## Summary Sheet

---

**Meeting dates:** April 11-12, 2014

**Agenda item:** Deer Areas, Elk Areas, and Special Closures and Firearm Restriction Areas – **Rule Action**

**Presenter(s):** Jerry Nelson, Ph.D., Deer and Elk Section Manager, Wildlife Program

---

**Background summary:**

Staff will brief the Commission on proposed amendments to WAC 232-28-624 Deer area descriptions, WAC 232-28-337 Elk area descriptions, and WAC 232-28-248 Special closures and firearm restriction areas.

Proposed changes to the Deer Area descriptions include adding a Deer Area in Pend Oreille County that would facilitate some special permit hunting opportunity on the USAF survival training facility where hunting access does not currently exist. The proposal also adds a new Deer Area in Asotin County to facilitate special permit hunting opportunity on newly acquired 4-O Wildlife Area lands.

Proposed changes to the Elk Area descriptions modify the boundary of Elk Area 5056 Grays River in Region 5 to better address wildlife conflict through special permit elk hunting. The proposal also creates an Elk Area in Region 1 to facilitate elk special permit hunting on newly acquired 4-O Wildlife Area lands.

Special closure boundary descriptions in WAC 232-28-248 for the Columbia River near the Hanford DOE site are currently inadequate. As presently written, the special closure boundary does not include a narrow strip of land between the river and DOE lands. Hunters are taking advantage of this boundary anomaly to hunt and trespass on restricted DOE land. The proposal is to amend the inadequate boundary language making the closure more discernable and more enforceable.

---

**Policy issue(s) you are bringing to the Commission for consideration:**

- Maximizing hunting recreational opportunity.
  - Managing wildlife conflict issues utilizing hunters.
  - Reducing illegal and unethical activity on restricted lands.
- 

**Public involvement process used and what you learned:**

Notification was made to approximately 9,000 individuals and organizations informing them of the opportunity to provide comment on the proposed regulations. Additionally these individuals and organizations were informed of the opportunity to provide testimony at the March 7-8, 2014 Commission Meeting.

---

**Action requested:**

Amend WAC 232-28-248, 232-28-337 and 232-28-624, as proposed.

---

**Draft motion language:**

I move to amend WAC 232-28-248, 232-28-337 and 232-28-624, as proposed.

---

---

**Justification for Commission action:**

- To provide opportunity for hunters consistent with achieving management objectives.
- To address and prevent wildlife conflict problems.
- To eliminate conditions that may unintentionally encourage unethical or illegal behavior.

## **WAC 232-28-248 Special closures and firearm restriction areas**

### **RECOMMENDED ADJUSTMENTS**

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebook.

#### **Page 2**

- Under Restricted Hunting Areas delete section (f) pertaining to the Voice of America Recreation Area in Clallam County. The change is necessary because the landowners are no longer allowing any kind of hunting access.

#### **Page 7**

- Under Firearm Restriction Areas, San Juan County, add "...and those portions of GMU 410 (Islands) that occur in San Juan County." This change clarifies that most but not all of GMU 410 occurs in the firearm restriction area of San Juan County.

## **WAC 232-28-337 Elk Area Descriptions**

### **RECOMMENDED ADJUSTMENTS**

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebook.

#### **Page 11**

- Delete Elk Area 1014. This elk area is no longer needed to implement elk management actions.

#### **Page 24**

- Under the description of Elk Area 5056, after Grays River Valley, add "...and Eden Valley...". This change clarifies to the reader that the townships, ranges, and sections spelled out in the new boundary modification occur in both the Grays River Valley and the Eden Valley. This should help avoid some confusion.

### RECOMMENDED ADJUSTMENTS

The following adjustments are proposed since the Code Reviser (CR 102) filing and are already included in your notebook.

#### Page 36

- Delete Deer Area 1020. This deer area is no longer needed to implement deer management actions.

#### Page 39

- Modify the boundary of Deer Area 1060 Spokane South to expand the southern boundary slightly south to include Jackson and Elder Roads. This expansion allows Wildlife Management to better address nuisance and wildlife damage issues caused by deer.

DEER AREAS, ELK AREAS, AND SPECIAL CLOSURES  
AND FIREARM RESTRICTION AREAS

<b>Comments</b>	<b>Agency Response</b>
<p>Suggest changing the wording under firearm restriction areas to read "strait walled pistol cartridges" instead of revolver style pistol. This would allow the use of the 10mm and .460 Roland (both equivalent to a .41 mag) for deer/big game hunting.</p>	<p>The Department has received a number of comments on this topic in the past few years. The changes and advancements in handguns and handgun ammunition that have taken place since the current rule language was developed, has been substantial. It seems evident that the Department will have to revisit this topic and try to develop rule language that better serves Washington hunters that hunt in firearm restriction areas. As the Department moves forward with the public process of developing the hunting season package for 2015-2017, we encourage you to stay engaged and voice your opinions on this topic.</p>

## **ATTACHMENT A**

**Amendment to 220-55-040 - Recreational License tag, permit and stamp refund and exchanges**

**New Section 220-55-172 - Reduced Rate Combo deer hunting license**

**New Section 220-55-174 - Reduced Rate Combo elk hunting license**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to clarify and expand the rationale for refunding, exchanging, and replacing licenses and tags. In addition, we have received several complaints regarding the price of second deer and elk licenses. This proposal creates discounts for combination licenses and tags.

### **Reasons supporting proposal:**

This proposal will address the complaints about the cost of second deer and elk license and improve the Department's administration of permits and tags and facilitate much improved collection of harvest data.

**Amendment to 232-12-047 - Unlawful methods for hunting**

**Amendment to 232-12-051 - Muzzleloading firearms**

**Amendment to 232-12-054 - Hunters with Disabilities**

**New Section 232-12-819 – Special Use Permits**

**New Section 232-12-825 - NEW SECTION: Definition of a person with a disability**

**Amendment to 232-12-828 - Hunting of game birds and animals by persons with a disability**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Several rules (232-12-047, 232-12-051, & 232-12-054) are recommended to be amended to delete exceptions for hunters with disabilities from equipment regulations. Exceptions instead will be combined in a new rule (232-12-819) and by amendment to an existing rule (232-12-828). We are recommending that the Department be allowed to issue special use permits to provide reasonable accommodations for persons with a disability. The Department also recommends a change to the definition of a hunter with a disability.

### **Reasons supporting proposal:**

In the past, any time the Department wanted to change the types of equipment necessary for a disabled hunter to participate in an agency hunting program, we needed to have a rule changed to accommodate the request. These changes will allow the Department to issue special use permits as needed to make those accommodations.

In addition, this change will address a petition to the Commission to amend rules to allow scopes on crossbows used by hunters with disabilities and a complaint filed with the Department of Interior. The essence of the complaint was similar to the petition. Nearly all crossbows available on the market today include scopes and modifying them required relatively expensive conversion kits which invalidated the warrantee. Therefore the claim was that the Department was discriminating by creating an economic hardship in not allowing hunters with disabilities to use a crossbow equipped with a scope.

**WAC 232-12-242 - Hunting Restrictions**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Reinstate restrictions on night hunting and hound hunting during deer and elk seasons which were inadvertently deleted from the small game seasons last year but not placed in a different section as planned.

Reference to WAC 232-28-285 is removed as it is no longer in effect and reference to WAC 232-12-243 is replaced with reference to RCW 77-15-245 which is the statute authorizing public safety cougar removals.

**Reasons supporting proposal:**

This rule is important in mitigating conflicts and the potential for unlawful use of dogs to pursue deer and elk and night hunting.

**WAC 232-28-248 Special closures and firearm restriction areas**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of the proposal is to adjust the boundary of the Columbia River Restricted Hunting Area hunting closure to better reflect conditions on the ground and also to alleviate trespass on restricted federal lands. The proposal also provides for an exception to allow special permit hunting on the Parker Lake Restricted Hunting Area. In addition the proposal provides for an exception to the modern firearm restriction in the Kittitas firearm restriction area.

**Reasons supporting proposal:**

Special closures and firearm restriction areas allow the Fish and Wildlife Commission to restrict or close hunting activity in certain areas to optimize safety, discourage trespass on restricted lands, and protect sensitive species.

**WAC 232-28-273 2012-2014 Moose seasons and permit quotas.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Increase the current temporal, geographic, and gender scope of the Master Hunter permits in Region 1. Current rules limit Master Hunts permits for moose (10) to antlerless animals only, a season of Dec 1 through the following March 1, and GMUs 124, 127, and portions of 130 within Spokane County. The revision would allow for Master Hunt permits for any moose identified by WDFW as requiring removal, for a season extending from Aug 1 through the following March 1, and extend to area to include all of GMUs 124, 127, 130, 133, 136, 139, and 142.

Additionally, new, experimental archery-only and muzzleloader-only hunts are proposed in the Parker Lake area (within GMU 117) which had previously been closed due to potential conflicts with USAF survival school. This hunt is being coordinated with USAF.

**Reasons supporting proposal:** Master Hunter permits for moose are intended to provide hunter opportunity where moose are causing damage or are a threat to human safety (typically in or near urban and suburban settings), and these cannot be otherwise resolved. Current restrictions on these permits limit the effectiveness of implementing this objective. This revision will allow for needed flexibility in removing problem moose.

The experimental archery-only and muzzleloader permit hunts are being offered to provide additional hunter opportunity in any area where moose populations can absorb additional harvest.

**WAC 232-28-296 Landowner hunting permits**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

This proposal modifies hunt dates and permit levels on properties enrolled in WDFW's Landowner Hunting Permit (LHP) program for the 2014 hunting season. These sites offer special hunting opportunities to the public through WDFW's special permit drawings, raffles, or selection by the landowner.

**Reasons supporting proposal:**

Several years ago, the Fish and Wildlife Commission developed a policy to expand the private lands available to the general public for hunting. One of the programs that was authorized is the Landowner Hunting Permit Program. This program encourages landowners to provide opportunity to the general hunter in exchange for customized hunting seasons and the ability to generate funding to offset the cost of providing public access.
