitted historically by an agreement between WDFW and the shoreline owner for “use limited to fishermen only & only in season” but the agreement expired in 1962 according to WDFW records. The road that accesses Ebey Lake crosses private property and has been gated by the landowners. Including Ebey Lake under the Westside lakes special rules section of the pamphlet gives anglers a false impression that this is an accessible, quality fly fishing lake. Anglers interested in fishing Ebey Lake contact DFW and/or DNR only to discover there is no legal access to the lake. There have been confrontations between landowners and fishermen attempting to access the lake.

Written Testimony (5 comments)

Support: Most comment is in support.

Oppose: Comment that most lakes in this area are “opening day” lakes and this proposal removes a quality fly fishing lake without providing an alternative, and consequently supports the rule proposal to make Lake 16 a quality fly fishing lake in place of Lake Ebey.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

43. Convert Long Lake to a year-round fishery (Thurston County)

Short Description

Eliminate this lake as an opening day water and make it a year-round fishery.

Explanation

Several lakes are located within the city limits of Lacey and Olympia but most are managed as Opening Day trout fisheries. Opening this lake year-round offers a fishing opportunity in a downtown setting where none currently exists. Additionally, hatcheries are having a difficult time getting all of the fish into lakes within a few weeks of the opener. This change would give hatchery staff flexibility when stocking year-round waters and could reduce predation by birds by stocking the other opening day managed waters closer to the opener. The lake also offers excellent fishing for warmwater fish that could be targeted year-round.

Written Testimony (6 comments)

All comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

44. Convert Ohop Lake to a year-round fishery (Pierce County)

Short Description

Eliminate this lake as an opening day water and make it a year-round fishery.

Explanation

In 2011, WDFW adipose clipped the catchable rainbow trout stocked into Ohop Lake to determine if fish were entraining out of the lake into the Nisqually River. Shortly after being stocked, adipose clipped rainbow trout were detected at the downstream smolt trap in the Nisqually River. In 2012, WDFW increased the mean size of the rainbow trout stocked into Ohop Lake in an attempt to reduce entrainment. No hatchery fish were detected at the downstream trap in 2012. Because larger fish are more expensive, WDFW will not be able to stock larger fish at a high enough density to reach the harvest goal desired for lakes managed with trout for opening day. This change will also increase the opportunity for fall and winter trout and warmwater fishing in South Sound.

Written Testimony (8 comments)

Support: Most comment is in support.

Oppose: Comments include (a) concern for unlawful activities at the lake boat ramp and parking lot, including increased burglaries, and (b) increased litter.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

45. Change Shady Lake opening date (King County)

Short Description

Open the season on the fourth Saturday in April.

Explanation

Shady Lake is the only seasonal fishing opportunity in Region 4 that is delayed until June and there are no alternative opening day lakes in the immediate vicinity of south-central King County. According to historic WDFW regional files, the current regulation at Shady Lake was implemented in 1986 to evaluate the effects of a delayed opener and special bag limit on the trout fishery. These changes were never evaluated. Thus, there is no compelling evidence for maintaining a shortened fishing season with restrictive harvest regulations. This will expand opportunity in this populous area of Washington State and improve the ability of WDFW to attract new anglers to the sport.

Written Testimony (1 comments)

Comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

46. Reduce waterfowl hunter/angler use conflicts on Fazon & Tennant Lakes *Updated 10/18/2012*

(Whatcom County)

Short Description

UPDATED: Change seasons to not allow fishing from a floating device until January 28th -- to coincide with the closing date of waterfowl hunting season.

Explanation

Balance opportunity for water fowl and fishing. Fazon Lake is a 32 acre lake with 6 duck blinds & one DFW access launch. Fishers in a boat or floating device cause ducks to flare or leave because of sight exposure.

Written Testimony (11 comments)

All comments are in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

47. Open most tributaries to Ross Lake to angling (Whatcom County)

Short Description

Open Ross Lake Tributary Streams and their tributaries from one mile upstream of Ross Lake to headwaters (except Ruby Creek closed and its tributaries open) under the following rules: All Game Fish: July 1-October 31, statewide minimum size/daily limit.

Explanation

These tributaries were dropped from the open list during the Stream Strategy process. All are above the anadromous zone and together constitute a very significant increase in stream miles open for fishing.

Written Testimony (4 comments)

All comments are in support; however one comment supports only if the tributary streams are catch and release only. Concerns include that the only access is in Canada and would like the ability to launch in Washington State.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

48. Require seasonal use of single point barbless hooks to protect Lake Sammamish Kokanee

(King County)

Short Description

Daily bag limit of five trout remains the same but to protect kokanee, only single point barbless hooks will be allowed from January 1 through April 30.

Explanation

Single point barbless hooks are to allow for the safe release of kokanee. Incidental catch of kokanee has increased during the winter. Kokanee in the lake are native and this regulation will help protect supplementation efforts that are currently underway. This regulation will also assist in the protection of native trout that are released.

Written Testimony (23 comments)

Support: Comments include (a) that this will protect kokanee and native trout, and (b) a recommendation to require barbless hooks for all species in this lake.

Oppose: Most comment is opposed. Comment includes: (a) concern for the impact on the bass fishery; (b) the loss of spawning habitat and water quality have greater impacts on kokanee than hook type; (c) the kokanee population is abundant; (d) recommendations for a shorter season, from January 1 through March 31, because bass anglers are more likely to modify tackle this time of year; (e) enforcement presence should be increased.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

49. Increase daily bag limit on Cascade Creek brook trout *Updated 10/18/2012* (San Juan County)**Short Description**

UPDATED: Provide a season for Cascade Creek (on Orcas Island, from mouth to Cascade Lake) from the first Saturday in June through October 31, with selective gear rules and a 10 fish daily limit.

Explanation

Brook trout are abundant in Cascade Creek, particularly in the non-anadromous zone. Coastal cutthroat are also present in limited numbers and appear to be getting out competed by non-native brook trout. No steelhead are present in the very short anadromous reach of this stream so there are no conservation concerns related to steelhead catch and release mortality.

Written Testimony (3 comments)

Both comments are in support. Comments include (a) a recommendation that this be changed to a juvenile only fishery, and (b) concern for impact to steelhead and other native fishes.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

50. Increase angling opportunity on the South Fork Nooksack River (Skagit/Whatcom counties)**Short Description**

South Fork Nooksack River and all tributaries, upstream from and including Wanlick Creek. Season first Saturday in June through October. Fly fishing only, catch and release.

Explanation

Salmon and steelhead have never been sighted in the South Fork Nooksack River upstream from Wanlick Creek. The South Fork Nooksack River and Wanlick Creek, as well as all their tributaries, host a mix of native fishes that are abundant into the very headwaters. The aquatic environment there is excellent. Listing this isolated stream system will offer more than 30 miles of excellent and diverse angling opportunities to sport fishermen. This gently sloped valley and the easily waded streams are unusually friendly to outdoor enthusiasts. The drainage encompasses mountain forests and spectacular alpine cirques. It includes a unique, New Zealand like botanical and physical environment that is the largest display of this kind in the western hemisphere. Sport fishermen will be able to wade and fish all the way up the ice fields.

Written Testimony (11 comments)

Support: Most comment is in support. Comment includes request to also open up South Fork Nooksack River and all tributaries, upstream from and including Wanlick Creek.

Oppose: Comment includes (a) recommendation adopt barbless hooks only instead, and (b) concern for impacts to smolts.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

51. Open Minter Creek to trout fishing (Pierce/Kitsap counties)

Short Description

Open Minter Creek to trout fishing the first Saturday in June-October 31 with selective gear rules, a minimum size 14 inches and a 2 fish daily limit.

Explanation

Increase opportunity and maintain consistency with Puget Sound Stream Strategy.

Written Testimony (8 comments)

Oppose: Most comment is opposed. Comments include: (a) concern for illegal activity and crime in the area; (b) that searun cutthroat fishing should be catch and release only; (c) fishers will target salmon; (d) concern for trespassing on private property.

Public Hearing (1 comment)

Comment was opposed to proposal.

Staff Recommendation:

Adopt as proposed.

52. Deschutes River year-round fishery

(Thurston County)

Short Description

Modify the fishing season for the section from Old Highway 99 Bridge on Capitol Boulevard (in city of Tumwater) upstream to the Henderson Boulevard Bridge near Pioneer Park so that trout fishing is open year-round for catch and release. Require selective gear rules except from September 1 through October 15, when bait is allowed and barbless hooks are required.

Explanation

Increase opportunity and consistent with fish management above Pioneer Park.

Written Testimony (4 comments)

Support: Comment includes this area will give fishermen much better access.

Oppose: Concern is that bait allowance from September 1 through October 15 will increase mortality rate for wild searun cutthroat.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

53. Shorten fishing season on Channel Creek to protect spawning sockeye (Whatcom County)

Short Description

Change the fishing season to the first Saturday in June through August 30, with statewide rules for minimum size and daily limit.

Explanation

Protect spawning sockeye. This action is in compliance with language in an agreement between WDFW and the Skagit Tribes.

Written Testimony (4 comments)

Support: Two comments are in support.

Oppose: Comments include (a) that fish don't spawn here during the proposed time period and so there will be no impact to the fish, and (b) this should go through North of Falcon process because it has to do with sockeye.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

54. Open a selective gear rules trout fishery in the lower Skagit River (Skagit/ Whatcom counties)

Short Description

Open a trout fishery from the mouth to Highway 536 Memorial Bridge from March 1 through May 31. Anglers must use hooks with a 1/2 inch gap (approximately a size 2 hook) and follow selective gear rules.

Explanation

This section of river is a popular trout fishery. This rule change will provide significant recreational trout fishing opportunity. Opening this fishery is not expected to have significant impacts on ESA listed anadromous fish.

Written Testimony (14 comments)

Support: Most comments are in support. Comment includes there is limited access in the Skagit River and this proposal restores fishing opportunity for Dolly Varden and searun cutthroat in the spring.

Oppose: Comment includes (a) there are plenty of other places to fish for trout, and (b) this will be counter-productive to protecting wild steelhead.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

55. Close angling on Hutchinson Creek (Whatcom County)

Short Description

Close to fishing to protect wild steelhead.

Explanation

Shortly after the stream strategy implementation, a comprehensive winter steelhead census was conducted on the Nooksack River in order to devise methods to estimate escapement on any given year. It was discovered that in the South Fork, 60% of the total spawning was occurring in Hutchinson Creek alone. Basin wide, Hutchinson Creek had 17% of the total winter steelhead escapement. Given the purpose of the stream strategy was to protect juvenile anadromous fishes while rearing, steelhead juveniles in particular, and the high density of steelhead spawning in Hutchinson Creek, closing for protection of rearing steelhead is consistent with the intent of the stream strategy concept.

Written Testimony (9 comments)

Support: Most comments are in support. Comments include: (a) closing the creek to all fishing would greatly reduce the risk of wild juvenile steelhead mortality due to retention as well as hook and line mortality; (b) second-hand account of verbal support from residents living on the creek; (c) support because the Department no longer plans to plant the creek for fishing derbies.

Oppose: Comment includes this proposal is an over-exaggeration of the impact that current fishing is having on the spawning steelhead in the creek.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

56. Extend night closure and anti-snagging rules on the Wallace River (Snohomish County)

Short Description

Extend night closure and anti-snagging rules from the mouth (farthest downstream railroad bridge) to 363rd Avenue SE/Reese Road (Dike Road) from June through February 15.

Explanation

Currently the anti-snagging rule starts with the salmon season. Chinook and coho are present in the river during the trout and game fish seasons. Enforcement reports concerns with salmon snagging during the trout and game fish season. This regulation change would make it easier to enforce anti-snagging. Additionally, the Wallace Hatchery is on this river and they have had difficulty meeting Chinook brood stock goals for the past three years. ESA listed Chinook spawn in the Wallace River so extending anti-snagging rules during the trout and game fish seasons would reduce impacts on wild spawning Chinook.

Written Testimony (7 comments)

All comments are in support. Comments include: (a) request to plant more Chinook and steelhead in the Wallace; (b) much snagging occurs and support any effort to reduce this problem; (c) further enforcement would be better, and is needed if adopted.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

57. Change to selective gear rules on Canyon Creek to protect wild summer steelhead (Snohomish County)

Short Description

Require selective gear rules in Canyon Creek to reduce hooking mortality of wild summer steelhead.

Explanation

Canyon Creek has a catch and release fishery except for hatchery steelhead. There are no longer hatchery releases of summer or winter steelhead into Canyon Creek. Selective gear rules would reduce hooking mortality of non-hatchery summer steelhead in Canyon Creek.

Written Testimony (5 comments)

Support: Three comments are in support.

Oppose: Comments include (a) the river is not over fished, and (b) the wild population is not threatened.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

58. Quilcene trout retention (Jefferson County)

Short Description

Remove the current regulation requiring catch and release and allow retention of trout from Rodgers Street to Highway 101 with a daily bag limit of 2 and a minimum length of 14 inches.

Explanation

WDFW snorkel surveys in August indicate harvestable adult searun cutthroat stage in the Quilcene River ahead of the summer chum and coho return to the river. This rule would provide an important recreational harvest opportunity while still protecting sensitive species.

Written Testimony (10 comments)

Most comment is opposed. Comments include: (a) it does not make sense to offer a retention fishery in an area where fragile coastal cutthroat spawn; (b) cutthroat trout should not be harvested but fished only as catch and release; (c) it has taken years to rebuild these populations and they are still recovering from overfishing and habitat degradation.

Public Hearing (1 comment)

Comment was opposed to proposal.

Staff Recommendation:

Do not adopt because nearly all comment is opposed.

59. Change harvest regulation on Clover Creek for salmonid smolt protection (Pierce County)

Short Description

Change the minimum length to 14 inches and require selective gear rules.

Explanation

Consistent with Puget Sound Stream Strategy for protecting salmonid smolts.

Written Testimony (2 comments)

One comment is opposed, one comment in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

COASTAL REGION FRESHWATER

60. Allow retention of hatchery trout (ad-clipped) of any size in coastal streams (Grays Harbor, Willapa Bay, North Coast)

Short Description

Allow retention of any hatchery (ad-clipped) trout under 14 inches in coastal streams (anadromous waters) where trout regulations stipulate a bag limit of minimum size 14 inches and daily limit 2.

Explanation

Allow anglers to further DFW's conservation efforts and hatchery management practices by removing hatchery origin steelhead juveniles that delay migration from freshwater areas or residualize after release. The benefits include reduced competition with rearing wild juvenile steelhead and other wild stocks, and potentially reduced genetic crossing with wild steelhead by reducing the presence of hatchery rainbow in spawning areas.

Written Testimony (5 comments)

Support: Comments in support include support only if selective gear rules are also required so as not to accidentally deep-hook wild smolts.

Oppose: Comments include (a) 14 inches should be consistent for coastal rivers, and (b) it doesn't increase opportunity.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

61. Require release of kokanee in Elk Lake and Umbrella Creek (Clallam County)

Short Description

Require the release of kokanee in Elk Lake and Umbrella Creek and all tributaries to protect Lake Ozette sockeye.

Explanation

Provide additional protection for Ozette Lake Sockeye that are federally listed under the Endangered Species Act. This rule brings these waters into uniformity with the other tributary waters to Ozette Lake.

Written Testimony (1 comment)

Comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

62. Convert Middle Nemah Pond and Mooses Pond to year-round fisheries (Pacific County)

Short Description

Change current rules on these bodies of water to year-round fisheries.

Explanation

Provide additional trout fishing opportunity in a region of the state with limited trout fishing opportunities in lake environments.

Written Testimony (1 comment)

Comment is in support.

Public Hearing (0 comments)

There were no comments.

Staff Recommendation:

Adopt as proposed.

COASTAL REGION MARINE

63. Increase daily harvest quota for spot shrimp (Marine Areas 1-4)

Short Description

Change spot shrimp daily quota from 80 to 200 per person in the Pacific Ocean, Marine Areas 1-4 (Marine Area 4 west of Bonilla-Tatoosh) only.

Explanation

The recreational spot shrimp fishery in the ocean is very limited due to the distance of fishing grounds from shore. There are available spot shrimp to harvest recreationally. Increasing the daily limit will offset the high costs to participate in this fishery and may increase participation.

Written Testimony (109 comments)

Support: Most comments are in support. Comments include: (a) this will provide economic benefit; (b) request to include all marine areas; (c) request to keep fishery open continuously for two weeks; (d) provides a new fishery as inside fishery maxes; (e) current daily limit of 80 makes it cost prohibitive.

Oppose: Comments include: (a) 200 per person may not be enough given the expense to travel to the fishing grounds; (b) concern for impact to gray whales who frequent these areas; (c) concern whether resource can handle the impact; (d) concern for tribes exercising their fishing rights and thus cut our quota at any time; (e) not traditionally recreational fishery in distant waters due to safety concerns, and this will encourage poorly equipped fishers to venture further out to sea; (f) potential gear conflicts with commercial prawn fishers; (g) give false impression that this is a lucrative fishery.

Public Hearing (2 comments)

Comments supported proposal.

Staff Recommendation:

Adopt as proposed.

64. Anchovy and sardine daily limit and use of cast net gear (Marine Areas 1-4, Willapa Bay and Grays Harbor)

Short Description

Fishery for anchovy and sardine (25 pounds in aggregate) taken by dip net, cast net, angling and jigs. Cast net must be in immediate control of the angler. Mesh size limited to 1 inch maximum, no larger than 10 feet in diameter. Angler must have retrieval cord in their hand at all times when the cast net is deployed.

Explanation

Allow recreational fishers to catch their own live bait for use while fishing for tuna offshore. Current rules prohibit the use of a cast net. The effort would be limited to Marine areas 1-4, Willapa Bay and Grays Harbor. Maintain daily limit of 10 pounds for herring and smelt species.

Written Testimony (97 comments)

Most comment is in support. Comments include (a) suggestion that the maximum diameter of the cast net should be 14 feet, and (b) the net retrieval cord have a maximum length of 100 feet.

Public Hearing (1 comment)

Comment supported proposal.

Staff Recommendation:

Adopt as proposed.

65. Cabezon minimum size requirement

Short Description

Marine Area 4-11 and 13: Cabezon minimum size 18 inches.

Explanation

Cabezon are at low but stable numbers in Puget Sound. This regulation will provide additional protection by allowing the majority of adult cabezon to mature and reproduce prior to being subject to harvest.

Written Testimony (81 comments)

Support: Comments include: (a) provides some opportunity while still protecting the species; (b) provide protection for rockfish, typically a bycatch in this fisher.

Oppose: Comments include: (a) no data to support this proposal; (b) rarely targeted, and few cabezon are caught; (c) this proposal will have negative impact on rockfish; (d) another rule which decreases opportunity in Neah Bay; (e) suggestion that the Cabezon minimum size be area specific, not all marine areas (i.e. not MA 4).

Public Hearing (3 comments)

Comments opposed proposal.

Staff Recommendation:

Option 1: (proposed) Minimum size 18 in. (filed in CR-102 WAC language)

Option 2: Closed to fishing for cabezon in Marine Areas 4-11 and 13

Option 3: Daily limit 1 cabezon

Option 4: Reduce season to May 1-June 15

66. Rockfish species retention in Marine Area 4 west of the Bonilla-Tatoosh Line

Short Description

Marine Area 4 west of the Bonilla-Tatoosh Line: Only black, blue and yellowtail rockfish may be retained.

Explanation

This regulation will provide additional protection for non-target rockfish species and is intended increase the number of these rockfish available for recruitment into the Puget Sound.

Written Testimony (222 comments)

Support: Comment includes support of good conservation move.

Oppose: Most comment is opposed. Comments include: (a) concern there is not sufficient data to support this proposal; (b) 85% of the area is already under closure protection, and that this is unfair to small recreational boaters, and will have a negative impact on Neah Bay; (c) suggestion to not allow rockfish retention for five years instead of proposed rule; (d) suggest reduced size requirement and increased catch limit for lingcod instead (predator); (e) suggestion that the closure be area specific, not all marine areas (i.e. not MA 4); (f) will limit halibut catch; (g) suggest daily limit and minimum size instead.

Public Hearing (9 comments)

Comments opposed proposal. A few people stated that this proposal will result in more time spent fishing, and so increase the bycatch and ESA impacts.

Staff Recommendation:

Option 1: Retain current regulation

Option 2: Adopt as proposed (filed in CR-102 WAC language)

67. Tuna daily limit

Short Description

Implement two fish daily limit for yellowfin, skipjack and northern bluefin tuna.

Explanation

These species are rarely caught in Washington coastal waters. This regulation will align the daily limit for these tuna species with other marine food fish not common in Washington.

Written Testimony (145 comments)

Most comment is opposed. Comments include: (a) the rule is unnecessary; (b) there is not sufficient data; (c) albacore tuna fishing will be impacted in the future.

Public Hearing (1 comment)

Comment opposed proposal.

Staff Recommendation:

Adopt as proposed.

68. Reduce lingcod minimum size in Marine Area 4

Short Description

Marine Area 4: Reduce the minimum size for lingcod to 22 inches.

Explanation

Lingcod are healthy on Washington's coast. This regulation will align the minimum size limit with Marine Areas 1-3 and is intended to reduce bycatch of non-target species.

Written Testimony (93 comments)

Support: Comments include: (a) will allow someone to catch target sooner (so less bycatch); (b) very few are over 24" so increase in opportunity; (c) benefits the rockfish.

Oppose: Most comments are opposed. Comments include: (a) concern that 22" is too small, and (b) suggestion that instead of changing the minimum size, the daily limit be increased.

Public Hearing (5 comments)

All comments opposed proposal.

Staff Recommendation:

Adopt as proposed.

69. Reduce lingcod season in Marine Area 4B**Short Description**

Marine Area 4B East of the Bonilla-Tatoosh Line: Lingcod season May 1-June 15.

Explanation

This regulation is intended to reduce the bycatch of rockfish species during the lingcod fishery.

Written Testimony (274 comments)

Support: Comment includes that this is a necessary step due to the significant protected rockfish bycatch associated with the Area 4B Lingcod season in July, August and September, as documented in the WDFW 2011 Area 4B test fishery.

Oppose: Comment includes: (a) by limiting lingcod, more people will fish for rockfish; (b) lingcod are voracious predators of rockfish; (c) suggestion to require a venting tool instead; (d) WDFW 2011 Area 4B test fishery study results are not accurate; (e) the 120 foot depth restriction already closes off about 85% of the area and sufficiently protects rockfish.

Public Hearing (8 comments)

All comments opposed proposal, with many people commenting that this proposal would negatively impact small boat (including kayak) fishers and in doing so, have a negative impact on the local economy.

Staff Recommendation:

Option 1: (status quo) April 16 - October 13

Option 2: (proposed) May 1 – June 15 (filed in CR-102 WAC language)

Option 3: Reduce daily limit to 1 lingcod in Marine Area 4

PROPOSED RULE MAKING

CR-102 (June 2012)

(Implements RCW 34.05.320)

Do NOT use for expedited rule making

Agency: Washington Department of Fish and Wildlife

 e-mail Lori.Preuss@dfw.wa.gov
 fax (360) 902-2155 by (date) January 29, 2013

Assistance for persons with disabilities: Contact
Tami Lininger by January 30, 2013
 TTY (360) 902-2207 or (360) 902-2267

Date of intended adoption: On or after March 1, 2013
 (Note: This is NOT the effective date)

Purpose of the proposal and its anticipated effects, including any changes in existing rules: The purpose of this proposal is to make necessary adjustments to recreational fishing rules based on department data, public feedback, and changes in fish and shellfish populations. The department makes similar adjustments to recreational rules annually, to maximize conservation and recreational-fishing opportunity.

Reasons supporting proposal: See Attachment A.

Statutory authority for adoption: RCW 77.04.012, 77.04.055, and 77.12.047

Statute being implemented: RCW 77.04.012, 77.04.055, and 77.12.047

- Is rule necessary because of a:

Agency comments or recommendations, if any, as to statutory language, implementation, enforcement, and fiscal matters:

Dates related to these proposed rules:

January 29, 2013: Deadline for the public to submit written comments on the rules.

March 1-2, 2013: Commission meeting: Staff will ask the commission to adopt the rules.

Name of proponent: (person or organization) Washington Department of Fish and Wildlife

- Private
- Public
- Governmental

Name of agency personnel responsible for:

	Name	Office Location	Phone
Drafting.....	Charmane Ashbrook	1111 Washington Street, Olympia	(360) 902-2672
Implementation....	Jim Scott	1111 Washington Street, Olympia	(360) 902-2736
Enforcement.....	Bruce Bjork	1111 Washington Street, Olympia	(360) 902-2373

Has a small business economic impact statement been prepared under chapter 19.85 RCW or has a school district fiscal impact statement been prepared under section 1, chapter 210, Laws of 2012?

Yes. Attach copy of small business economic impact statement or school district fiscal impact statement.

A copy of the statement may be obtained by contacting:

Name:

Address:

phone () _____

fax () _____

e-mail _____

No. Explain why no statement was prepared.

The proposed rule amendments do not affect small business; i.e., there is no direct regulation of small business. The rules apply to recreational fishers.

Is a cost-benefit analysis required under RCW 34.05.328?

Yes A preliminary cost-benefit analysis may be obtained by contacting:

Name:

Address:

phone () _____

fax () _____

e-mail _____

No: Please explain: These proposals do not affect hydraulics.

RECOMMENDED ADJUSTMENTS
Sportfishing Regulations 2013-14

The following recommended adjustments are a result of proposed changes to WACs filed in the CR102 (WSR 13-02-094) based on public comment and implementing the Governor's Executive Order 10-06 suspending non-critical rule development and adoption through December 2012.

WAC 232-28-619 Washington food fish and game fish--freshwater exceptions to statewide rules

Proposal 2:

1. Burbank Slough (Walla Walla County):

(a) The text reads "It is unlawful to fish in the area...". This was edited to read "It is unlawful to fish from any floating device in the area...".

(b) The exception to the area was further defined to read as "up to the fish screen at the Number 3 Pumping Station".

2. Calispell Creek Tributaries:

"Selective Gear Rules" were added to align with the mainstem.

3. Clearwater River (Jefferson County), from the mouth to Snahapish River:

The steelhead retention timeframe was edited from "February 16 through April 30", to "February 16 through April 15".

4. Nooksack River, South Fork (Skagit/Whatcom counties), from mouth to Skookum Creek:

"From the first Saturday in June through January 31" was added to the Selective Gear Rule language to clarify that the rule applies to all species.

5. Palouse River (Whitman County), from the mouth to the base of Palouse Falls:

From September 1 through March 31, the text read "no more than 3 steelhead may be retained". This was edited to state "no more than 3 hatchery steelhead may be retained".

6. Scooteny Reservoir (Franklin County):

"No more than one walleye over 22 inches in length may be retained," was added to align with Moses Lake.

7. Wenatchee River (Chelan County):

The text was edited to read "Open for whitefish only December 1 through March 31 from the mouth to the Highway 2 Bridge at Leavenworth; whitefish gear rules apply" to clarify that the season is for whitefish only.

Columbia River:

(a) From the I-5 Bridge to Bonneville Dam.

(i) Fixed an editing error for sturgeon fishing area description.

(ii) Fixed a typo in the new outline system.

(b) From the Highway 395 Bridge at Pasco to the Old Hanford townsite wooden powerline towers, in Sec. 30, T13N, R28E.

Fixed an editing error in the Ringold Area Bank Fishery waters section.

3. Humptulips River (Grays Harbor County):

(a) From the mouth (Jessie Slough) to Ocean Beach Road (near Copalis Crossing).

Fixed an editing error in the season dates.

(b) From Ocean Beach Road (near Copalis Crossing) to Highway 101 Bridge.

Fixed an editing error in the season dates.

(c) From Highway 101 Bridge to the confluence of the East and West forks.

Fixed an editing error in the season dates.

4. Naselle River, South Fork (Pacific County):

Removed unnecessary language.

5. Palix River, including all forks (Pacific County), from the Highway 101 Bridge to the mouth of the Middle Fork:

(a) Fixed two typos in the sturgeon season.

6. Skagit River (Skagit/Whatcom counties), From Gilligan Creek to The Dalles Bridge at Concrete:

Fixed an editing error for the season dates.

Proposal 3:

1. Cumberland Creek (Whatcom County):

The text edit was corrected to read "Upstream from the USFS 17 road bridge located 0.7 lineal miles from its confluence with the Skagit River, including all tributaries:"

2. Hamma Hamma (Mason County):

The proposal was modified to exclude this river. For the entire river, removed "the first Saturday before Memorial Day through August 31" opening, and reverted back to "the first Saturday in June through October 31".

3. Nooksack River, South Fork (Skagit/Whatcom counties), from Wanlick Creek upstream, and including all tributaries:

The area description was edited to read, "(2) Upstream from and including Wanlick Creek, and including all tributaries:"

4. San Poil River (Ferry County), from above the Colville Confederated Tribe of Indians Reservation northern boundary, upstream to the headwaters:

"Including tributaries" was added to the area description.

5. Sherman Creek (Ferry County):

The edit was corrected by adding the following text: "From the mouth at Lake Roosevelt upstream to the hatchery boat dock: Open the Saturday before Memorial Day through October 31."

6. Snoqualmie River, upstream of the falls:

The section 3 edit was corrected to read, "Snoqualmie River upstream of the falls...". The word "tributaries" was removed as the proposal specifies the tributaries affected are those of the North and South Forks.

7. Sullivan Creek (Pend Oreille), from the mouth upstream:

The edit was corrected by adding the following text in section 1: "including the tributaries from Mill Pond upstream."

8. Tolt River, North Fork (King County):

The edit was corrected to read "(2) From the falls upstream, on the North Fork, and all tributaries".

Proposal 5:

Cougar Lake (Pasayten Wilderness) (Okanogan County):

This lake was added to proposal 5. The following text was added: "Fishing two poles is permissible so long as the angler possesses a two-pole endorsement."

Proposal 6:

1. Chehalis River (Grays Harbor County), from the mouth to high bridge on Weyerhaeuser 1000 line:

Text stated that sturgeon is open year round. The following text was added: "for catch and release only".

2. Union River (Mason County), mouth to North Shore Road Bridge:

For sturgeon, the following text was deleted: "Minimum fork length 38 inches. Maximum fork length 54 inches. Daily limit one fish".

Proposal 9:

1. Columbia River, From McNary Dam to Highway 395 Bridge at Pasco:

The following area revision was made to keep Washington and Oregon rules aligned: "Upstream from the Oregon/Washington border (which is 17 river miles upstream from McNary Dam)".

2. Touchet River (Columbia/Walla Walla counties):

(a) The following river section was added to accommodate a modification to proposal 9 (most conservative option placeholder) to include this river section: "Within the mainstem and tributaries open to gamefish angling" with "(a) Walleye: No size restrictions and no limit. (b) Bass: No size restrictions and no limit. (c) Channel catfish, no limit."

(b) The following river section was added to accommodate a modification to proposal 9 (most conservative option placeholder) to include this river section: "From the mouth to the confluence of the North and South forks, and all tributaries open to gamefish angling:" with "(a) Walleye: no size restrictions and no limit. (b) Bass: no size restrictions and no limit. (c) Channel catfish, no limit."

Proposal 15:

- Colville River (Stevens County), from the mouth to the bridge at town of Valley:

This river was added to proposal 15, to align with Lake Roosevelt rules. For walleye, "daily limit 8 fish" and "no size restrictions" was deleted, and "no size restrictions and no limit" was added.

Proposal 22:

- Tucquala Lake:

Proposal modified to include changing the opener to "the first Saturday before Memorial Day" to align with the adjacent Cle Elum River.

Proposal 58:

Quilcene River:

Withdrew proposed rule.

Proposal 60:

Newaukum River, including South Fork (Lewis County), from Leonard Road near Onalaska to Highway 508 Bridge near Kearny Creek:

In the section, "Open the first Saturday in June through March 31," the following was inserted "Trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the daily limit".

AMENDATORY SECTION (Amending Order 12-190, filed 8/23/12, effective 9/23/12)

WAC 220-55-220 Two-pole endorsement. Anglers (~~(in possession of)~~) possessing a valid two-pole endorsement may fish with two lines in all lakes and ponds open to fishing, with the following exceptions:

Water Body	County	
Para-juvenile Lake	Adams	
((Quail Lake	Adams))	
Headgate Pond	Asotin	
Columbia Park Pond	Benton	
Blackbird Island Pond	Chelan	
Lake Wenatchee	Chelan	
Aldwell Lake	Clallam	
Beaver Lake	Clallam	
Carrie Blake Pond	Clallam	
Dickey Lake	Clallam	
Lake Pleasant	Clallam	
Lincoln Pond	Clallam	
Sutherland Lake	Clallam	
Vancouver Lake	Clark	Includes all other waters west of Burlington-Northern Railroad from Columbia River drawbridge near Vancouver downstream to Lewis River
Big Four Lake	Columbia	
Dayton Pond	Columbia	
Blue Lake	Cowlitz	
Castle Lake	Cowlitz	
Coldwater Lake	Cowlitz	
Lewis River Power Canal	Cowlitz	Includes old Lewis River streambed between Swift No. 1 powerhouse and Swift No. 2 powerhouse
Merrill Lake	Cowlitz	
Silver Lake	Cowlitz	
((Grimes Lake	Douglas))	
Pit Lake	Douglas	
((Long Lake	Ferry	
Beda Lake	Grant	
Brookies Lakes	Grant	
Dry Falls Lake	Grant	
Dusty Lake	Grant	
Homestead Lake	Grant	
Lenice Lake	Grant	
Lenore Lake	Grant

Note: The two-pole endorsement is not valid in the Columbia and Snake rivers except as noted in Lake Roosevelt and Rufus Woods Lake.

Anglers ~~((in possession of))~~ possessing a valid two-pole endorsement may ~~((also))~~ fish with two lines in the following river sections:

River	County	Section
Spokane	Spokane and Stevens	Lower Spokane River from mouth (SR 25 bridge) to 400' below Little Falls Dam
Pend Oreille	Pend Oreille	
Columbia		From Priest Rapids Dam to Wanapum Dam From Wanapum Dam to Wells Dam From Wells Dam to Highway 173 Bridge at Brewster From Highway 173 Bridge at Brewster to Chief Joseph Dam
Cowlitz River	Lewis	Lexington Bridge Drive in Kelso upstream to the Highway 505 Bridge in Toledo
Lewis	Clark/Skamania	From mouth to Colvin Creek
Wind	Skamania	Mouth to Burlington Northern Railroad Bridge

Anglers ~~((in possession of))~~ possessing a valid two-pole endorsement may ~~((also))~~ fish with two lines in the following marine areas:

Description	Marine Area
Willapa	2-1. East of a line from Cape Shoalwater to Ledbetter Point
Port Susan and Port Gardner	Tulalip Terminal Area

AMENDATORY SECTION (Amending Order 12-17, filed 2/16/12, effective 3/18/12)

WAC 220-56-235 Possession limits--Bottomfish. It is unlawful to fish for, retain, or possess sixgill, sevendill, or thresher sharks. It is unlawful for any person to take in any day more than the following quantities of bottomfish for personal use. The possession limit at any time (~~shall~~) may not exceed the equivalent of two daily limits in fresh, frozen or processed form. Unless otherwise provided bottomfish fishing is open the entire year.

(1) Coastal (Catch Record Card Areas 1 through 4)(~~---~~): Limit 12 fish ((in the aggregate)) total, except limit 10 fish total east of the Bonilla-Tatoosh line(~~--- 10 fish in the aggregate~~), of all species and species groups of bottomfish, which may include no more than:

(a) Lingcod(~~---~~): 2 fish(~~(+ (i))~~). Minimum length is 22 inches in Catch Record Card Areas 1 through (~~(3)~~) 4.

~~((ii) Minimum length 24 inches in Catch Record Card Area 4.)~~

(b) Rockfish(~~---~~): 10 fish. Release all canary and yelloweye rockfish.

(i) In Marine Area 4 east of the Bonilla-Tatoosh line: 6 fish. Only black or blue rockfish may be retained.

(ii) In Marine Area 4 west of the Bonilla-Tatoosh line: Only black, blue, or yellowtail rockfish may be retained.

(c) Wolfeel(~~---~~): 0 fish from Catch Record Card Area 4.

(d) Cabezon(~~---~~): 2 fish. In Marine Area 4, the minimum size limit is 18 inches.

(2) Inner Puget Sound (Catch Record Card Areas 5 through 13):

(a) Catch Record Card Areas 5 and 6(~~---~~): 15 fish (~~(in the aggregate)~~) total of all species and species groups of bottomfish, which may include no more than:

Rockfish in Marine Area 5 except	1 fish May 1 through September 30. <u>Only black or blue rockfish may be retained.</u>
in Marine Area 5 west of Slip Point	3 fish. <u>Only black or blue rockfish may be retained.</u>
in Marine Area 6.	0 fish
Surfperch	10 fish
Pacific cod	2 fish
Pollock	2 fish
Flatfish (except halibut)	15 fish
Lingcod	1 fish

Wolf-eel	0 fish
Cabezon	2 fish
Pacific hake	2 fish

(b) Catch Record Card Area 7(~~(—)~~): 15 fish (~~(in the aggregate)~~) total of all species of bottomfish, which may include no more than:

Rockfish	0 fish
Surfperch	10 fish
Pacific cod	2 fish
Flatfish (except halibut)	15 fish
Lingcod	1 fish
Wolf-eel	0 fish
Cabezon	2 fish
Pollock	2 fish
Pacific hake	2 fish

(c) Catch Record Card Areas 8-1 through 11 and 13(~~(—)~~): 15 fish (~~(in the aggregate)~~) total of all species and species groups of bottomfish, which may include no more than:

Rockfish	0 fish
Surfperch	10 fish
Pacific cod	0 fish
Pollock	0 fish
Flatfish (except halibut)	15 fish
Lingcod	1 fish
Wolf-eel	0 fish
Cabezon	2 fish
Pacific hake	0 fish

(d) Catch Area 12: Closed.

(e) It is unlawful to possess lingcod taken by angling (~~(less than)~~) that are under 26 inches in length or (~~(greater than)~~) over 36 inches in length. It is unlawful to possess lingcod taken by spear fishing (~~(greater than)~~) that are over 36 inches in length.

(f) (~~(It is unlawful to retain cabezon taken from Catch Record Card Areas 5 through 11 and 13 from December 1 through April 30.~~)

(g) ~~It is unlawful to retain six-gill shark taken from Catch Record Card Areas 5 through 13.~~

~~(h))~~ In Marine Areas 5 through 11 and 13, the minimum size limit for cabezon is 18 inches. All cabezon must be released in Catch Record Card Areas 5 through 11 and 13 from December 1 through April 30.

(g) In Catch Record Card Area 5, the daily limit for rockfish is the first legal rockfish caught, except west of Slip Point the daily limit for rockfish is the first three legal rockfish caught. Only black or blue rockfish may be retained. After the daily limit of rockfish is caught, all subsequent rockfish must be released.

~~((+i))~~ (h) In Catch Record Card Area 5, it is unlawful to

take rockfish by spear fishing except when this area is open to spear fishing for lingcod.

AMENDATORY SECTION (Amending Order 11-184, filed 8/3/11, effective 9/3/11)

WAC 220-56-240 Daily limits forage fish and other food fish not otherwise provided for. It is unlawful for any person to retain more than the following quantities and sizes of food fish taken for personal use. Unless otherwise provided, other food fish fishing is open the entire year:

(1) Forage fish:

(a) Catch Record Card Areas 5 through 13: 10 pounds ((in the aggregate)) total. The possession limit is two daily limits in fresh form. Additional forage fish may be possessed in frozen or processed form((~~τ~~));

(b) Catch Record Card Areas 1 through 4, 2.1 (Willapa Bay) and 2.2 (Grays Harbor), excluding sardines and anchovies: 10 pounds total;

(c) Catch Record Card Areas 1 through 4, 2.1 (Willapa Bay) and 2.2 (Grays Harbor), sardines and anchovies: 25 pounds total;

(d) The possession limit is two daily limits in fresh form. Additional forage fish may be possessed in frozen or processed form.

(2) Shiner perch: Daily limit 15 fish.

(3) All other marine food fish not otherwise provided for in this chapter except albacore(~~(, yellowfin, skipjack, and northern bluefin)~~) tuna and all mackerel: Daily limit two fish.

AMENDATORY SECTION (Amending Order 12-28, filed 3/29/12, effective 4/29/12)

WAC 220-56-250 Lingcod--Areas and seasons. It is unlawful to take, fish for, or possess lingcod for personal use except during the following seasons and areas:

(1) Coastal area:

(a) Catch Record Card Areas 1 through 3: Open the Saturday closest to March 15, through the Saturday closest to October 15((~~τ~~)).

(b) Catch Record Card Area 4 west of the Bonilla-Tatoosh line: Open April 16 through October 15((~~τ~~)) or the Saturday closest to October 15 if that Saturday comes before October 15, whichever is earlier; and

(c) Catch Record Card Area 4 east of the Bonilla-Tatoosh line:

((~~April 16 through October~~)) Open May 1 through June 15.

(d) It is unlawful to fish for, retain, or possess lingcod in Catch Record Card Area 1 seaward of a line extending from 46°38.17'N. lat., 124°21.00'W. long. to 46°25.00'N. lat., 124°21.00'W. long. year-round.

(e) It is unlawful to fish for, retain, or possess lingcod in Catch Record Card Area 2 seaward of a line extending from 47°31.70'N. lat., 124°45.00'W. long. south to 46°38.17'N. lat., 124°30.00'W. long. year-round, except that lingcod may be taken, retained and possessed seaward of the line on days open during the primary halibut season.

(2) Catch Record Card Areas 5 through 13: Open May 1 through June 15 by angling, and May 21 through June 15 by spear fishing.

AMENDATORY SECTION (Amending Order 10-64, filed 3/19/10, effective 5/1/10)

WAC 220-56-310 Shellfish--Daily limits. It is unlawful for any one person to take ((~~in any one day for personal use~~)) more than the following quantities and sizes of shellfish for personal use in any one day:

(1) Cockles, borers and clams in the shell, other than razor clams, geoduck clams and horse clams, 40 clams ((~~in the aggregate~~)) total, or 10 pounds, whichever is achieved first except:

(a) In Skagit Bay, east of a line projected from Browns Point to Swinomish Slough entrance((~~---~~)): Diggers may additionally retain up to 20 pounds of eastern softshell clams in the shell.

(b) In Willapa Bay((~~---~~)): Diggers may additionally retain up to ((~~twenty-four~~)) 24 cockles.

(2) Razor clams: 15 clams.

(3) Geoduck clams: 3 clams.

(4) Horse clams: 7 clams.

(5) Oysters: 18 oysters, shucked and the shells left on the beach. Minimum size before shucking two and one-half inches along the longest dimension of the shell.

(6) Rock scallops: 6 scallops.

(7) Weathervane scallops: 12 scallops (over 4 inches).

(8) Spiny and pink scallops: 10 pounds or 5 quarts in the shell, in the aggregate.

(9) Shrimp:

(a) In Areas 1((~~=~~)) through 3 and Area 4 west of the Bonilla-Tatoosh line((~~---~~)): Total weight ((~~10~~)) 25 pounds, maximum ((~~60~~)) 200 spot shrimp as part of the ((~~10~~)) 25-pound limit.

(b) In Area 4 east of the Bonilla-Tatoosh line and Areas 5((~~-~~)) through 13((~~---~~)): First Saturday in May through May 31, daily limit 80 shrimp((~~-~~)); during all other open periods total weight 10 pounds, maximum 80 spot shrimp as part of the 10-pound limit.

(10) Octopus: 1 octopus.

(11) Pinto abalone: Closed statewide.

(12) Crawfish: 10 pounds in the shell. Minimum size is 3 1/4 inches from tip of rostrum to tip of tail. Female crawfish with eggs or young attached to the abdomen must be released immediately.

(13) Squid other than Humboldt squid: 10 pounds or 5 quarts. In addition a person may retain up to 5 Humboldt squid per day.

(14) Sea cucumbers: 25 sea cucumbers.

(15) Red sea urchins: 18 sea urchins.

(16) Purple sea urchins: 18 sea urchins.

(17) Green sea urchins: 36 sea urchins.

(18) Dungeness crabs:

(a) In Area 1 except when fishing from the north jetty of the Columbia River and Areas 2, 3, and 4 west of the Bonilla-Tatoosh line - 6 male crabs.

(b) In Area 4 east of the Bonilla-Tatoosh line, and Areas 5, 6, 7, 8-1, 8-2, 9, 10, 11, 12 and 13 - 5 male crabs.

(c) In the Columbia River upstream of a line from the outermost end of the north jetty to the exposed end of the south jetty, or when fishing from the north jetty of the Columbia River - 12 male crabs.

(19) Red rock crabs: 6 crabs.

(20) Mussels: 10 pounds in the shell, in the aggregate.

(21) Goose barnacles: 10 pounds of whole barnacles or 5 pounds of barnacle stalks.

(22) Ghost and mud shrimp: 10 dozen.

(23) King and box crab: Closed statewide.

(24) Tanner crabs: 6 crabs.

AMENDATORY SECTION (Amending Order 10-64, filed 3/19/10, effective 5/1/10)

WAC 220-56-265 Forage fish--Lawful gear. (1) It ~~((shall be))~~ is unlawful to take, fish for ~~((and)),~~ or possess herring, candlefish, ~~((pilchards))~~ sardines, anchovies ~~((and))~~ or smelt, except eulachon smelt, taken for personal use except:

(a) With hand dip net gear not exceeding 36 inches across the bag frame ~~((having))~~ with a maximum mesh size of ~~((five-eighths))~~ 5/8 inch stretched mesh size ~~((, and))~~; or

(b) Forage fish jigger gear ~~((having))~~ with not more than ~~((three))~~ 3 treble or ~~((nine))~~ 9 single hooks;

(c) It is permissible to take, fish for, or possess 25 pounds of anchovies or sardines in the aggregate taken by dip net, cast net, angling, or jigs in Marine Areas 1 through 4, Willapa Bay and Grays Harbor.

(2) It is unlawful to take eulachon smelt.

(3) It is unlawful to use a dip bag net to take forage fish unless the operator of the net holds the handle at all times the netting is in the water.

~~((+3))~~ (4) It is unlawful to operate a dip bag net to harvest forage fish from a vessel under power, or to use more than one forage fish dip net at a time.

~~((+4))~~ (5) Only persons with ~~((a reduced fee license or))~~ WDFW disability status and a designated harvest companion card may use a hand-operated gate on a dip net while fishing for forage fish.

~~((+5))~~ (6) Forage fish jigger gear hooks may not have a gap between the shank and the point exceeding 3/8 inch.

~~((+6))~~ (7) Cast net must be in immediate control of the fisher. Mesh size is limited to 1 inch maximum, no larger than 10 feet in diameter. Fisher must have retrieval cord in their hand at all times when the cast net is deployed.

(8) Use of gear in violation of this section is an infraction, punishable under RCW 77.15.160.

~~((+7))~~ (9) It is unlawful to possess forage fish taken with gear in violation of the provisions of this section. Possession of forage fish while using gear in violation of the provisions of this section is a rebuttable presumption that the forage fish were taken with such gear. Violation of this subsection is punishable under RCW 77.15.380 Unlawful recreational fishing in the second degree--Penalty, unless the forage fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370 Unlawful recreational fishing in the first degree--Penalty.

AMENDATORY SECTION (Amending Order 12-190, filed 8/23/12, effective 9/23/12)

WAC 220-56-282 Sturgeon--Areas, seasons, limits and unlawful acts. (1) It is unlawful to retain green sturgeon.

(2) It is ~~((permissible))~~ unlawful to retain white sturgeon ~~((in Puget Sound and all Puget Sound tributaries from June 1 through June 30 and September 1 through October 15, except that in the Union River, white sturgeon may only be retained from June 1 through June 30.~~

~~((3))~~ except in the following areas:

(a) Columbia River and its tributaries from Bonneville Dam to Priest Rapids Dam; and

(b) The Snake River and its tributaries from the Confluence Protection Area to the Lower Granite Dam.

(3) The following limits and requirements apply in areas where it is permissible to retain sturgeon:

(a) The daily limit is one white sturgeon;

(b) The possession limit is 2 daily limits of fresh, frozen, or processed white sturgeon;

(c) An annual personal-use limit of two white sturgeon from April 1 through March 31 applies, regardless of where the angler takes the sturgeon;

(d) Once the annual limit of white sturgeon is reached, it is permissible to continue to catch and release sturgeon in the mainstem Columbia River and its tributaries downstream from where the river forms the common boundary between Oregon and Washington, so long as the angler releases the sturgeon immediately;

(e) It is unlawful to possess sturgeon eggs in the field without retaining the intact carcass from which the eggs have been removed;

(f) It is unlawful to fail to return undersize or oversize sturgeon to the river immediately.

(i) The maximum fork length is 54 inches.

(ii) The minimum fork length is 38 inches, except on the mainstem Columbia and its tributaries from The Dalles Dam to Priest Rapids Dam and the Snake River from the Confluence Protection Area to Lower Granite Dam where the minimum fork length is 43 inches.

(4) It is unlawful to fish for sturgeon in the Columbia River and tributaries upstream of Chief Joseph Dam.

(5) For all saltwater waterways, ~~((excluding))~~ except Puget Sound and ~~((Puget Sound))~~ its tributaries, it is permissible to ~~((fish for))~~ catch and release white sturgeon the entire year. However, for freshwater waterways, it is permissible to ~~((fish for))~~ catch and release white sturgeon only when the season is open for salmon or game fish, unless otherwise provided.

~~((4))~~ The daily limit is one white sturgeon, with the following size restrictions:

(a) Minimum size is 43 inches in fork length in the Columbia River and tributaries upstream from The Dalles Dam.

(b) Minimum size is 38 inches in fork length in all other state waters.

~~(c) Maximum size is 54 inches in fork length.~~

~~(5) Once the daily limit has been retained, it is permissible to continue to fish for sturgeon in the mainstem of the Columbia River downstream from where the river forms the boundary between Oregon and Washington, provided that all subsequent sturgeon are released immediately.~~

~~(6) The possession limit is two daily limits of fresh, frozen, or processed white sturgeon.~~

~~(7) There is an annual personal-use limit of five white sturgeon from April 1 through March 31, regardless of where the sturgeon were taken. After the annual limit of sturgeon has been taken, it is permissible to continue to fish for white sturgeon in the mainstem Columbia River downstream from where the river forms the common boundary between Oregon and Washington, provided that all subsequent sturgeon are released immediately.~~

~~(8)) (6) It is permissible to catch and release sturgeon year-round in the following waters:~~

~~(a) The mainstem Columbia River and its tributaries downstream from where the river forms the boundary between Oregon and Washington;~~

~~(b) The mainstem Columbia and its tributaries from Priest Rapids Dam to Chief Joseph Dam;~~

~~(c) The Snake River and tributaries from Lower Granite Dam upstream.~~

~~(7) It is unlawful to fish for sturgeon with terminal gear other than bait and one single-point barbless hook. It is permissible to use artificial scent with bait when fishing for white sturgeon.~~

~~((9)) (8) It is unlawful to fish for or possess sturgeon ((taken for personal use)) from freshwater, except the Chehalis River, from one hour after official sunset to one hour before official sunrise.~~

~~((10) It is unlawful to possess in the field sturgeon eggs without having retained the intact carcass of the fish from which the eggs have been removed.~~

~~((11)) (9) It is unlawful to use a gaff or other fish landing aid that penetrates the fish while restraining, handling, or landing a sturgeon.~~

~~((12) It is unlawful to fail to immediately return to the water any undersize or oversize sturgeon.~~

~~((13)) (10) Violation of this section is an infraction, punishable under RCW 77.15.160, unless the person has harvested sturgeon. If the person has harvested sturgeon, the violation is punishable under RCW 77.15.380, Unlawful recreational fishing in the second degree--Penalty, unless the sturgeon are taken in the amounts or manner to constitute a violation of RCW 77.15.370, Unlawful recreational fishing in the first degree--Penalty.~~

~~((14)) (11) It is unlawful to possess sturgeon taken with gear in violation of the provisions of this section. Possession of sturgeon while using gear in violation of the provisions of this section is a rebuttable presumption that the sturgeon were taken with such gear. Possession of such sturgeon is punishable under RCW 77.15.380, Unlawful recreational fishing in the second degree--~~

Penalty, unless the sturgeon are taken in the amounts or manner to constitute a violation of RCW 77.15.370, Unlawful recreational fishing in the first degree--Penalty.

AMENDATORY SECTION (Amending Order 12-190, filed 8/23/12, effective 9/23/12)

WAC 232-28-619 Washington food fish and game fish--Freshwater exceptions to statewide rules. (1) All freshwater streams and lakes not listed as open for salmon fishing are closed to fishing for salmon.

(2) Waters listed as open during a specific date range that do not reference any particular species are open during the date range for ~~all~~ game fish only.

(3) Rivers, streams, and beaver ponds that drain into Puget Sound, the Strait of Juan de Fuca, or the Pacific Ocean (excluding the Columbia River) are closed to fishing unless listed as open.

(4) The limits listed ~~belowin this section~~ are daily limits, unless otherwise provided.

(5) Within Puget Sound, beaver ponds located within or adjoining streams that are listed as open to trout and other game fish follow the same rules and regulations as the stream, except as otherwise provided.

(6) As used in this section, "lead jig" means a lure consisting of a hook permanently or temporarily attached directly to a lead weight by any method. "Lead weight" means material constructed of lead and applied to a fishing line or lure and designed to help keep the hook, bait, or lure underwater.

~~((3))~~ (7)(a) Violation of this section is an infraction, punishable under RCW 77.15.160, unless the person has harvested fish.

If the person has harvested fish, the violation is punishable under RCW 77.15.380, Unlawful recreational fishing in the second degree--Penalty, unless the fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370, Unlawful recreational fishing in the first degree--Penalty.

(b) Freshwater terminal gear restrictions: Terminal gear restrictions apply to all species, including salmon, unless otherwise stated. In all waters with freshwater terminal gear restrictions, including, but not limited to, night closures, selective gear rules, whitefish gear rules, single-point barbless hooks required, fly-fishing only, and anti-snagging rules, violation of the gear rules is an infraction, punishable under RCW 77.15.160. It is unlawful to possess fish taken with gear in violation of the freshwater terminal gear restrictions. Possession of fish while using gear in violation of the freshwater terminal gear restrictions is a rebuttable presumption that the fish were taken with such gear. Possession of such fish is punishable under RCW 77.15.380, Unlawful recreational fishing in the second degree, unless the fish are taken in the amounts or manner to constitute a violation of RCW 77.15.370, Unlawful recreational fishing in the first degree.

~~((4))~~ (8) County freshwater exceptions to statewide rules:

(a) Adams and Grant counties: All seasons in specific freshwater exceptions to statewide rules apply to inlet and outlet streams of named lakes in Grant and Adams counties.

(b) Adams, Douglas, Franklin, Grant, and Okanogan counties, except Zosel Dam (Okanogan River): Permissible to fish to base of all dams.

(c) Ferry and Lincoln counties: Except those tributaries listed under specific water exceptions to statewide rules, all tributaries to Lake Roosevelt between Grand Coulee Dam and the State Highway 25 Bridge at Northport except Barnaby and Nancy creeks: Saturday before Memorial Day through October 31 season. Trout: ~~Daily~~ Limit 5, no minimum size.

(d) Kitsap County and Mason County on Tahuya Peninsula west of Belfair-Bremerton Highway (S.R. 3): Beaver ponds: Fourth Saturday in April through October 31 season. Trout: No minimum length.

(e) Kitsap County and Mason County east of Belfair-Bremerton Highway (S.R. 3): Beaver ponds: First Saturday in June through October 31 season. Trout: No minimum length.

~~((5) Rivers, streams, and beaver ponds that drain into Puget Sound, the Strait of Juan de Fuca, or the Pacific Ocean (excluding the Columbia River) are closed to fishing unless listed as open below.~~

~~(6))~~ (9) Specific freshwater exceptions to statewide rules:
Aberdeen Lake (Grays Harbor County): Fourth Saturday in April through October 31 season. Trout: No more than two over 15 inches in length may be retained per day.

Abernathy Creek (Cowlitz County):

From mouth to a point five hundred feet downstream from salmon hatchery: The first Saturday in June through August 31 and November 1 through March 15 season. Trout: Release all fish except up to two hatchery steelhead may be retained per day.

From Abernathy falls to posted markers five hundred feet downstream from salmon hatchery: Closed waters.

Aeneas Lake (Okanogan County): Fourth Saturday in April through

October 31 season. Fly fishing only. Fishing from a floating device equipped with a motor prohibited. Trout: Daily limit one.

Ahtanum Creek, including North and Middle Forks (Yakima County): Selective gear rules. North Fork from Grey Rock Trailhead Bridge crossing to Shellneck Creek and Middle Fork from the A2000 Road Bridge at Tree Phones Campground downstream to the A2000 Spur Road Bridge in NE Section 34: Closed waters.

Alder Creek (Cowlitz County): Closed waters.

Alder Creek (Pacific County) (Naselle River tributary): From mouth upstream: All game fish: The first Saturday in June through October 31. Selective gear rules.

Alder Lake (Thurston County): Kokanee not included in trout daily limit. Kokanee daily limit 10. All tributaries: The first Saturday in June through October 31 season. Trout: Minimum length 14 inches.

Aldrich Lake (Mason County): ~~((Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.))~~ Open the fourth Saturday in April through October 31:

(1) Trout ~~daily~~ limit 5.

(2) No more than 2 trout over 14 inches in length may be retained.

Aldwell Lake (Clallam County): Closed waters.

Alexander Lake (Kitsap County): Closed waters.

Alkali Lake (Grant County): Crappie: Not more than five greater than eight inches in length. Bluegill: Not more than five greater

than six inches in length.

All Creek (Skagit County) (Suiattle River tributary): First Saturday in June through October 31 season. Selective gear rules.

Alma Creek (Skagit County): First Saturday in June through October 31 season. All species: Selective gear rules and release all fish except up to two hatchery steelhead may be retained.

Amon Creek (Benton County): Selective gear rules.

Alta Lake (Okanogan County): Fourth Saturday in April through September 30 season.

Amber Lake (Spokane County): Fourth Saturday in April through September 30 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Whitefish: Daily limit 15 fish. All other game fish: No daily limit, except release all grass carp.))~~

2/25/13 5:11 PM[48] OTS-5184.1

(1) General Columbia River rules:

(a) In the Columbia River between Washington and Oregon, the license of either state is valid.

(i) Anglers must comply with the fishing regulations of the state in which they are fishing.

(ii) This provision does not allow an angler licensed in Oregon to fish on the Washington shore, or in the sloughs or tributaries in Washington except Camas Slough, where the license of either state is valid when fishing from a floating device.

(iii) Anglers fishing the Columbia River are restricted to one ~~daily~~ limit, as defined by the laws of the state in which they are fishing, even if they are licensed by both states.

(b) Anglers may not possess in the field salmon or steelhead mutilated so that size, species, or fin clip cannot be determined until the angler has reached their automobile or principal means of land transportation and completed his or her daily angling.

~~((From a true north-south line through Buoy 10, upstream to a line projected from Rocky Point on the Washington bank through Red Buoy 44 to the navigation light at Tongue Point on the Oregon bank:
Trout: Release all trout except hatchery steelhead. Walleye: No minimum size. Daily limit ten, of which no more than five may be greater than eighteen inches in length and one greater than twenty-four inches in length. Fishing from the north jetty is allowed during both Area 1 and Buoy 10 salmon season openings, and the daily limit is the more liberal if both areas are open. Barbed hooks allowed. Salmon and steelhead: Open only June 16 through March 31. June 16 through July 31, daily limit 6 fish, of which no~~

~~more than 2 may be adult salmon or hatchery steelhead, or one of each. Release all salmon other than sockeye and hatchery Chinook. From July 2 through July 31, release adult Chinook and sockeye. Closed to fishing for salmon and steelhead from Buoy 10 to the Megler-Astoria Bridge. August 1 through September 3, daily limit 2 salmon or 2 hatchery steelhead or one of each; only 1 may be a Chinook. Release all salmon except Chinook and hatchery coho. Chinook minimum length 24 inches. Coho minimum length 16 inches. September 4 through September 30, daily limit 2 hatchery coho or 2 hatchery steelhead or one of each. Release all salmon other than hatchery coho. Coho minimum length 16 inches. October 1 through December 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead, or one of each. Release all salmon except Chinook and hatchery coho. January 1 through March 31, daily limit 6 fish, of which no more than 2 may be adult hatchery Chinook salmon or hatchery steelhead or one of each. Release all salmon except hatchery Chinook. Fishing from the north jetty for salmon open during both Area 1 and Buoy 10 fishery openings and the daily limit is the more liberal if both areas are open. Sturgeon: Release sturgeon May 1 through May 11, and July 9 through December 31. Minimum size when open to retain sturgeon is 38 inches fork length January 1 through April 30, and 41 inches fork length May 12 through July 8. Bottomfish: Daily limits, seasons, size restrictions and gear restrictions are the same as those in the adjacent portion of Marine Area 1.~~

~~From a line projected from Rocky Point on the Washington bank through Red Buoy 44 to the navigation light at Tongue Point on the~~

~~Oregon bank, upstream to the I-5 Bridge: Trout: Release all trout except hatchery steelhead and hatchery cutthroat May 16 through March 31. Walleye: No minimum size. Daily limit ten, of which no more than five may be greater than eighteen inches in length and one greater than twenty-four inches in length. Salmon and steelhead: Open only May 16 through March 31 of the following year. May 16 through July 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except sockeye and hatchery Chinook. May 16 through June 15, release adult Chinook. July 2 through July 31, release adult Chinook and sockeye. August 1 through September 9, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each; of the adult salmon, only 1 may be a Chinook. Release all salmon except Chinook and hatchery coho. September 10 through December 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except Chinook and hatchery coho, and September 10 through September 30 release Chinook downstream of a line projected from the Warrior Rock Lighthouse, through Red Buoy #4, to the orange marker atop the dolphin on the Washington shore. January 1 through March 31, daily limit 6 fish, of which no more than 2 may be adult hatchery Chinook or hatchery steelhead or one of each. Release all salmon except hatchery Chinook. Sturgeon: (1) Release sturgeon May 1 through May 11 and July 9 through December 31 downstream from the Wauna powerlines. Minimum size when open to retain sturgeon is 38 inches fork length January 1 through April 30, and 41 inches fork length May 12 through July 8; (2) I-5 Bridge downstream to Wauna powerlines,~~

~~permissible to retain sturgeon only on Thursdays, Fridays, and Saturdays from January 1 through July 31, and October 20 through December 31. Release sturgeon on other days and during other time periods.~~

~~From the I-5 Bridge to the Highway 395 Bridge at Pasco: Closed waters: (1) From the upstream line of Bonneville Dam to boundary markers located six hundred feet below the fish ladder, and closed to fishing from a floating device or fishing by any method except hand-casted gear from shore from Bonneville Dam downstream to a line from the Hamilton Island boat ramp to an Oregon boundary marker on Robins Island. (2) Waters from the upstream side of the Interstate 197 Bridge at The Dalles to upper line of The Dalles Dam except that bank fishing is permitted up to the downstream navigation lock wall on the Washington shore; within one quarter mile of the USFWS Spring Creek Hatchery Grounds between posted markers that are located one quarter mile on either side of the fish ladder entrance. (3) From John Day Dam downstream about three thousand feet except that bank fishing is permitted up to four hundred feet below the fishway entrance on the Washington shore. (4) From McNary Dam downstream to a line across the river from the red and white marker on the Oregon shore on a line that intersects the downstream end of the wing wall of the boat lock near the Washington shore. Salmon and steelhead: August 1 through December 31 season. August 1 through October 15 anti-snagging rule from Bonneville Dam to McNary Dam and night closure from Bonneville Dam to The Dalles Dam. Trout: Release all trout except hatchery steelhead. Walleye: No minimum size. Daily limit ten, of which no more than five may be greater than eighteen~~

~~inches in length and one greater than twenty-four inches in length.~~
~~Snake River Confluence Protection Area: From the first powerline crossing the Columbia upstream of Sacajawea State Park to the railroad bridge between Burbank and Kennewick: All species: Daily limits, seasons, size restrictions and gear restrictions are the same as those in the adjacent portion of the Snake River. Sturgeon: (1) Sturgeon fishing is closed from Bonneville Dam to a line from a boundary marker on the Washington shore approximately 4,000 feet below the fish ladder to the downstream end of Cascade Island to an Oregon angling boundary on Bradford Island (the Cascade Island - Bradford Island line). (2) It is unlawful to fish for sturgeon from May 1 through August 31 from Cascade Island - Bradford Island line downstream 9 miles to a line crossing the Columbia River from navigation marker 82 on the Oregon shore, through the upstream exposed end of Skamania Island, continuing in a straight line to a boundary marker on the Washington shore (navigational marker 82 line), and May 1 through July 31 from 400 feet below McNary Dam to the Highway 82 Bridge and from John Day Dam downstream to a line crossing the Columbia at a right angle to the thread of the river from the west end of the grain silo at Rufus, Oregon. (3) Cascade Island - Bradford Island line downstream to I-5 Bridge, permissible to retain sturgeon only on Thursdays, Fridays, and Saturdays from January 1 through July 31 and October 20 through December 31, except for May 1 - August 31 closure downstream to the navigation marker 82 line. Release sturgeon on other days and during other time periods. (4) Release sturgeon August 1 through December 31 from the upstream line of Bonneville Dam and 400 feet below McNary Dam. (5)~~

~~From the Hamilton Island boat launch (USACE boat restricted zone boundary) to Bonneville Dam, anglers must stop fishing for sturgeon once a daily limit has been retained. (6) Release sturgeon from August 1 through January 31 from McNary Dam to the Highway 395 Bridge at Pasco. Salmon and steelhead: From I-5 Bridge to Bonneville Dam: Open June 16 through December 31 except salmon closed November 1 through December 31 from Beacon Rock to Bonneville Dam. June 16 through July 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except sockeye and hatchery Chinook. July 2 through July 31, release adult Chinook and sockeye. August 1 through September 9, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each; of the adult salmon, only one may be a Chinook. Release all salmon except Chinook and hatchery coho. September 10 through December 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except Chinook and hatchery coho. Steelhead: Additional season January 1 through March 31. Daily limit 2. From Bonneville Dam to Highway 395 Bridge at Pasco: Open June 16 through December 31. June 16 through July 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except sockeye and hatchery Chinook. August 1 through December 31, daily limit 6 fish, of which no more than 2 may be adult salmon or hatchery steelhead or one of each. Release all salmon except Chinook and coho. Release wild coho from Bonneville Dam to Hood River Bridge. Steelhead: Additional season January 1 through March 31. Daily limit 2.~~

~~From the Highway 395 Bridge at Pasco to the old Hanford townsite (wooden towers) powerline crossing, in Sec. 30, T13N, R28E except Ringold Area Bank Fishery waters:— Closed waters:— Ringold Springs Creek (Hatchery Creek).— Closed waters within a 400' radius of the Columbia Irrigation District (CID) fish barrier at the mouth of the CID wasteway at Columbia Park.— Release all steelhead with a radio-tag wire protruding from the mouth, or with a disk or floy tag attached near the dorsal fin.— Trout:— Release all trout, except up to two hatchery steelhead having both adipose and ventral fin clips may be retained per day, October 1 through October 31.— Release all trout, except up to two hatchery steelhead may be retained per day, November 1 through March 31.— Salmon:— Open June 16 through July 31. Daily limit 6 fish, of which no more than 2 may be adult hatchery Chinook.— Release wild Chinook.— Open August 1 through October 22. Daily limit 6 fish, of which no more than 2 may be adult salmon.— Walleye:— Daily limit 10 fish.— No minimum size, no more than 5 fish over 18 inches in length.— No more than 1 fish over 24 inches in length.— Ringold Area Bank Fishery waters (from WDFW markers 1/4 mile downstream from the Ringold wasteway outlet, to WDFW markers 1/2 mile upstream from Spring Creek):— Open only April 1 through April 15, except closed for salmon fishing.— Fishing allowed only from the bank and only on the hatchery side of the river.— Trout:— Release all trout, except hatchery steelhead.— Sturgeon:— Release sturgeon from August 1 through January 31.~~

~~From the old Hanford townsite (wooden towers) powerline crossing in Sec. 30, T13N, R28E, to Vernita Bridge, (Highway 24):— February 1 through October 22 season.— Trout:— Release all trout.~~

~~Walleye: Daily limit 10 fish. No minimum size, no more than 5 fish over 18 inches in length. No more than 1 fish over 24 inches in length. Salmon: Open June 16 through July 31. Daily limit 6 fish of which no more than 2 fish may be adult hatchery Chinook. Release wild Chinook. Open August 1 through October 22. Daily limit 6 fish, of which no more than 2 may be adult salmon. Sturgeon: Release sturgeon from August 1 through October 22.~~

~~From Vernita Bridge (Highway 24) to Priest Rapids Dam: Closed waters: (1) Priest Rapids Dam - Waters between the upstream line of Priest Rapids Dam downstream to the boundary markers six hundred fifty feet below the fish ladders. ~~From Wanapum Dam to Wells Dam: — All species: — Anglers may fish with two poles provided they have a two pole endorsement July 1 through August 31. — All game fish: — Year-round season. — Salmon: — Open July 1 through October 15. — Daily limit 6 Chinook and six sockeye~~

~~only. No more than 3 may be adult Chinook, and of the 3 adult Chinook, only 1 may be wild. Release all trout. Sturgeon: Year-round, catch and release only.~~

~~From Wells Dam to Highway 173 Bridge at Brewster: All species: Anglers may fish with two poles provided they have a two pole endorsement July 16 through August 31. All game fish: Year-round season. Salmon: Open July 16 through August 31. Daily limit 6 Chinook and six sockeye only. No more than 3 may be adult Chinook, and of the 3 adult Chinook, only 1 may be wild. Release all trout. Sturgeon: Year-round, catch and release only.~~

~~From Highway 173 Bridge at Brewster to Chief Joseph Dam: Anglers may fish with two poles, provided they have a two pole endorsement, July 1 through August 31. Release all trout. Salmon: Open July 1 through October 15. Daily limit 6 Chinook and six sockeye only. No more than 3 may be adult Chinook, and of the 3 adult Chinook, only 1 may be wild. Sturgeon: Year-round, catch and release only. All other Game Fish: Year-round season.~~

~~Above Chief Joseph Dam: See Lake Roosevelt and Rufus Woods Lake.))~~

(c) It is unlawful to totally remove from the water any salmon, steelhead, or Dolly Varden/Bull trout that are to be released, when fishing from vessels less than 30 feet in length (as substantiated by Coast Guard documentation or Marine Board registration), in the mainstem Columbia from the Rocky Point/Tongue Point line upstream to OR/WA border, from February 15 through June 15. Salmon and trout handling rules apply, except from February 15-June 15 in the mainstem Columbia from the Rocky Point/Tongue Point line upstream to OR/WA

border, where the rules apply only when fishing from vessels less than 30 feet in length (as substantiated by Coast Guard documentation or Marine Board registration).

(d) Open year-round unless otherwise provided.

(2) Rules by River Section:

(a) From a true north-south line through Buoy 10, upstream to a line projected from Rocky Point on the Washington bank through Red Buoy 44 to the navigation light at Tongue Point on the Oregon bank:

(i) Fishing from the north jetty is allowed when Marine Area 1 or Buoy 10 areas are open for salmon, and the ~~daily~~ limit and minimum size restrictions follow the most liberal regulations if both areas are open. Barbed hooks allowed.

(ii) Release all trout except hatchery steelhead.

(iii) Walleye:

(A) No minimum length restriction.

(B) ~~Daily~~ Limit 10; no more than 5 longer than 18 inches may be retained, and only one may be longer than 24 inches.

(iv) Bass:

(A) ~~Daily~~ Limit 5 ~~fish~~.

(B) No more than 3 fish longer than 15 inches may be retained.

(C) Retention of bass between 12 and 17 inches is permissible.

(v) Channel catfish, no ~~daily~~ limit.

(vi) Salmon and steelhead:

(A) Open June 16 through July 31:

(I) Closed to fishing for salmon and steelhead from Buoy 10 to the Megler-Astoria Bridge.

(II) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2

hatchery steelhead, or one of each, may be retained.

(III) Release all salmon other than sockeye and hatchery Chinook.

(IV) From July 2 through July 31, release adult Chinook and sockeye.

(B) Open August 1 through September 3:

(I) ~~Daily 1~~Limit 2 salmon, or 2 hatchery steelhead, or one of each.

(II) Only one Chinook may be retained.

(III) Release all salmon except Chinook and hatchery coho.

(IV) Chinook minimum length 24 inches.

(V) Coho minimum length 16 inches.

(C) Open September 4 through September 30:

(I) ~~Daily 1~~Limit 2 hatchery coho, or 2 hatchery steelhead, or one of each.

(II) Release all salmon other than hatchery coho.

(III) Coho minimum length 16 inches.

(D) Open October 1 through December 31:

(I) ~~Daily 1~~Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except Chinook and hatchery coho.

(E) Open January 1 through March 31:

(I) ~~Daily 1~~Limit 6 ~~fish~~; no more than 2 adult hatchery Chinook, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except hatchery Chinook.

(vii) Sturgeon:

(A) Release sturgeon May 1 through May 11, and July 9 through

December 31.

(B) May 12 through July 8 minimum fork length is 41 inches.

(viii) Shad open May 16 through March 31.

(ix) Forage fish and bottomfish: Marine Area 1 general rules apply; eulachon closed.

(b) From a line projected from Rocky Point on the Washington bank through Red Buoy 44 to the navigation light at Tongue Point on the Oregon bank, upstream to the I-5 Bridge:

(i) Trout:

(A) Open May 16 through March 31.

(B) Release all trout except hatchery cutthroat and hatchery steelhead (limit as described under "salmon and steelhead" within this [sub-section](#)).

(I) Hatchery cutthroat minimum length 12 inches.

(II) Up to 2 hatchery cutthroat may be retained.

(ii) Walleye:

(A) No minimum length restriction.

(B) ~~Daily~~ Limit 10; no more than 5 ~~fish~~ longer than 18 inches may be retained, and only one ~~fish~~ may be longer than 24 inches.

(iii) Bass:

(A) ~~Daily~~ Limit 5 ~~fish~~.

(B) No more than 3 ~~fish~~ longer than 15 inches may be retained.

(C) Retention of bass between 12 and 17 inches is permissible.

(iv) Channel catfish, no ~~daily~~ limit.

(v) Salmon and steelhead:

(A) Open May 16 through July 31:

(I) Release all salmon except hatchery Chinook and sockeye.

(II) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(III) Release adult Chinook ~~from~~ May 16 through June 15.

(IV) Release adult Chinook and sockeye ~~from~~ July 2 through July 31.

(B) Open August 1 through September 9:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Only one adult Chinook may be retained.

(III) Release all salmon except Chinook and hatchery coho.

(C) Open September 10 through December 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except Chinook and hatchery coho.

(III) Release Chinook downstream of a line projected from the Warrior Rock Lighthouse, through Red Buoy 4, to the orange marker atop the dolphin on the Washington shore, from September 10 through September 30.

(D) Open January 1 through March 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult hatchery Chinook, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except hatchery Chinook.

(vi) Shad open May 16 through March 31.

(vii) Sturgeon:

(A) Downstream from the Wauna powerlines at river mile 40, near Cathlamet:

(I) Release sturgeon May 1 through May 11 and July 9 through

December 31.

(II) Minimum fork length is 41 inches from May 12 through July

8.

(B) From the Wauna powerlines upstream to I-5 Bridge:

(I) It is unlawful to retain sturgeon, except on Thursdays, Fridays, and Saturdays January 1 through July 31 and October 20 through December 31.

(II) Release sturgeon August 1 through October 19.

(c) From the I-5 Bridge to Bonneville Dam:

(i) Closed waters:

(A) From the upstream line of Bonneville Dam to boundary markers 600 feet below the fish ladder at the powerhouse.

(B) Closed to angling from a floating device or by any method except hand-casted gear from shore, from Bonneville Dam downstream to a line from the Hamilton Island boat ramp to an Oregon boundary marker on the westernmost tip of Robins Island.

(ii) Release all trout except hatchery steelhead.

(iii) Walleye:

(A) No minimum length restriction.

(B) ~~Daily~~ Limit 10; no more than 5 longer than 18 inches may be retained, and only one may be longer than 24 inches.

(iv) Bass:

(A) ~~Daily~~ Limit 5 ~~fish~~.

(B) No more than 3 longer than 15 inches may be retained.

(C) Retention of bass between 12 and 17 inches is permissible.

(v) Channel catfish: No ~~daily~~ limit.

(vi) Salmon and steelhead:

(A) Open June 16 through July 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except hatchery Chinook and sockeye.

(III) Release adult Chinook and sockeye July 2 through July 31.

(B) Open August 1 through September 9:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Only one adult Chinook may be retained.

(III) Release all salmon except Chinook and hatchery coho.

(C) Open September 10 through December 31:

(I) Closed November 1 through December 31 from Beacon Rock to Bonneville Dam.

(II) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(III) Release all salmon except Chinook and hatchery coho.

(vii) Steelhead open January 1 through March 31.

(viii) Sturgeon:

(A) Closed to fishing for sturgeon:

(I) From Bonneville Dam downstream to a boundary marker on the Washington shore approximately ~~4,000~~4000 feet below the fish ladder at the powerhouse, south to the downstream end of Cascade Island, and across to the Oregon angling boundary on Bradford Island (the Cascade Island-Bradford Island line).

(II) From Bonneville Dam downstream 9 miles to a line crossing the Columbia River from navigation marker 82 on the Oregon shore, ~~westerly to the boundary marker on the Washington shore upstream of~~

~~Fir Point~~ through the upstream exposed end of Skamania Island, continuing in a straight line to a boundary marker on the Washington shore (navigational marker 82 line), from May 1 through August 31.

~~(III)~~(B) From the Hamilton Island boat launch (USACE boat restricted zone boundary) upstream to the Cascade Island-Bradford Island line, anglers must stop fishing for sturgeon once ~~a daily~~ the limit has been retained.

~~(B)~~(C) January 1 through July 31, and from October 20 through December 31, from the Cascade Island-Bradford Island line downstream to I-5 Bridge, it is permissible to retain sturgeon only on Thursdays, Fridays, and Saturdays.

~~(C)~~(D) Catch and release ~~only~~ August 1 through October 19.

(ix) Shad open May 16 through March 31.

(d) From Bonneville Dam to The Dalles Dam:

(i) Closed waters:

(A) Within one quarter mile of the USFWS Spring Creek Hatchery Grounds, between posted markers located one quarter mile on either side of the fish ladder entrance.

(B) At The Dalles between the upstream line of The Dalles Dam to the upstream side of the Interstate 197 Bridge, except that bank fishing is permitted up to the downstream navigation lock wall on the Washington shore.

(ii) Release all trout except hatchery steelhead.

(iii) Walleye:

(A) No minimum length restriction.

(B) ~~Daily~~ Limit 10; no more than 5 longer than 18 inches may be retained, and only one may be longer than 24 inches.

(iv) Bass:

(A) ~~Daily~~ Limit 5 ~~fish~~.

(B) No more than 3 ~~fish~~ longer than 15 inches may be retained.

(C) Retention of bass between 12 and 17 inches is permissible.

(v) Channel catfish: ~~No daily, no~~ limit.

(vi) Salmon and steelhead:

(A) Open June 16 through July 31:

(I) ~~Daily~~ limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except sockeye and hatchery Chinook.

(B) Open August 1 through December 31:

(I) Anti-snagging rule and night closure in effect August 1 through October 15.

(II) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(III) Release all salmon except Chinook and coho.

(IV) Release wild coho from Bonneville Dam to Hood River Bridge.

(vii) Steelhead open January 1 through March 31.

(viii) Release sturgeon August 1 through December 31.

(e) From The Dalles Dam to McNary Dam:

(i) Closed waters:

(A) At John Day Dam between the upstream line of John Day Dam to markers approximately ~~3,000~~3000 feet downstream, except that bank fishing is permitted up to 400 feet below the fishway entrance on the Washington shore.

(B) At McNary Dam between the upstream line of McNary Dam downstream to a line across the river from the red and white marker

on the Oregon shore on a line that intersects the downstream end of the wing-wall of the boat lock near the Washington shore.

(ii) Release all trout except hatchery steelhead.

(iii) Walleye:

(A) No minimum length restriction.

(B) ~~Daily 1~~Limit 10; no more than 5 ~~fish~~ longer than 18 inches may be retained, and only one ~~fish~~ may be longer than 24 inches.

(iv) Bass:

(A) ~~Daily 1~~Limit 5 ~~fish~~.

(B) No more than 3 ~~fish~~ longer than 15 inches may be retained.

(C) Retention of bass between 12 and 17 inches is permissible.

(v) Channel catfish: ~~No daily, no~~ limit.

(vi) Salmon and steelhead:

(A) Open June 16 through July 31:

(I) ~~Daily 1~~Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except hatchery Chinook and sockeye.

(B) Open August 1 through December 31:

(I) Anti-snagging rule and night closure in effect August 1 through October 15.

(II) ~~Daily 1~~Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(III) Release all salmon except Chinook and coho.

(vii) Steelhead open January 1 through March 31.

(viii) Sturgeon:

(A) Closed to fishing for sturgeon:

(I) May 1 through July 31 from John Day Dam downstream 2.4 miles

to a line crossing the Columbia at a right angle to the thread of the river from the west end of the grain silo at Rufus, Oregon.

(II) May 1 through July 31 from McNary Dam downstream to the Highway 82 Bridge.

(B) Catch and release ~~only~~ August 1 through December 31.

(f) From McNary Dam to Highway 395 Bridge at Pasco:

(i) The Snake River Confluence Protection Area includes waters of the Columbia River from the railroad bridge between Burbank and Kennewick, upstream approximately 2.1 miles to the first powerline crossing the Columbia upstream of the navigation light on the point of Sacajawea State Park. For all species, ~~daily~~ limits, seasons, size restrictions and gear restrictions are the same as those in the adjacent portion of the Snake River.

(ii) Release all trout except hatchery steelhead.

(iii) [Upstream from the Oregon/Washington border \(which is 17 river miles upstream from McNary Dam:](#)

(A) Walleye: No size restrictions and no ~~daily~~ limit.

(~~iv~~B) Bass: No size restrictions and no ~~daily~~ limit.

(~~v~~C) Channel catfish: ~~No daily~~, no limit.

(~~vi~~iv) Salmon and steelhead:

(A) Open June 16 through July 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except hatchery Chinook and sockeye.

(B) Open August 1 through December 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult salmon, or 2 hatchery steelhead, or one of each, may be retained.

(II) Release all salmon except Chinook and coho.

(vii) Steelhead open January 1 through March 31.

(viii) Release sturgeon August 1 through January 31.

(g) From the Highway 395 Bridge at Pasco to the Old Hanford townsite wooden powerline towers, in Sec. 30, T13N, R28E:

(i) Closed waters:

(A) Within a 400 foot radius of the Columbia Irrigation District (CID) fish barrier at the mouth of the CID wasteway at Columbia Park.

(B) Ringold Springs Creek (Hatchery Creek).

(ii) Ringold Area Bank Fishery waters, from WDFW markers 1/4 mile downstream from the Ringold wasteway outlet, to WDFW markers 1/2 mile upstream from Spring Creek:

(A) Open April 1 through April 15 only.

(B) Fishing allowed ~~only~~ from the bank ~~and only~~ on the hatchery side of the river ~~only~~.

(C) Release all trout, ~~except up to 2 hatchery steelhead may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

(iii) Release all steelhead with a radio-tag wire protruding from the mouth, or with a disk or floy tag attached near the dorsal fin.

(iv) Trout:

(A) October 1 through October 31 release all trout, except ~~up to 2~~ hatchery steelhead with both the adipose and ventral fins clipped may be retained ~~per day~~.

(B) November 1 through March 31 release all trout, ~~except up to 2 hatchery steelhead may be retained per day.~~ except anglers may retain up to 2 hatchery steelhead.

(v) Walleye: No size restrictions and no ~~daily~~ limit.

(vi) Bass: No size restrictions and no ~~daily~~ limit.

(vii) Channel catfish: ~~No daily, no~~ limit.

(viii) Salmon:

(A) Open June 16 through July 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult hatchery Chinook
may be retained.

(II) Release wild Chinook.

(B) Open August 1 through October 22:

(I) ~~Daily~~ Limit 6 ~~fish~~.

(II) No more than 2 adult salmon may be retained.

(ix) Release sturgeon ~~from~~ August 1 through January 31.

(h) From the Old Hanford townsite wooden powerline towers, in
Sec. 30, T13N, R28E, to Vernita Bridge, (Highway 24):

(i) Open February 1 through October 22.

(ii) Release all trout.

(iii) Walleye: No size restrictions and no ~~daily~~ limit.

(iv) Bass: No size restrictions and no ~~daily~~ limit.

(v) Channel catfish: ~~No daily, no~~ limit.

(vi) Salmon:

(A) Open June 16 through July 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult hatchery Chinook
may be retained.

(II) Release wild Chinook.

(B) Open August 1 through October 22:

(I) ~~Daily~~ Limit 6 ~~fish~~.

(II) No more than 2 adult salmon may be retained.

(vii) Release sturgeon ~~from~~ August 1 through October 22.

(i) From Vernita Bridge (Highway 24) to Priest Rapids Dam:

(i) Closed waters:

(A) At Priest Rapids Dam; waters between the upstream line of Priest Rapids Dam downstream to the boundary markers 650 feet below the fish ladders.

(B) At Jackson (Moran) Creek, or Priest Rapids Hatchery outlet Creek; waters of the Priest Rapids Hatchery system to the outlet on the Columbia River, extending to midstream Columbia River between boundary markers located 100 feet upstream and 400 feet downstream of the mouth.

(ii) Release all trout.

(iii) Walleye: No size restrictions and no ~~daily~~ limit.

(iv) Bass: No size restrictions and no ~~daily~~ limit.

(v) Channel catfish: ~~No daily~~, no limit.

(vi) Salmon:

(A) Open June 16 through July 31:

(I) ~~Daily~~ Limit 6 ~~fish~~; no more than 2 adult hatchery Chinook may be retained.

(II) Release wild Chinook.

(B) Open August 1 through October 22:

(I) ~~Daily~~ Limit 6 ~~fish~~.

(II) No more than 2 adult salmon may be retained.

(vii) Sturgeon:

(A) Closed to fishing for sturgeon from May 1 through July 31 from Priest Rapids Dam downstream 2.5 miles to the boundary marker on the river bank 400 feet downstream from Priest Rapids Hatchery

outlet channel (Jackson Creek).

(B) Release sturgeon ~~from~~ August 1 through January 31.

(j) From Priest Rapids Dam to Wanapum Dam:

(i) Closed waters at Wanapum Dam, between the upstream line of Wanapum Dam to the boundary markers 750 feet downstream of the east fish ladder and 500 feet downstream of the west fish ladder.

(ii) Fishing two poles is permissible July 1 through August 31, so long as the angler possesses a two-pole endorsement.

(iii) Release all trout.

(iv) Walleye: No size restrictions and no ~~daily~~ limit.

(v) Bass: No size restrictions and no ~~daily~~ limit.

(vi) Channel catfish: ~~No daily~~, no limit.

(vii) Salmon:

(A) Open July 1 through August 31:

(I) ~~Daily~~ Limit 6 Chinook and 6 sockeye only.

(II) No more than 3 adult Chinook may be retained, and only one adult Chinook may be wild.

(B) Open September 1 through October 22:

(I) ~~Daily~~ Limit 6 Chinook only.

(II) No more than 2 adult salmon may be retained.

(viii) Release all sturgeon.

(k) From Wanapum Dam to Wells Dam:

(i) Closed waters:

(A) At Rocky Reach Dam and Rock Island Dam, between the upstream line of the dam to boundary markers 400 feet downstream of the fish ladders.

(B) At Wells Dam, between the upstream line of Wells Dam to

boundary markers 400 feet downstream of the spawning channel discharge (on Chelan County side) and fish ladder (on Douglas County side).

(ii) Fishing two poles is permissible July 1 through August 31, so long as the angler possesses a two-pole endorsement.

(iii) Release all trout.

(iv) Walleye: No size restrictions and no ~~daily~~ limit.

(v) Bass: No size restrictions and no ~~daily~~ limit.

(vi) Channel catfish: ~~No daily, no~~ limit.

(vii) Salmon open July 1 through October 15:

(A) ~~Daily~~ Limit 6 Chinook and 6 sockeye only.

(B) No more than 3 adult Chinook may be retained, and only one adult Chinook may be wild.

(viii) Release all sturgeon.

(1) From Wells Dam to Highway 173 Bridge at Brewster:

(i) Fishing two poles is permissible July 16 through August 31, so long as the angler possesses a two-pole endorsement.

(ii) Release all trout.

(iii) Walleye: No size restrictions and no ~~daily~~ limit.

(iv) Bass: No size restrictions and no ~~daily~~ limit.

(v) Channel catfish: ~~No daily, no~~ limit.

(vi) Salmon open July 16 through August 31:

(A) ~~Daily~~ Limit 6 Chinook and 6 sockeye only.

(B) No more than 3 adult Chinook may be retained, and only one adult Chinook may be wild.

(vii) Release all sturgeon.

(m) From Highway 173 Bridge at Brewster to Chief Joseph Dam:

(i) Closed waters:

(A) From the Okanogan County shore between Chief Joseph Dam and the Highway 17 Bridge.

(B) From the Douglas County shore between Chief Joseph Dam and a point 400 feet downstream.

(ii) Fishing two poles is permissible July 1 through August 31, so long as the angler possesses a two-pole endorsement.

(iii) It is unlawful to fish from a floating device downstream of Chief Joseph Dam from the boundary marker to the Corps of Engineers safety zone marker.

(iv) Release all trout.

(v) Walleye: No size restrictions and no ~~daily~~ limit.

(vi) Bass: No size restrictions and no ~~daily~~ limit.

(vii) Channel catfish: ~~No daily, no~~ limit.

(viii) Salmon open July 1 through October 15:

(A) ~~Daily~~ Limit 6 Chinook and 6 sockeye only.

(B) No more than 3 adult Chinook may be retained, and only one adult Chinook may be wild.

(ix) Release all sturgeon.

(n) Above Chief Joseph Dam: Refer to "Rufus Woods Lake" ~~special~~ rules listed in this section.

(o) Above Grand Coulee Dam: Refer to "Lake Roosevelt" ~~special~~ rules listed in this section.

Colville River (Stevens County):

~~((From mouth to bridge at Town of Valley: Year-round season. Trout: Daily limit five fish, not more than two of which may be brown trout October 1 through November 30. Walleye: Daily limit 8 fish.~~

~~No minimum size. Not more than one walleye greater than 22 inches may be retained. Sturgeon: Unlawful to fish for or retain sturgeon.~~

~~From bridge at Valley upstream and tributaries: Saturday before Memorial Day through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor.)~~

(1) From the mouth to the bridge at town of Valley:

(a) Open year-round.

(b) Trout:

(i) ~~Daily limit 5 fish.~~

(ii) From October 1 through November 30, not more than 2 brown trout may be retained.

(c) Walleye:

~~(i) Daily limit 8 fish.~~

~~(ii) No size restrictions.~~ No size restrictions and no limit.

(d) Sturgeon: It is unlawful to fish for or retain sturgeon.

(2) All tributaries to Colville River, from the mouth to the bridge at the town of Valley, open the Saturday before Memorial Day through October 31.

(3) From the bridge at the town of Valley upstream, including tributaries:

(a) Open the Saturday before Memorial Day through October 31.

(b) Selective gear rules apply.

(c) It is unlawful to fish from a floating device equipped with an internal combustion motor.

Conconully Lake (Okanogan County): Fourth Saturday in April through

October 31 season.

Conconully Reservoir (Okanogan County): Fourth Saturday in April through October 31 season.

Conger Pond (Pend Oreille County): Fourth Saturday in April through October 31 season.

Connelly Creek and tributaries (Lewis County): From four hundred feet below the city of Morton Dam to its source: Closed waters.

Conner Lake (Okanogan County): Fourth Saturday in April through October 31 season.

Connor Creek (Grays Harbor County)(~~(; From mouth upstream)~~):

(1) Open the first Saturday in June through October 31
~~((season))~~.

(2) Selective gear rules apply.

(3) Trout(~~(;)~~) minimum length (~~(fourteen)~~) 14 inches(~~(. All species: Selective gear rules)~~), except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length as part of the ~~daily~~ limit.

Cook Creek (Grays Harbor County)(~~(;)~~), from the Quinault Indian Reservation boundary upstream:

(1) Open the first Saturday in June through October 31
~~((season))~~.

(2) Trout(~~(;)~~) minimum length (~~(fourteen)~~) 14 inches(~~(. All species:)~~), except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length as part of the ~~daily~~ limit.

(3) Selective gear rules apply.

Cooper River (Kittitas County)(~~(+)~~), mouth to Cooper Lake:
~~((Selective gear rules. Unlawful to fish from a floating device
equipped with an internal combustion motor.))~~

(1) Open the Saturday before Memorial Day through October 31.

(2) Selective gear rules apply.

Coot Lake (Grant County): April 1 through September 30 season.

Copalis River (Grays Harbor County):

(1) General River Rules:

(a) Open for game fish the first Saturday in June through the
last day in February (~~(season)~~).

(b) It is permissible to retain hatchery steelhead defined as
having a dorsal fin height of less than 2 1/8 inches or with an adipose
or ventral fin clip.

(2) Rules by Rriver Ssection:

(a) From mouth to Carlisle Bridge:

(i) Trout(~~(+)~~) minimum length ((~~fourteen~~)) 14 inches, except
is it permissible to retain hatchery (adipose clipped) trout less
than 14 inches in length, as part of the daily-limit.

(ii) Salmon:

(A) Open (~~(only)~~) September 1 through January 31.

(B) Daily-Limit 6 fish-~~((of which))~~; no more than 2 (~~(may be)~~)
adult salmon may be retained.

(C) Release adult Chinook and chum (~~(and adult Chinook)~~).

(b) From Carlisle Bridge upstream(~~(+)~~); Trout(~~(+)~~) minimum
length ((~~fourteen~~)) 14 inches, except it is permissible to retain
hatchery (adipose clipped) trout less than 14 inches in length, as
part of the daily-limit.

Copper Creek (Snohomish County) (Clear Creek tributary, a tributary of Sauk River): All game fish: First Saturday in June through October 31 season.

Corral Canyon Creek (Benton County): Selective gear rules.

Cottage Lake (King County): Fourth Saturday in April through October 31 season.

Cottonwood Creek (Lincoln County): Year-round season.

Cottonwood Creek (Walla Walla County): Closed waters.

Cougar Creek (tributary to Yale Reservoir) (Cowlitz County): The first Saturday in June through August 31 season.

Cougar Lake (Pasayten Wilderness) (Okanogan County): All species: Selective gear rules. Fishing two poles is permissible so long as the angler possesses a two-pole endorsement.

Cougar Lake (near Winthrop) (Okanogan County):

(1) ~~Open April 1 through August 31((-- All species: Release all fish)).~~ It is unlawful to fish from a floating device equipped with an internal combustion motor.

(2) ~~((-- All species: Release all fish)).~~ Catch and release only. Open April 1 through August 31.

(3) ~~It is unlawful to fish from a floating device equipped with an internal combustion motor.~~ Catch and release only.

Coulter Creek (Kitsap/Mason counties): First Saturday in June through October 31 season. Selective gear rules. Trout: Release all trout.

County Line Ponds (Skagit County): Closed waters.

Coweeman River (Cowlitz County): ~~((From mouth to Mulholland Creek: The first Saturday in June through August 31 and November 1 through March 15 season. Trout: Release all fish except up to two hatchery steelhead may be retained per day. From Mulholland Creek upstream: The first Saturday in June through August 31 season. Trout: Release all fish except up to two hatchery steelhead may be retained per day.))~~

(1) From mouth to Baird Creek:

(a) Open the first Saturday in June through August 31 and November 1 through March 15.

(b) Release all trout, ~~except up to 2 hatchery steelhead may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

(2) From Baird Creek upstream:

(a) Open the first Saturday in June through August 31.

(b) Release all trout, ~~except up to 2 hatchery steelhead may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

Cowiche Creek (Yakima County): Selective gear rules apply.
~~((Unlawful to fish from a floating device equipped with an internal combustion motor.))~~

Cowlitz Falls Reservoir (Lake Scanewa) (Lewis County): ~~((June 1 through last day in February season. The upstream boundary of the reservoir in the Cowlitz arm is the posted PUD sign on Peters Road. The upstream boundary of the reservoir in the Cispus arm is the posted markers at the Lewis County PUD kayak launch, approximately 1.5 miles upstream from the confluence of the Cowlitz and Cispus arms. Trout and salmon: Minimum length eight inches. Trout: Release cutthroat. Release rainbow trout except rainbow trout with a~~

~~clipped adipose fin and a healed scar at the site of the clipped fin.
June 1 through August 31: Daily limit five. September 1 through
last day of February: Daily limit ten. Salmon: Open only June 1
through last day in February. January 1 through last day in February
and June 1 through July 31, daily limit 6 fish, of which no more than
2 may be adult salmon. Release wild coho and wild Chinook. August
1 through December 31, daily limit 6 fish, of which no more than 2
may be adult Chinook. Release wild coho and wild Chinook.))~~

(1) The upstream boundary of the reservoir in the Cowlitz arm
is the posted PUD sign on Peters Road.

(2) The upstream boundary of the reservoir in the Cispus arm
is the posted markers at the Lewis County PUD kayak launch,
approximately 1.5 miles upstream from the confluence of the Cowlitz
and Cispus arms.

(3) Open June 1 through the last day in February for game fish.

(4) Trout:

(a) Minimum length 8 inches.

(b) Release cutthroat.

(c) Release rainbow trout, except those with a clipped adipose
fin with a healed scar at the site of the clipped fin.

(d) From September 1 through the last day in February, ~~daily~~
limit 10.

(5) Salmon open year-round:

(a) Minimum length 8 inches.

(b) ~~Daily~~ limit 6 ~~salmon~~.

(c) Release wild Chinook and wild coho.

(d) From January 1 through July 31, no more than 2 adult salmon

may be retained.

(e) From August 1 through December 31, no more than 2 adult hatchery Chinook may be retained.

Cowlitz River (Lewis County):

(1) From mouth to Mayfield Dam:

(a) Closed waters:

~~((1))~~ (i) From 400 feet or posted markers below Cowlitz salmon hatchery barrier dam to boundary markers near the Cowlitz salmon hatchery water intake approximately 1,700 feet upstream of the Cowlitz salmon hatchery barrier dam.

~~((2))~~ (ii) From 400 feet below the Mayfield powerhouse upstream to Mayfield Dam.

~~((3))~~ (iii) From within a 100 foot radius of the new Cowlitz Trout Hatchery outfall structure, except anglers with disabilities who permanently use a wheelchair and possess a designated harvester companion card may fish within posted markers when adjacent waters are open. ~~((Year-round season except closed to fishing from south bank May 1 through June 15 from Mill Creek to the Cowlitz salmon hatchery barrier dam. Permissible to fish up to four hundred feet or the posted deadline at the Cowlitz salmon hatchery barrier dam. Permissible to fish up to Tacoma Power safety signs at Onion Rock below Mossyrock Dam. Permissible to fish up to Lewis County P.U.D. safety signs below Cowlitz Falls Dam. From the Cowlitz salmon hatchery barrier dam downstream to a line from the mouth of Mill Creek to a boundary marker on the opposite shore, it is unlawful to fish from any floating device. Lexington Bridge Drive in Kelso upstream to the Highway 505 Bridge in Toledo: All species: Two poles allowed~~

~~with two pole endorsement. Anti snagging rule and night closure April 1 through November 30 from mouth of Mill Creek to the Cowlitz salmon hatchery barrier dam. When anti snagging rule is in effect, only fish hooked inside the mouth may be retained. All game fish: Release all fish April 1 through the Friday before the first Saturday in June except up to 2 hatchery steelhead may be retained. Trout: The first Saturday in June through March 31, daily limit five, minimum length twelve inches, no more than two over twenty inches, except release wild cutthroat. Salmon: Open year round. January 1 through July 31: Daily limit 6 fish of which no more than 2 may be adult salmon. Release all salmon except hatchery Chinook and hatchery coho. August 1 through December 31: Daily limit six fish of which no more than two may be adult Chinook. Release all salmon except hatchery coho and hatchery Chinook. Sturgeon: Seasons, days of the week, daily limits, and size limits same as in adjacent waters of mainstem Columbia River.~~

~~From posted PUD sign on Peters Road to mouth of Ohanapecosh River and mouth of Muddy Fork: Anti snagging rule and night closure September 1 through October 31 for all species. When anti snagging rule is in effect, only fish hooked in the mouth may be retained. Trout: Release cutthroat. Additional November 1 through Friday before the first Saturday in June season. Trout: Release all trout except up to 2 hatchery steelhead may be retained per day. Salmon: Open year round from upstream boundary of Lake Scanewa. Minimum size 12 inches. January 1 through July 31, daily limit 6 fish, of which no more than 2 may be adult salmon. Release wild coho and wild Chinook. August 1 through December 31, daily limit 6 fish, of which~~

~~no more than 2 may be adult Chinook. Release wild coho and wild Chinook.))~~

(b) From Lexington Bridge Drive in Kelso upstream to the Highway 505 Bridge in Toledo, fishing two poles is permissible so long as the angler possesses a two-pole endorsement.

(2) From mouth of Mill Creek to the Cowlitz salmon hatchery barrier dam:

(a) Anti-snagging rule and night closure in effect April 1 through November 30. Anglers may only retain fish hooked in the mouth when the anti-snagging rule is in effect.

(b) It is unlawful to fish from a floating device.

(c) It is unlawful to fish from the south side of the river from May 1 through June 15.

(d) Sturgeon:

(i) It is unlawful to retain sturgeon, except on Thursdays, Fridays, and Saturdays January 1 through July 31 and October 20 through December 31.

(ii) Release sturgeon August 1 through October 19.

(e) Open first Saturday in June through March 31 for trout and other game fish:

(i) Trout ~~daily~~ limit 5, minimum length 12 inches. Up to 2 ~~fish~~ over 20 inches may be retained.

(ii) Release wild cutthroat.

(f) Open April 1 through the Friday before the first Saturday in June; catch and release only, ~~except up to 2 hatchery steelhead may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

(g) Salmon:

(i) Open January 1 through July 31:

(A) ~~Daily~~ Limit 6, ~~;~~ up to 2 hatchery adults may be retained.

(B) Only hatchery Chinook and hatchery coho may be retained.

(ii) Open August 1 through December 31:

(A) ~~Daily~~ Limit 6; up to 2 adult hatchery Chinook may be retained.

(B) Only hatchery Chinook and hatchery coho may be retained.

(3) From posted PUD sign on Peters Road to the mouth of Ohanapecosh River and the mouth of Muddy Fork:

(a) Anti-snagging rule and night closure in effect September 1 through October 31 for all species. Anglers may only retain fish hooked in the mouth when anti-snagging rule is in effect.

(b) Trout and other game fish:

(i) Open the first Saturday in June through October 31; release cutthroat.

(ii) Open November 1 through the Friday before the first Saturday in June. For trout, catch and release only except ~~anglers may retain up to 2 hatchery steelhead~~ ~~may be retained~~.

(c) Salmon:

(i) Open January 1 through July 31:

(A) ~~Daily~~ Limit 6; up to 2 adult salmon may be retained.

(B) Release wild coho and wild Chinook.

(ii) Open August 1 through December 31:

(A) ~~Daily~~ Limit 6; up to 2 adult hatchery Chinook may be retained.

(B) Release wild coho and wild Chinook.

Cowlitz River, Clear and Muddy Forks (Lewis County): Selective gear

rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Release cutthroat.

Coyote Creek and Ponds (Adams County): April 1 through September 30 season.

Crab Creek (Adams/Grant counties):

From mouth to Morgan Lake Road in Section 36: April 1 through September 30 season.

From Morgan Lake Road in Section 36 to O'Sullivan Dam (including Marsh Unit I and II impoundments): Closed waters.

Crab Creek (Lincoln/Grant counties) and tributaries: Year-round season. In those waters from Grant County Road 7 to the fountain buoy and shoreline markers or 150 feet downstream of the Alder Street fill March 1 through May 31 terminal gear restricted to one single hook measuring 3/4 inch or less point to shank. Year-round: Daily limits and size limits same as Moses Lake. From Moses Lake downstream to the confluence of the outlet streams March 1 through May 31 terminal gear restricted to one single-point hook measuring 3/4 inch or less point to shank. Year-round: Daily limits and size limits same as Potholes Reservoir.

Crabapple Lake (Snohomish County): Fourth Saturday in April through October 31 season.

Cranberry Creek (Mason County): First Saturday in June through October 31 season. Selective gear rules. Trout: Release all trout.

Crawfish Lake (Okanogan County): Fourth Saturday in April through October 31 season. Fishing from a floating device equipped with an

internal combustion engine prohibited.

Crescent Creek (Kitsap County): First Saturday in June through October 31 season. Selective gear rules. Trout: Minimum size fourteen inches.

Crescent Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Crescent Lake (Pierce County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Crim Creek (Lewis County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Crocker Lake (Jefferson County): Closed waters.

Crooked Creek (Clallam County) and tributaries that are outside of Olympic National Park:

(1) Open the first Saturday in June through October 15 (~~season~~).

(2) Selective gear rules apply.

(3) Trout:

(a) Trout minimum length (~~fourteen~~) 14 inches (~~— Selective gear rules. Other game fish: Selective gear rules~~), except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the ~~daily~~ limit.

(b) Release kokanee.

Crystal Lake (Grant County): March 1 through July 31 season.

Cumberland Creek (Whatcom County): Upstream from the USFS 17 road bridge located 0.7 lineal miles from its confluence with the Skagit River, including all tributaries: eOpen the Saturday before Memorial Day through October 31.

Cup Lake (Grant County): March 1 through July 31 season.

Curl Lake (Columbia County): Fourth Saturday in April through October 31 season. Fishing from any floating device prohibited.

Trout: No more than 2 trout over 13 inches in length may be retained.

Dakota Creek (Whatcom County): From mouth to Giles Road Bridge: First Saturday in June through October 31 season. Selective gear rules. Salmon: Open October 1 through December. Daily limit 2 salmon. Release wild Chinook.

Dalton Lake (Franklin County): Trout: No more than two over 13 inches in length may be retained.

Damon Lake (Grays Harbor County): The first Saturday in June through October 31 season.

Dan's Creek (Snohomish County) (Sauk River tributary): First Saturday in June through October 31 season. All species: Selective gear rules and release all fish except up to two hatchery steelhead may be retained.

Davis Lake (Ferry County): Fourth Saturday in April through October 31 season.

Davis Lake (Lewis County): Fourth Saturday in April to last day in February season.

Davis Lake (Okanogan County): April 1 through August 31: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Davis Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Dayton Pond (Columbia County): (~~Juveniles~~)

(1) Open to juvenile anglers and anglers with (~~reduced-fee licenses or~~) a disability who possess a designated harvester(~~s~~) companion card only. (~~Trout~~)

(2) No more than 2 trout over 13 inches in length may be retained.

Deadman Lake (Adams County): April 1 through September 30 season.

De Coursey Pond (Pierce County): Fourth Saturday in April through November 30 season. Juveniles only. Salmon: Landlocked salmon rules apply.

Decker Creek (Mason County) (Satsop River tributary): From mouth upstream: First Saturday in June through October 31 season. Trout: Minimum length eight inches, daily limit 2 fish. Selective gear rules. Other game fish: Selective gear rules.

Deep Creek (Clallam County): December 1 through January 31 season. All species: Selective gear rules and release all fish except up to two hatchery steelhead may be retained per day.

Deep Creek (Grays Harbor County): From mouth upstream: The first Saturday in June through last day in October season. All species: Selective gear rules.

Deep Creek (tributary to Bumping Lake) (Yakima County):

(1) From the mouth to the second bridge crossing on USFS Rd. 1808 (approximately 3.7 miles from junction of USFS Rds. 1800 and 1808): Closed waters.

(2) From the second bridge crossing upstream; open the Saturday before Memorial Day through October 31.

Deep Lake (Grant County): Fourth Saturday in April through September 30 season.

Deep Lake (Stevens County): Fourth Saturday in April through October 31 season.

Deep Lake (Thurston County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Deep River (Wahkiakum County): Year-round season. Trout: Release all fish except up to two hatchery steelhead may be retained per day. Salmon: Open year-round only from mouth to town bridge. January 1 through July 31, daily limit 6 fish of which no more than 2 may be adult salmon. Release wild Chinook and wild coho. August 1 through December 31, daily limit 6 fish of which no more than 2 may be adult Chinook. Release chum and wild coho. Sturgeon: Seasons, days of the week, daily limits, and size limits same as in adjacent waters of mainstem Columbia River.

Deer Creek (Mason County): First Saturday in June through October 31 season. Selective gear rules. Trout: Release all trout.

Deer Lake (Columbia County): March 1 through October 31 season. Fishing from any floating device prohibited. Trout: No more than

2 trout over 13 inches in length may be retained.

Deer Lake (Island County): Fourth Saturday in April through October 31 season.

Deer (Deer Springs) Lake (Lincoln County): Fourth Saturday in April through September 30 season.

Deer Lake (Mason County): Fourth Saturday in April through October 31 season.

Deer Lake (Stevens County): March 1 through October 31 season.

Trout: No more than two over thirty inches in length may be retained.

Delemeter Creek (Cowlitz County): Closed waters from 400 feet below to 200 feet above the temporary weir while the weir is installed in the creek.

Delezene Creek (Grays Harbor County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. All species: Selective gear rules.

Dempsey Creek (Thurston County) (Black River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

~~De Roux Creek (Kittitas County): ((Mouth to the USFS Trail #1392 (De Roux Cr. Trail) stream crossing (approximately one river mile): Closed waters. Upstream of USFS Trail #1392 stream crossing: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor.))~~

(1) Closed waters from the mouth to the USFS Trail #1392 (De

Roux Cr. Trail) stream crossing (approximately one river mile).

(2) Upstream of the USFS Trail #1392 stream crossing, selective gear rules apply.

Steelhead and salmon: Open April 1 through May 31 on Sundays, Mondays, Wednesdays and Saturdays only; daily limit 2 hatchery steelhead or 2 salmon, or 1 of each. Release wild Chinook. Salmon: Open June 1 through January 31. June 1 through July 31, daily limit 6 fish, of which no more than 2 may be adult salmon. Release wild Chinook. August 1 through January 31, daily limit 6 fish of which no more than 2 may be adult Chinook.

From Fisher Hill Bridge to four hundred feet above # 5 fishway: Closed waters.

From four hundred feet above # 5 fishway to the Yakama Indian Reservation boundary: June 1 through November 30 season, except waters from boundary markers above Klickitat salmon hatchery to boundary markers below hatchery are closed waters. Trout: Minimum

length twelve inches. Additional December 1 through March 31 season. Whitefish gear rules apply. Salmon: Open only June 1 through November 30 from 400 feet above No. 5 Fishway to boundary markers below Klickitat Salmon Hatchery. June 1 through July 31, daily limit 6 salmon. Release adult salmon and release wild Chinook. August 1 through October 31, daily limit 6 fish of which no more than 2 may be adult Chinook. November 1 through November 30, daily limit 6 fish. Release Chinook.

From the Yakama Indian Reservation boundary upstream to source, including all tributaries: Closed waters.

Klineline Ponds (Clark County): (~~Trout~~)

(1) Closed the Monday before Thanksgiving Day through Thanksgiving Day.

(2) No more than 2 trout 20 inches in length or greater may be retained.

Koeneman Lake (Fern Lake) (Kitsap County): Fourth Saturday in April through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Kokanee Lake (Mason County): Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Kress Lake (Cowlitz County): (~~Fishing from a floating device equipped with an internal combustion motor prohibited. Trout: No more than 2 trout 20 inches in length or greater may be retained. Salmon: Landlocked salmon rules apply.~~)

(1) Closed the Monday before Thanksgiving Day through Thanksgiving Day.

(2) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(3) No more than 2 trout 20 inches in length or greater may be retained.

(4) Landlocked salmon rules apply.

Lacamas Creek (Clark County): From mouth to footbridge at lower falls: First Saturday in June through August 31 season. From footbridge at lower falls upstream: Permissible to fish upstream to the base of Lacamas Lake Dam.

Lacamas Creek, tributary of Cowlitz River (Lewis County): Trout: Release all trout except up to two hatchery steelhead may be retained per day.

Ladder Creek (Skagit County): First Saturday in June through October 31 season. All species: Selective gear rules and release all fish except up to two hatchery steelhead may be retained.

Lake Creek (Okanogan County): Mouth to Black Lake: Closed waters. Black Lake to Three Prong Creek: Closed waters.

Langlois Lake (King County): Fourth Saturday in April through October 31 season.

Latah (Hangman) Creek (Spokane County): Year-round season.

Lawrence Lake (Thurston County): Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

~~((Leader Lake (Okanogan County): Fourth Saturday in April through September 30 season.))~~

LeBar Creek (Mason County): From the falls at river mile one upstream: First Saturday in June through October 31 season.

Le Clerc Creek and tributaries (Pend Oreille County): ~~((Trout: Eastern brook trout not counted in daily trout limit. Eastern brook trout daily limit ten. Once the daily limit of trout other than eastern brook trout has been achieved, the entire daily limit for trout other than eastern brook trout and eastern brook trout has been taken.))~~

(1) Open the Saturday before Memorial Day through October 31.

(2) Eastern brook trout ~~daily~~ limit is 10.

(3) Once an angler has retained 2 trout other than ~~eastern~~ brook trout, the entire trout ~~daily~~ limit has been taken.

Ledbetter Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Ledking Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Leech Lake (White Pass area) (Yakima County): Fly fishing only. Fishing prohibited from floating devices equipped with motors. Trout: No more than one over 14 inches in length.

Leland Creek (Jefferson County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Leland Lake (Jefferson County): Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

2/25/13 5:11 PM[158] OTS-5184.1

Lemna Lake (Grant County): April 1 through September 30 season.

Lena Creek (Mason County): First Saturday in June through October 31 season.

Lenice Lake (Grant County): March 1 through November 30 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Daily limit one.

Lena Lake, Lower (Jefferson County): Closed waters: Inlet stream from mouth upstream to footbridge (about one hundred feet).

Lenore Lake (Grant County): Closed waters: Area within two hundred yard radius of trash rack leading to the irrigation pumping station (south end of lake) and area approximately one hundred yards beyond the mouth of inlet stream to State Highway 17. March 1 through May 31 season: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish. Additional season the first Saturday in June through November 30: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Daily limit one.

Leo Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Lewis River (Clark County)((÷)), from mouth to forks:

(1) Open year-round ((season. All species: Two pole fishing allowed with two pole endorsement from Railroad Bridge near Kuhns Road upstream to mouth of East Fork Lewis)).

(2) Fishing two poles is permissible from Railroad Bridge near
2/25/13 5:11 PM[159] OTS-5184.1

Kuhns Road upstream to mouth of East Fork Lewis, so long as the angler possesses a two-pole endorsement.

(3) Trout: Release all fish ~~except up to 2 hatchery steelhead may be retained per day.~~ except anglers may retain up to 2 hatchery steelhead.

(4) Salmon(~~(+)~~), open year-round((-)):

(a) From January 1 through July 31((-)):

(i) ~~Daily 1~~ Limit (~~(six)~~) 6 hatchery Chinook (~~(of which not)~~).

(ii) No more than (~~(1)~~) one hatchery Chinook may be an adult (~~(salmon)~~).

(b) From August 1 through September 30((-)):

(i) ~~Daily 1~~ Limit 6 hatchery salmon(~~(, of which)~~); no more than 2 may be adult hatchery Chinook.

(ii) Release all salmon except hatchery Chinook and hatchery coho.

(c) From October 1 through December 31((-)):

(i) ~~Daily 1~~ Limit 6 ~~salmon~~(~~(, of which)~~); no more than 2 may be adult Chinook.

(ii) Release all salmon except Chinook and hatchery coho.

(5) Sturgeon: Seasons, days of the week, ~~daily~~ limits, and size ~~limits restrictions~~ same as in adjacent waters of mainstem Columbia River.

Lewis River, East Fork (Clark/Skamania counties): Closed waters: From the posted markers at the lower end of Big Eddy to one hundred feet above Lucia Falls; from four hundred feet below to four hundred feet above Molton Falls; from four hundred feet below Horseshoe Falls upstream including all tributaries above Horseshoe Falls.

Mouth to 400 feet below Horseshoe Falls: The first Saturday in June through March 15 season. Trout: Release all trout except up to 2 hatchery steelhead per day may be retained. Mouth to top boat ramp at Lewisville Park: Additional April 16 through the Friday before the first Saturday in June season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Release all fish except up to 2 hatchery steelhead may be retained per day.

Lewis River, North Fork (Clark/Skamania counties):

From mouth to Colvin Creek: Year-round season except those waters shoreward of the cable buoy and corkline at the mouth of the Lewis River Salmon Hatchery fish ladder are closed waters. All species: Fishing two poles (~~(fishing allowed with two pole endorsement)~~) is permissible from mouth to Johnson Creek, so long as the angler possesses a two-pole endorsement. Anti-snagging rule and night closure April 1 through November 30 from Johnson Creek to Colvin Creek. When anti-snagging rule is in effect, only fish hooked inside the mouth may be retained. Trout: Release all fish except up to 2 hatchery steelhead may be retained per day. Salmon: Open year-round. January 1 through July 31, daily limit 6 hatchery Chinook of which only 1 may be an adult salmon. August 1 through September 14, daily limit 6 hatchery salmon, of which no more than 2 may be adult hatchery Chinook. Release all salmon except hatchery Chinook and hatchery coho. September 15 through December 31, daily limit 6 salmon, of which no more than 2 adult Chinook may be retained. Release all salmon except Chinook and hatchery coho. Sturgeon: Seasons, days of the week, daily limits, and size limits same as in

waters of mainstem Columbia River adjacent to mouth of Lewis River.

From mouth of Colvin Creek to overhead powerlines at Merwin Dam: December 16 through September 30 season. Anti-snagging rule and night closure April 1 through September 30. When anti-snagging rule is in effect, only fish hooked inside the mouth may be retained. Trout: Release all fish except up to 2 hatchery steelhead may be retained per day. Salmon: Open only January 1 through September 30 and December 16 through December 31. January 1 through July 31, daily limit 6 hatchery Chinook of which only 1 may be an adult salmon. August 1 through September 14, daily limit 6 hatchery salmon, of which no more than 2 may be adult hatchery Chinook. Release all salmon except hatchery Chinook and hatchery coho September 15 through September 30 and December 16 through December 31. Daily limit 6 salmon, of which no more than 2 may be adult Chinook. Release all salmon except Chinook and hatchery coho. Sturgeon: Seasons, days of the week, daily limits, and size limits same as in waters of mainstem Columbia River adjacent to mouth of Lewis River.

From overhead powerlines at Merwin Dam to Merwin Dam: Closed waters.

From the cable crossing 1,300 feet below Yale Dam to Yale Dam: Closed waters.

Within Lewis River Power Canal: From the fishing pier to the access road at Swift Dam: Fourth Saturday in April through October 31 season. Fishing from a floating device prohibited. Trout: No minimum size, daily limit 5.

From Eagle Cliff Bridge to lower falls including all tributaries: Selective gear rules. Unlawful to fish from a

floating device equipped with an internal combustion motor. All species: Release all fish.

Liberty Lake (Spokane County): March 1 through October 31 season.

Lilliwaup River (Mason County): Mouth to 200 feet below falls: The first Saturday in June through August 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

From falls upstream: First Saturday in June through October 31 season.

Lilly Lake (Chelan County): Fourth Saturday in April through October 31 season. July 5 through October 31, selective gear rules, and unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Lime Creek (Snohomish County) (Suiattle River tributary): First Saturday in June through October 31 season. Selective gear rules.

Limerick Lake (Mason County): Fourth Saturday in April through October 31 season.

Lincoln Creek, including South Fork (Lewis County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Lincoln Pond (Clallam County): Juveniles only.

Lions Park Pond (Walla Walla County): Juveniles only. Trout: No more than 2 trout over 13 inches in length may be retained.

Little Ash Lake (Skamania County): Trout: No more than 2 trout 20 inches in length or greater may be retained.

Little Bear Creek (tributary of Sammamish River) (Snohomish/King counties): The first Saturday in June through August 31 season. Juveniles only.

Little Hoko River (Clallam County): First Saturday in June through October 31 season. Selective gear rules. All species: Release all fish.

Little Hoquiam River (Grays Harbor County): From mouth upstream: The first Saturday in June through October 31 season. Selective gear rules.

Little Klickitat River (Klickitat County): Within Goldendale city limits: Fourth Saturday in April through October 31 season. Juveniles only. Trout: Daily limit five, no minimum length.

Little Lost Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Little Mission Creek (Mason County) from falls upstream: First Saturday in June through October 31 season. Selective gear rules and release all fish.

Little Naches River (Yakima County), including tributaries: Selective gear rules(~~(. Unlawful to fish from a floating device equipped with an internal combustion motor)~~) apply.

Little Nisqually River (Lewis County): First Saturday in June through October 31 season. Trout: Minimum length fourteen inches.

Little North River Creek and all forks (Grays Harbor County) (North

River tributary): From mouth upstream: All game fish: The first Saturday in June through October 31 season. Selective gear rules.

Little Pend Oreille River (Stevens County): ~~((From the Little Pend Oreille wildlife refuge boundary about 1 mile downstream from the refuge headquarters office to Crystal Falls: Saturday before Memorial Day through October 31 season. Selective gear rules, and unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish except up to five Eastern brook trout may be retained.))~~

(1) From the Little Pend Oreille wildlife refuge boundary approximately 1 mile downstream from the refuge headquarters office, to Crystal Falls:

(a) Open the Saturday before Memorial Day through October 31.

(b) Selective gear rules apply.

(c) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(d) Release all fish except anglers may retain up to 5 eastern brook trout.

(2) All tributaries to the Little Pend Oreille River are open the Saturday before Memorial Day through October 31.

Little Quilcene River (Jefferson County): From mouth to the Little Quilcene River Bridge on Penny Creek Road: First Saturday in June through October 31 season. All species: Selective gear rules, unlawful to fish from a floating device equipped with an internal combustion motor, and release all fish. Closed waters: Mouth to Highway 101 Bridge September 1 through October 31.

From Little Quilcene River Bridge on Penny Creek Road upstream:

2/25/13 5:11 PM[165] OTS-5184.1

First Saturday in June through October 31 season.

Little Scandia Creek (Kitsap County): First Saturday in June through October 31 season. Selective gear rules. Trout: Minimum size fourteen inches.

Little Spokane River (Spokane County):

~~((From mouth to SR 291 Bridge: Year-round season.~~

~~From SR 291 Bridge upstream to the West Branch: Fourth Saturday in April through October 31 season. Additional December 1 through March 31 season. Whitefish gear rules apply.~~

(a) From ~~the~~ first Saturday in June through March 31, trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the daily limit.

(b) From April 1 through April 30, trout minimum length 14 inches.

(c) From November 1 through ~~the~~ last day in February, daily limit may include 1 additional hatchery steelhead.

(d) From February 16 through April 30, wild steelhead retention allowed.

(3) Salmon:

(a) Open February 1 through August 31((~~7~~)):

(i) ~~Daily~~ Limit 6 fish ~~((of which))~~; no more than 2 ~~((may be))~~ adults salmon may be retained.

(ii) Release wild adult Chinook and wild adult coho.

(b) Open September 1 through November 30 ~~((τ))~~:

(i) ~~Daily~~ Limit 6 fish ~~((of which no more than 4 may be adult, and of the 4 adults, no more than 2 may be any combination of Chinook, wild coho, pink, sockeye, and chum salmon))~~.

(ii) Two salmon may be adults, plus 2 additional adult hatchery coho may be retained.

Quinault River (Grays Harbor County) ~~((÷))~~, from the mouth at the upper end of Quinault Lake upstream to the Olympic National Park boundary:

(1) Open ~~for game fish~~ the first Saturday in June through April 15 ~~((season. Trout: Minimum length fourteen inches, daily limit 2 fish. February 16 through April 15, one wild steelhead per day may be retained.))~~:

(a) From February 16 through April 15, one wild steelhead per day may be retained.

(b) Trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the daily limit.

(2) Salmon ~~((÷))~~ open ~~((only))~~ July 1 through October 31 ~~((τ))~~:

(a) From July 1 through September 30 ~~((τ))~~:

(i) ~~Daily~~ Limit 6 jack salmon only.

(ii) Single-point barbless hooks are required.

(b) From October 1 through October 31 ~~((τ))~~:

(i) ~~Daily~~ Limit 6 fish ~~((τ of which))~~; no more than 2 ~~((may be))~~

adults ~~salmon~~ may be retained.

(ii) Release sockeye and chum.

Quincy Lake (Grant County): March 1 through July 31 season.

Quinn Creek (Clallam County) ~~((+))~~, outside of Olympic National Park:

(1) Open the first Saturday in June through October 15
~~((season))~~.

(2) Selective gear rules ~~((Trout: Minimum length fourteen inches))~~ apply.

(3) Trout:

(a) Trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the ~~daily~~ limit.

(b) Release kokanee.

Racehorse Creek (Whatcom County) (NF Nooksack tributary): First Saturday in June through October 31 season. Selective gear rules.

Radar Ponds (Pacific County): Salmon: Landlocked salmon rules apply.

Raging River (King County): From its mouth to the Highway 18 Bridge: The first Saturday in June through January 31 season. Trout: Minimum length fourteen inches.

From Highway 18 Bridge upstream: First Saturday in June through October 31 season.

Raimie Creek and all forks (Pacific County) (North River tributary): From mouth upstream: All game fish: The first Saturday in June through October 31 season. Selective gear rules.

Rainbow Lake (Columbia County): March 1 through October 31 season.
2/25/13 5:11 PM [224] OTS-5184.1

Fishing from any floating device prohibited. Trout: No more than 2 trout over 13 inches in length may be retained.

Rainey Creek (Lewis County), from the mouth to Highway 12:

(1) Release cutthroat and rainbow trout except those having a clipped adipose fin and a healed scar at the location of the clipped fin.

(2) Trout: ~~Daily~~ Limit 5.

Rapjohn Lake (Pierce County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Rat Lake (Okanogan County): ~~((April 1 through November 30: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.))~~

(1) Open ~~for all game fish~~ April 1 through November 30.

(a) Selective gear rules apply.

(b) Catch and release only.

(c) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(2) Open ~~for all game fish~~ December 1 through March 31.

Rattlesnake Creek (Yakima County): ~~((Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.))~~

(1) Selective gear rules apply in the mainstem and tributaries.

(2) Catch and release only ~~for all species~~ in the mainstem.

Rattlesnake Lake (King County): Selective gear rules and catch and release. Unlawful to fish from a floating device equipped with an internal combustion motor.

Ravensdale Lake (King County): Fourth Saturday in April through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Daily limit two, minimum length twelve inches.

Red Creek (King County) (White River tributary): First Saturday in June through October 31 season.

Red Rock Creek (Grant County): April 1 through September 30 season.

Reflection Pond (Okanogan County): Fourth Saturday in April through October 31 season.

Rendsland Creek (Mason County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Renner Lake (Ferry County): Fourth Saturday in April through October 31 season.

Riffe Lake (Reservoir) (Lewis County): Mossyrock Dam to 400 feet below Cowlitz Falls Dam. Closed waters: Lewis County PUD safety signs approximately 800 feet below Cowlitz Falls Dam to Dam. Permissible to fish up to the base of Swofford Pond Dam. Salmon: Landlocked salmon rules apply.

Rigley Lake (Stevens County): Fourth Saturday in April through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Daily limit two, minimum length twelve inches.

Riley Lake (Snohomish County): Fourth Saturday in April through October 31 season.

Rimrock Lake (Reservoir) (Yakima County): Chumming permitted. Trout except kokanee: Daily limit five. Kokanee not counted in daily trout limit. Kokanee daily limit sixteen.

Ringold Springs Creek (Hatchery Creek) (Franklin County): Closed waters.

Ripley Creek (Jefferson County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Roaring Creek (Whatcom County): Upstream from its confluence with Deer Creek, including all tributaries: Open the Saturday before Memorial Day through October 31.

Robbins Lake (Mason County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Rock Creek (Adams/Whitman counties): ~~((Mouth to Endicott Road year-round season.~~

~~Endicott Road to bridge on George Knott Road at Revere: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.~~

~~Upstream from bridge on George Knott Road: Year-round season.))~~

(1) Open year-round from the mouth to Endicott Road.

(2) From Endicott Road to the bridge on George Knott Road at

Revere:

(a) Open the Saturday before Memorial Day through October 31.

(b) Selective gear rules apply.

(c) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(d) Catch and release only.

(3) Open year-round from the bridge on George Knott Road upstream.

Rock Creek (Chelan County): (~~Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor.~~)

(1) Open the Saturday before Memorial Day through October 31.

(2) Selective gear rules apply.

(3) It is unlawful to fish from a floating device equipped with an internal combustion motor.

Rock Creek (Grays Harbor County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Rock Creek (Klickitat County): Mouth to the Army Corps of Engineers Park: Year-round season. Daily limits, size restrictions and gear restrictions are the same as those in the adjacent portion of the Columbia River.

Rock Creek (Lewis County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length

eight inches. Other game fish: Selective gear rules.

Rock Creek (Skamania County): Mouth to falls. Trout: Release all trout except up to two hatchery steelhead may be retained per day. Above falls, additional November 1 through March 15 season.

Rocky Brook Creek (Jefferson County)(Dosewallips River tributary): From falls 1000 feet upstream of mouth upstream: First Saturday in June through October 31 season.

Rocky Creek (Mason County): First Saturday in June through October 31 season. Selective gear rules. Trout: Release all trout.

Rocky Creek (Skagit County): First Saturday in June through October 31 season. Selective gear rules.

Rocky Ford Creek and Ponds (Grant County): Fly fishing only. Fishing from bank only (no wading). All species: Release all fish.

Rocky Lake (Stevens County): Fourth Saturday in April through October 31 season. June 1 through October 31 selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Roesiger Lake (Snohomish County): Crappie: Daily limit ten, minimum length nine inches.

Roosevelt Lake (Ferry/Lincoln/Stevens counties): (~~All species:~~)

(1) Closed waters: (~~((1) March 1 through the Friday immediately preceding Memorial Day weekend from the Little Dalles power line crossing upstream approximately one mile to marked rock point, and from Northport power line crossing upstream to most upstream point of Steamboat Rock;~~ and (2) April 1 through Friday

~~before Memorial Day in Kettle arm upstream to Barstow Bridge. Trout except kokanee: Daily limit five. No more than two over twenty inches in length. Kokanee daily limit six, no more than two with intact adipose fins. Walleye: No minimum size. Daily limit 8 fish not more than one of which may be longer than 22 inches. Salmon: Landlocked salmon rules apply. Sturgeon: Unlawful to fish for or retain sturgeon from Roosevelt Lake and tributaries. Carp: Unlawful to fish for carp with bow and arrow.))~~

(a) ~~Waters f~~From the Little Dalles power line crossing upstream approximately one mile to the marked rock point, and from Northport power line crossing upstream to the most upstream point of Steamboat Rock, ~~are closed from~~ March 1 through the Friday immediately preceding Memorial Day weekend.

(b) ~~Waters in t~~The Kettle arm upstream to Barstow Bridge ~~are closed from~~ April 1 through Friday before Memorial Day.

(2) Trout (except kokanee): ~~Daily l~~Limit 5; no more than 2 over 20 inches in length may be retained.

(3) Kokanee: ~~Daily l~~Limit 6; no more than 2 ~~kokanee~~ with intact adipose fins may be retained.

(4) Walleye; no minimum size, no ~~daily~~ limit.

(5) Salmon: Landlocked salmon rules apply.

(6) Sturgeon: It is unlawful to fish for or retain sturgeon from Roosevelt Lake and its tributaries.

(7) Carp: It is unlawful to fish for carp with bow and arrow.

Rose Lake (Mason County): Fourth Saturday in April through October 31 season.

Ross Lake (Reservoir) (Whatcom County): July 1 through October 31

season. Selective gear rules. Trout: Daily limit three, possession limit six, minimum length thirteen inches.

Ross Lake tributary streams, and their tributaries, except Big Beaver Creek and Ruby Creek (Whatcom County): (~~Except Big Beaver Creek and Ruby Creek~~)

(1) From one mile above (~~their~~) the mouths to the headwaters(~~+~~), open July 1 through October 31 (~~season~~).

(2) Tributaries to Ruby Creek open July 1 through October 31.

Round Lake (Okanogan County): Fourth Saturday in April through September 30 season.

Rowland Lakes (Klickitat County): (~~Fourth Saturday in April through last day in February season~~) Open the fourth Saturday in April through the last day in February, except closed the Monday before Thanksgiving Day through Thanksgiving Day.

Royal Lake (Adams County): Closed waters.

Royal Slough (including Marsh Unit IV impoundments) (Adams County): Closed waters.

Ruby Creek and tributaries (Pend Oreille County): (~~Trout: Eastern brook trout not counted in daily trout limit. Eastern brook trout daily limit ten. Once the daily limit of trout other than eastern brook trout has been achieved, the entire daily limit for trout other than eastern brook trout and eastern brook trout has been taken~~)

(1) Open the Saturday before Memorial Day through October 31.

(2) Eastern brook trout ~~daily limit is~~ 10.

(3) Once an angler has retained 2 trout other than ~~eastern~~ brook

trout, the entire trout ~~daily~~ limit has been taken.

Rue Creek, including West Fork (Pacific County) (South Fork Willapa tributary): From mouth upstream: All game fish: First Saturday in June through October 31. Selective gear rules.

Rufus Woods Lake (Douglas County): ~~((Chumming allowed. Trout: Daily limit two. Only uninjured trout caught using artificial lures or flies with single barbless hooks may be released. Sturgeon: Unlawful to fish for or retain sturgeon from Rufus Woods Lake and tributaries.))~~

(1) Chumming is permissible.

(2) Closed waters from Grand Coulee Dam downstream to State Route 155 Bridge.

(3) It is unlawful to fish for or retain sturgeon from the lake or its tributaries.

(4) Trout ~~daily~~ limit 2; only uninjured trout caught using artificial lures or flies with single-point barbless hooks may be released.

(5) Tributaries to Rufus Woods Lake: Open the Saturday before Memorial Day through October 31.

Sacheen Lake (Pend Oreille County): Fourth Saturday in April through October 31 season.

Saddle Mountain Lake (Grant County): Closed waters.

Sago Lake (Grant County): April 1 through September 30 season.

Saint Clair Lake (Thurston County): Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Salmon Creek (Clark County):

From mouth to 72nd Avenue N.E.: The first Saturday in June through March 15 season. Trout: Release all fish except up to two hatchery steelhead may be retained per day.

From 72nd Avenue N.E. Bridge upstream: Closed waters.

Salmon Creek and all forks (Grays Harbor County) (North River tributary): From mouth upstream: All game fish: The first Saturday in June through October 31 season. Selective gear rules.

Salmon Creek (Lewis County): Closed waters from 400 feet below to 200 feet above the temporary weir while the weir is installed in the creek.

Salmon Creek, mainstem (Okanogan County): Closed waters.

Salmon Creek, North Fork and West Fork from mouth to South Fork (Okanogan County): ~~((Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor.))~~

(1) Open the Saturday before Memorial Day through October 31.

(2) Selective gear rules apply.

(3) It is unlawful to fish from a floating device equipped with an internal combustion motor.

Salmon Creek (Pacific County) (tributary of Naselle River): ~~((The first Saturday in June through last day in February season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All game fish: Release all fish except up to two hatchery steelhead per day may be retained.))~~

(1) Open the first Saturday in June through the last day in

February.

(2) Selective gear rules apply.

(3) Release all fish except anglers may retain up to 2 hatchery steelhead.

Salmon Creek (Thurston County) (Black River tributary), from the mouth upstream: ((All species))

(1) Open the first Saturday in June through October 31.

(2) Selective gear rules apply and night closure ~~((First Saturday in June through October 31 season. Trout: Minimum length 14 inches))~~ in effect.

(3) Trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the ~~daily~~ limit.

Salmon River (Jefferson County), outside Olympic National Park and the Quinault Indian Reservation:

(1) Open ~~for game fish~~ the first Saturday in June through the last day in February ~~((season. Trout: Minimum length fourteen inches. Hatchery steelhead in this river are steelhead with a dorsal fin height of less than 2-1/8 inches or with an adipose or ventral fin clip.))~~ :

(a) Trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less than 14 inches in length, as part of the ~~daily~~ limit.

(b) Permissible to retain steelhead with a dorsal fin height of less than 2 1/8 inches or with an adipose or ventral fin clip.

(2) Salmon: ~~Open~~ Open ((only)) September 1 through November 30 ~~(())~~ :

(a) ~~Daily~~ Limit 6 (~~(fish of which no more than 3 may be adult salmon and of the adult salmon not more than 2 may be adult Chinook))~~
~~salmon.~~

(b) No more than 3 adults ~~salmon~~ may be retained, and no more than 2 ~~adults~~ may be ~~adult~~ Chinook.

Salmonberry Creek (Kitsap County): First Saturday in June through October 31 season. Selective gear rules. Trout: Minimum size 14 inches.

Salt Creek (Clallam County): From mouth to bridge on Highway 112: First Saturday in June through January 31 season. Selective gear rules. Release all fish except November 1 through January 31. Up to 2 hatchery steelhead may be retained.

Samish Lake (Whatcom County): Trout: Cutthroat trout daily limit two, minimum length fourteen inches.

Samish River (~~(Whatcom))~~ Skagit County):

~~((From its mouth to the I-5 Bridge: August 1 through November 30 night closure, only one single point hook allowed. From mouth to Farm to Market Road, bait or lure must be suspended below a float. A "float" or "bobber" is defined as a hookless, floating device that is attached to or slides along the mainline or leader above the hook(s) for the purpose of suspending hook(s) (which are part of the bait, lure, or fly) off the bottom of the stream and visually signaling (from the surface of the water) a fish's strike at the hook(s). Game fish: First Saturday in June through November 30 season. Trout: Minimum length 14 inches. Additional game fish season December 1 through December 31. Selective gear rules and~~

~~release all fish except up to 2 hatchery steelhead may be retained.
Salmon: Open only August 1 through November 30. Daily limit 2
salmon. Release wild coho. Only fish hooked inside the mouth may
be retained. Anglers must retain the first 2 salmon, if permissible
to do so, and stop fishing.~~

~~From the I-5 Bridge to the Hickson Bridge: Closed waters from
the old Highway 99 Bridge to the WDFW salmon rack. Closed waters
from I-5 Bridge to old Highway 99 Bridge September 1 through November
30. First Saturday in June through November 30 season. All
species: Selective gear rules and release all fish except up to 2
hatchery steelhead may be retained.~~

~~From Hickson Bridge upstream: First Saturday in June through
October 31 season. Selective gear rules.))~~

(1) From the mouth to the I-5 Bridge open the first Saturday
in June through December 31:

(a) From the first Saturday in June through November 30; trout
minimum length 14 inches. From August 1 through November 30:

—— (i) Night closure in effect.

—— (ii) Anglers may only use one single-point hook.

—— (iii) From the mouth to "Farm to Market" Road, bait or lure must
be suspended below a float. A "float" or "bobber" is defined as a
hookless, floating device that is attached to or slides along the
mainline or leader above the hook(s) for the purpose of suspending
hook(s) (which are part of the bait, lure, or fly) off the bottom
of the stream and visually signaling (from the surface of the water)
a fish's strike at the hook(s).

(b) Open the first Saturday in June through November 30 for

~~game fish; trout minimum length 14 inches. From August 1 through November 30:~~

~~(A) Night closure in effect.~~

~~(B) Anglers may only use one single-point hook.~~

~~(C) From the mouth to "Farm to Market" Road, bait or lure must be suspended below a float. A "float" or "bobber" is defined as a hookless, floating device that is attached to or slides along the mainline or leader above the hook(s) for the purpose of suspending hook(s) (which are part of the bait, lure, or fly) off the bottom of the stream and visually signaling (from the surface of the water) a fish's strike at the hook(s).~~

~~(eb) ~~Open-From~~ December 1 through December 31:~~

Trout: Daily limit five, no more than two over twenty inches in length. Walleye: Daily limit eight, no minimum length, no more than one over twenty-two inches in length. April 1 through May 31 release all walleye. Salmon: Landlocked salmon rules apply. Sturgeon: Unlawful to fish for or retain sturgeon.~~

~~From the upstream boundary at Plese Flats Day Use Area (Riverside State Park) upstream to the Monroe Street Dam: June 1 through March 15 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Daily limit one. Release wild trout. Salmon: Landlocked salmon rules apply. Sturgeon: Unlawful to fish for or retain sturgeon.~~

~~From Monroe Street Dam upstream to Upriver Dam: Year-round season. Salmon: Landlocked salmon rules apply.~~

~~From Upriver Dam upstream to the Idaho/Washington state line: The first Saturday in June through March 15 season. Selective gear rules. All species: Release all fish.))~~

(1) From SR 25 Bridge upstream to 400 feet below Little Falls Dam:

(a) Two pole fishing is permissible so long as the angler possesses a two-pole endorsement.

(b) ~~Open Y~~year-round-season:

(i) Trout: ~~Daily~~ Limit 5; no minimum size, ~~and~~ no more than 2 over 20 inches in length may be retained.

(ii) Kokanee: ~~Daily~~ Limit 6; no minimum size, ~~and~~ no more than 2 with intact adipose fins may be retained.

(iii) Walleye: No minimum size and no ~~daily~~ limit.

(iv) Salmon: Open year-round; landlocked salmon rules apply.

(v) Sturgeon: It is unlawful to fish for or retain sturgeon.

(2) From the Little Falls Dam to the upstream boundary of the Plese Flats Day Use Area (Riverside State Park), except Long Lake, formed by Long Lake Dam (see also Long Lake):

(a) Open year-round. ~~except it is unlawful to fish for or retain sturgeon.~~

(b) Trout: ~~Daily~~ Limit 5, no more than 2 over 20 inches in length may be retained.

(c) Salmon: Open year-round; landlocked salmon rules apply.

~~(d) Sturgeon: It is unlawful to fish for or retain sturgeon.~~

(3) From the upstream boundary at Plese Flats Day Use Area (Riverside State Park) upstream to the Monroe Street Dam:

(a) Selective gear rules apply.

(b) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(c) Open June 1 through March 15:

(i) Trout: ~~Daily~~ Limit one. Release wild trout (adipose fin intact).

(ii) Salmon: ~~Open June 1 through March 15;~~ landlocked salmon rules apply.

(iii) Sturgeon: It is unlawful to fish for or retain sturgeon.

(4) From Monroe Street Dam upstream to Upriver Dam:

(a) Open year-round.

(b) ~~Salmon: Open year-round;~~ Landlocked salmon rules apply.

(5) From Upriver Dam upstream to the Idaho/Washington state line:

(a) Selective gear rules apply.

(b) Open the first Saturday in June through March 15.

(c) Catch and release only.

(6) All tributaries to the Spokane River, not otherwise listed in this section, are open the Saturday before Memorial Day through October 31.

Sprague Lake (Adams/Lincoln counties): Closed waters: Waters of Cow Creek, the marsh at the southwest end of the lake from the lakeside edge of the reeds to Danekas Road, the small bay at the southeast end of the lake, and those waters within 50 feet of Harper Island. All other waters southwest of the southwest tip of Harper Island: Closed waters from October 1 through April 30. Trout: No more than two over twenty inches in length may be retained. Crappie and bluegill: Combined daily limit twenty-five fish. Crappie: Minimum length nine inches.

Spring Creek (Benton County): Selective gear rules.

Spring Creek (Goldendale Hatchery) (Klickitat County): (~~Trout: Daily limit five.~~)

(1) Open the Saturday before Memorial Day through October 31.

(2) Trout ~~daily~~ limit 5.

Spring Hill Reservoir (Black Lake, Lower Wheeler Reservoir) (Chelan

County): Fourth Saturday in April through October 31 season. July 5 through October 31, selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Spring Lake (Columbia County): March 1 through October 31 season. Fishing from any floating device prohibited. Trout: No more than 2 trout over 13 inches in length may be retained.

Spring Lakes (Grant County): March 1 through July 31 season.

Squalicum Creek (Whatcom County): First Saturday in June through October 31 season. Selective gear rules.

Squalicum Lake (Whatcom County): Fly fishing only. Fishing from a floating device equipped with a motor prohibited. Trout: Daily limit two.

Squire Creek (Snohomish County) (NF Stillaguamish River tributary): First Saturday in June through October 31 season. All species: Selective gear rules and release all fish except up to two hatchery steelhead may be retained.

Stan Coffin Lake (Grant County): Bass: Release all bass.

Starvation Lake (Stevens County): Fourth Saturday in April through May 31 season. Additional June 1 through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Stearns Creek (Lewis County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season.

Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Steel Lake (King County): Fourth Saturday in April through October 31 season.

Stehekin River (Chelan County): From the mouth to Agnes Creek: July 1 through October 31 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Minimum length fifteen inches. Release cutthroat. Additional March 1 through June 30 season. Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. All species: Release all fish.

Steilacoom Lake (Pierce County): Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Stetattle Creek (Whatcom County): Above the mouth of Bucket Creek (one and one-half miles upstream): First Saturday in June through October 31 season.

Stevens Creek (Grays Harbor County):

(1) From ~~the~~ mouth to Highway 101 Bridge:

(a) Closed ~~waters~~ from ~~the~~ WDFW hatchery outlet downstream 400 feet.

(b) Open ~~the~~ first Saturday in June through September 30 and December 1 through ~~the~~ last day in February ((~~season. — Trout: Minimum length fourteen inches. Closed waters from WDFW hatchery outlet downstream 400 feet.~~)); trout minimum length 14 inches, except it is permissible to retain hatchery (adipose clipped) trout less

than 14 inches in length, as part of the ~~daily~~ limit.

(2) From the Highway 101 Bridge upstream to the Newbury Creek Road Bridge:

(a) Open the first Saturday in June through October 31 (~~season. All species:~~)).

(b) Selective gear rules apply.

Stevens, Lake (Snohomish County): Chumming permitted. Kokanee: Kokanee not included in trout daily limit. Kokanee daily limit ten fish.

Steves Lake (Mason County): Fourth Saturday in April through October 31 season.

Stickney Lake (Snohomish County): Fourth Saturday in April through October 31 season.

Stillaguamish River (Snohomish County):

From mouth to Marine Drive, including all sloughs: Year-round season. Anti-snagging rule and night closure August 1 through November 30. Trout: Minimum length fourteen inches. Salmon: Open September 1 through December 31. In years ending in even numbers, daily limit 2 coho only. In years ending in odd numbers, daily limit 2 salmon plus 2 additional pink. Release Chinook and chum.

From Marine Drive to the forks, except from the barrier dam (downstream of I-5) downstream two hundred feet which is closed waters. The first Saturday in June through November 30. Selective gear rules. Night closure from August 1 through November 30. All game fish: First Saturday in June through November 30 season.

Release all fish except up to 2 hatchery steelhead per day may be retained. December 1 through January 31: Trout: Minimum length fourteen inches. Salmon: Open September 1 through December 31. In years ending in even numbers, daily limit 2 coho only. In years ending in odd numbers, daily limit 2 salmon plus 2 additional pink. Release Chinook and chum.

Stillaguamish River, North Fork (Snohomish County): ~~((From mouth to mouth of French Creek: The first Saturday in June through January 31 season. Anti-snagging rule and night closure August 1 through November 30. Fishing from any floating device prohibited upstream of the Highway 530 Bridge at mile post 28.8 (Cicero Bridge). Fishing from any floating device equipped with a motor prohibited downstream from the Highway 530 Bridge. The first Saturday in June through November 30: Fly fishing only. All species: Release all fish except 2 hatchery steelhead per day may be retained. December 1 through January 31: Trout: Minimum length fourteen inches.~~

~~First Saturday in June through October 31 season.))~~

(1) From the North Fork mouth to the mouth of French Creek:

(a) Anti-snagging rule and night closure in effect August 1 through November 30.

(b) It is unlawful to fish from any floating device upstream of the Highway 530 Bridge at mile post 28.8 (Cicero Bridge).

(c) It is unlawful to fish from any floating device equipped with a motor downstream from the Highway 530 Bridge.

(d) Open the first Saturday in June through January 31:

(i) From the first Saturday in June through November 30:

(A) Fly fishing only.

(B) Catch and release only, ~~except up to 2 hatchery steelhead may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

(ii) From December 1 through January 31: Trout minimum length 14 inches.

(2) From the mouth of French Creek to Swede Heaven Bridge:

(a) Anti-snagging rule and night closure in effect August 1 through November 30.

(b) Open the first Saturday in June through February 15:

(i) From the first Saturday in June through November 30:

(A) Fly fishing only.

(B) Catch and release only, ~~except up to 2 hatchery steelhead may be retained per day.~~ except anglers may retain up to 2 hatchery steelhead.

(ii) From December 1 through February 15: Trout minimum length 14 inches.

(3) From Swede Heaven Bridge to the falls approximately one mile

upstream of Cascade Creek:

(a) Open the first Saturday in June through October 31.

(b) Selective gear rules apply.

(c) Catch and release only, ~~except up to 2 hatchery steelhead~~
~~may be retained.~~ except anglers may retain up to 2 hatchery steelhead.

(4) ~~Waters u~~Upstream of the falls, including all tributaries
and their tributaries: ~~e~~Open the Saturday before Memorial Day
through October 31.

Stillaguamish River, South Fork (Snohomish County):

~~((From mouth to four hundred feet downstream of the outlet to
fishway at Granite Falls: The first Saturday in June through January
31 season. Anti-snagging rule and night closure August 1 through
November 30. Trout: Minimum length fourteen inches.~~

~~From Mt. Loop Highway Bridge above Granite Falls to source: The
first Saturday in June through November 30 season. Selective gear
rules and unlawful to fish from a floating device equipped with a
motor. Anti-snagging rule and night closure August 1 through
November 30.))~~

(1) From the mouth to 400 feet downstream of the outlet to
Granite Falls fishway:

(a) Open the first Saturday in June through January 31.

(b) Anti-snagging rule and night closure in effect August 1
through November 30.

(c) Trout minimum length 14 inches.

(2) From Mountain Loop Highway Bridge above Granite Falls
upstream to the source:

(a) Open the first Saturday in June through November 30.

(b) Selective gear rules apply.

(c) Anti-snagging rule and night closure in effect August 1 through November 30.

Stillman River (Lewis County) (Chehalis River tributary): From mouth to water supply pipeline at Mill Creek: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Stimson Creek (Mason County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Storm Lake (Snohomish County): Fourth Saturday in April through October 31 season.

Stowe Creek (Lewis County) (Chehalis River tributary): From mouth upstream: The first Saturday in June through October 31 season. Trout: Selective gear rules. Daily limit 2 fish, minimum length eight inches. Other game fish: Selective gear rules.

Straight Creek (Snohomish County) (Suiattle River tributary): First Saturday in June through October 31 season. Selective gear rules.

Stratford/Brook Lake (Grant County): February 1 through September 30 season.

Stump Lake (Mason County): Fourth Saturday in April through October 31 season. Fishing from a floating device equipped with an internal combustion engine prohibited. Trout daily limit 5, no more than 2 over 15 inches in length.

Suiattle River (Skagit County): First Saturday in June through October 31 season. Selective gear rules. Trout: Legal to retain Dolly Varden/Bull Trout as part of trout daily limit, minimum length twenty inches.

Sullivan Creek (Pend Oreille County): (~~From Mill Pond upstream and tributaries: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Eastern brook trout not counted in daily trout limit. Eastern brook trout daily limit ten. Once the daily limit of trout other than eastern brook trout has been achieved, the entire daily limit for trout other than eastern brook trout and eastern brook trout has been taken.~~)

(1) From the mouth upstream, including the tributaries from to Mill Pond upstream,: ~~Open~~ the Saturday before Memorial Day through October 31.

(2) From Mill Pond upstream and tributaries:

(a) Selective gear rules apply.

(b) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(c) Eastern brook trout ~~daily limit is~~ 10.

(d) Once an angler has retained 2 trout other than eastern brook trout, the entire trout ~~daily limit~~ has been taken.

Sullivan Lake (Pend Oreille County): Trout: Daily limit 2 trout, except kokanee not counted in daily trout limit. Kokanee daily limit ten.

Sullivan Lake Tributaries (Pend Oreille County), except as otherwise provided in this section: Open the Saturday before Memorial Day
2/25/13 5:11 PM [289] OTS-5184.1

through October 31.

Sulphur Creek (Snohomish County) (Suiattle River tributary): First Saturday in June through October 31 season. Selective gear rules.

Sultan River (Snohomish County): From its mouth to a point four hundred feet downstream from the diversion dam at river mile 9.7: The first Saturday in June through January 31 season. Trout except Dolly Varden/Bull Trout: Minimum length fourteen inches. Legal to retain Dolly Varden/Bull Trout as part of trout daily limit, minimum length twenty inches.

Upstream of the diversion dam to Culmback Dam: First Saturday in June through October 31 season.

Sumas River (Whatcom County): Including all tributaries except Johnson Creek: First Saturday in June through October 31 season.

Summit Lake (Stevens County): Fourth Saturday in April through October 31 season.

Summit Lake (Thurston County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

Susan Lake (Thurston County): Selective gear rules and release all fish.

Sutherland Lake (Clallam County): Fourth Saturday in April through October 31 season. Trout: Minimum length six inches and maximum length eighteen inches.

Swale Creek (Klickitat County): Trout: Release all trout.

Swamp Creek (tributary to Sammamish River) (Snohomish/King counties): The first Saturday in June through August 31 season. Juveniles only.

Swan Lake (Ferry County): Fourth Saturday in April through October 31 season. Unlawful to use lead weights or lead jigs that measure 1 1/2 inch or less along the longest axis.

Swan's Mill Pond (Stossel Creek) (King County): The first Saturday in June through October 31 season.

Swauk Creek (Kittitas County), including tributaries: Selective gear rules apply. (~~Unlawful to fish from a floating device equipped with an internal combustion motor.~~)

Swift Reservoir (Skamania County): (~~Fourth Saturday in April through November 30 season. From posted markers below Eagle Cliff Bridge to Bridge: Selective gear rules.~~)

(1) Open the first Saturday in June through November 30.

(2) Selective gear rules apply from the posted markers approximately 3/8 mile below Eagle Cliff Bridge to the bridge.

(3) From September 1 through November 30, trout ~~daily limit is~~ 10 from the dam to the markers approximately 3/8 mile below Eagle Cliff Bridge.

(4) ~~Salmon:~~

(a) Open the first Saturday in June through November 30.

(b) Landlocked salmon rules apply.

(c) ~~, with m~~Maximum length 15 inches.

Swofford Pond (Lewis County): Fishing from a floating device equipped with an internal combustion motor prohibited.

Sylvia Creek (Grays Harbor County) (Wynoochee River tributary):
From mouth upstream: First Saturday in June through October 31
season. Trout: Minimum length eight inches. All species:
Selective gear rules.

Sylvia Lake (Grays Harbor County): (~~(Trout)~~) No more than (~~(two)~~)
2 trout over 15 inches in length may be retained ~~per day~~.

Symington Lake (Kitsap County): First Saturday in June through
October 31 season. Selective gear rules. Trout: Release all
trout.

Tacoma Creek and tributaries (Pend Oreille County): (~~(Trout:~~
~~Eastern brook trout not counted in daily trout limit. Eastern brook~~
~~trout daily limit ten. Once the daily limit of trout other than~~
~~eastern brook trout has been achieved, the entire daily limit for~~
~~trout other than eastern brook trout and eastern brook trout has been~~
~~taken.)~~)

(1) Open the Saturday before Memorial Day through October 31.

(2) Eastern brook trout ~~daily limit is~~ 10.

(3) Once an angler has retained 2 trout other than ~~eastern~~ brook
trout, the entire trout ~~daily limit~~ has been taken.

Tahuya River (Mason County): From mouth to steel bridge
approximately 1 mile upstream of North Shore Road Bridge: First
Saturday in June through August 15 and October 1 through October 31
season. Selective gear rules, unlawful to fish from a floating
device equipped with an internal combustion motor, and release all
fish except salmon. Night closure October 1 through October 31.
Salmon: Open only October 1 through October 31. Daily limit 2 coho

salmon.

From steel bridge approximately one mile upstream of North Shore Road Bridge upstream: First Saturday in June through August 15 and October 1 through October 31 season. Selective gear rules, unlawful to fish from a floating device equipped with an internal combustion motor, and release all fish. Night closure October 1 through October 31.

Taneum Creek (Kittitas County), including tributaries: Selective gear rules apply. (~~(Unlawful to fish from a floating device equipped with an internal combustion motor.)~~)

Tanwax Creek (Thurston County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Tanwax Lake (Pierce County): Fourth Saturday in April through October 31 season. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee. Crappie: Daily limit ten, minimum length nine inches.

Tapps Lake (Reservoir) and Tapps Lake (Reservoir) intake canal (Pierce County), to within four hundred feet of the screen at Dingle Basin: Year-round season.

Tarboo Creek (Jefferson County): First Saturday in June through October 31 season. Selective gear rules and release all fish.

Tarboo Lake (Jefferson County): Fourth Saturday in April through October 31 season. Fishing from a floating device equipped with an internal combustion engine prohibited. Trout: Daily limit 5, no more than two over 14 inches in length may be retained, except no size restriction for kokanee.

2/25/13 5:11 PM [293] OTS-5184.1

Taylor River (tributary to the Middle Fork Snoqualmie) (King County):
~~((First Saturday in June through October 31 season. Selective gear
rules. Unlawful to fish from a floating device equipped with an
internal combustion motor. All species: Release all fish.))~~

(1) Open the Saturday before Memorial Day through October 31.

(2) Selective gear rules apply.

(3) Catch and release only ~~for all species.~~

Teal Lakes (North and South) (Grant County): April 1 through
September 30 season.

Teal Lake (Jefferson County): Fishing from a floating device
equipped with an internal combustion engine prohibited. Selective
gear rules. Trout daily limit one fish.

Teanaway River (Kittitas County), and tributaries: Selective gear
rules apply. ~~((Unlawful to fish from a floating device equipped with
an internal combustion motor. Trout: Release all trout.))~~

Teanaway River, North Fork (Kittitas County): ~~((Mouth to Beverly
Creek including all tributaries: Selective gear rules. Unlawful
to fish from a floating device equipped with an internal combustion
motor. Trout: Release all trout. Beverly Creek to impassable
waterfall at the end of USFS Road 9737 (about 8 river miles): Closed
waters.))~~

Chumming permitted. Trout: Release all trout. Salmon: Open only September 1 through October 22. Daily limit 6 fish of which not more than 2 may be adult salmon. All species: Anti-snagging rule and night closure September 1 through October 22.~~

2/25/13 5:11 PM [341] OTS-5184.1

~~From Prosser Dam to Highway 223 Bridge: May 1 through October 31 season. Trout: Release all trout.~~

~~From mouth to Highway 223 Bridge: Bass: Bass 12 to 17 inches in length may be retained. No daily limit for bass, but not more than 3 bass greater than 15 inches in length may be retained.~~

~~From Highway 223 Bridge to 400 feet below Sunnyside Dam: Trout: Minimum length twelve inches and maximum length twenty inches. Additional season December 1 through last day in February — Whitefish gear rules apply.~~

~~From Sunnyside Dam to thirty-five hundred feet below Roza Dam: Closed waters: From Yakima Avenue Terrace Heights Bridge upstream 400 feet. All species: Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Minimum length twelve inches and maximum length twenty inches. Additional season December 1 through last day in February — Whitefish gear rules apply.~~

~~From thirty-five hundred feet below Roza Dam to Roza Dam December 1 through last day in February season. Whitefish gear rules apply.~~

~~From Roza Dam to four hundred feet below Easton Dam and from Lake Easton to the base of Keechelus Dam: Year-round season. Fishing from floating devices equipped with motors allowed only from the U.S. Bureau of Reclamation restricted area signs at Roza Dam upstream to the boat launch ramp on the Roza Access Area (approximately one-half mile). Selective gear rules except bait and one single point barbed hook three sixteenths or smaller point to shank may be used December 1 through last day in February. Unlawful~~

~~to fish from a floating device equipped with an internal combustion motor December 1 through the last day of February. Trout: From Roza Dam to 400 feet below Easton Dam: Release all trout. Lake Easton to the base of Keechelus Dam. Release all trout except eastern brook trout. Eastern brook trout: No daily limit and no minimum size.)~~

(1) General River Rules:

(a) Release all steelhead in the mainstem and tributaries.

(b) Within the mainstem or tributaries open to game fish angling:

(i) There is no daily limit for channel catfish within the mainstem or tributaries open to game fish angling. Channel catfish, no limit.

(ii) There is no daily limit and no length restrictions for bass or walleye, within the mainstem or tributaries open to game fish angling. Walleye: No size restrictions and no limit.

(iii) Bass: No size restrictions and no limit.

(2) Rules by River Section:

(a) From the mouth to 400 feet below Prosser Dam:

(i) Closed waters from the WDFW white markers 200 feet downstream of the USBR Chandler Powerhouse/Pumping Station spillway chute to the powerline crossing immediately upstream of the powerhouse from September 1 through October 22.

(ii) Anti-snagging rule and night closure in effect September 1 through October 22.

(iii) Open March 1 through October 22 ~~for game fish.~~

(iv) Chumming is permitted.

(v) Bass:

(A) Bass 12 to 17 inches in length may be retained.

(B) There is no ~~daily~~ limit for bass, but not more than 3 bass greater than 15 inches in length may be retained.

(vi) Release all trout.

(vii) ~~Salmon:~~

(A) Open September 1 through October 22 ~~for salmon.~~

(B) ~~;~~ ~~daily~~ ~~Limit 6 fish,~~ ~~;~~ no more than 2 adults ~~salmon~~ may be retained.

(b) From Prosser Dam to Highway 223 Bridge:

(i) Open May 1 through October 31.

(ii) Release all trout.

(iii) Bass:

(A) ~~Fish-Bass~~ 12 to 17 inches in length may be retained.

(B) There is no ~~daily~~ limit for bass, but no more than 3 bass greater than 15 inches in length may be retained.

(c) From Highway 223 Bridge to 400 feet below Sunnyside Dam:

(i) Trout minimum length is 12 inches, maximum length is 20 inches.

(ii) Open December 1 through the last day in February for whitefish only; whitefish gear rules apply.

(d) From Sunnyside Dam to 3,500 feet below Roza Dam:

(i) Closed ~~waters~~ from Yakima Avenue-Terrace Heights Bridge upstream 400 feet.

(ii) Selective gear rules apply.

(iii) It is unlawful to fish from a floating device equipped with an internal combustion motor from the I-82 Bridge at Selah Gap to 3,500 feet below Roza Dam.

(iv) Trout minimum length is 12 inches, maximum length is 20 inches.

(v) Open December 1 through the last day in February for whitefish only; whitefish gear rules apply.

(e) From 3,500 feet below Roza Dam to 400 feet below Roza Dam:

(i) Open December 1 through the last day in February for whitefish only; whitefish gear rules apply.

(ii) It is unlawful to fish from a floating device equipped with an internal combustion motor.

(f) From Roza Dam to 400 feet below Easton Dam and from Lake Easton to the base of Keechelus Dam:

(i) Open year-round.

(ii) It is permissible to fish from floating devices equipped with motors only from the U.S. Bureau of Reclamation restricted area signs at Roza Dam upstream to the boat launch ramp on the Roza Access Area (approximately 0.5 mile).

(iii) Selective gear rules apply, except December 1 through the last day in February.

(iv) Trout:

(A) From Roza Dam to 400 feet below Easton Dam, release all trout.

(B) From Lake Easton to the base of Keechelus Dam, release all trout except eastern brook trout; eastern brook trout have no daily limit and no minimum size restriction.

(v) Open December 1 through the last day in February_T for whitefish only; whitefish gear rules apply.

Yakima Sportsmen's Park Ponds (Yakima County): Juveniles only.

Yale Reservoir (Cowlitz County): Trout: Kokanee not counted in daily trout limit. Kokanee daily limit sixteen. Landlocked salmon rules.

Yellowhawk Creek (Walla Walla County): Closed waters.

Yellowjacket Creek (tributary to Cispus River) (Lewis County): Selective gear rules. Unlawful to fish from a floating device equipped with an internal combustion motor. Trout: Minimum length twelve inches.
