<b>Meeting dates:</b>	April 11-12, 2014
<b>Agenda item:</b>	2014 Bighorn sheep, mountain goat, and moose seasons and permit quotas – <b>Rule Action</b>
<b>Presenter:</b>	Rich Harris, Ph.D., Special Species Manager, Wildlife Program

---

**Background summary:** Department staff will brief the Commission on the amendment of WAC 232-28-622 2013-2014 Big horn sheep seasons and permit quotas and WAC 232-28-623 2013-2014 Mountain goat seasons and permit quotas, and the amendment of WAC 232-28-273 2013-2014 Moose seasons and permit quotas. Also, the department suggests amending the GMUs open for the raffle permit of Rocky Mountain bighorn sheep under WAC 232-28-283.

Rocky Mountain bighorn sheep populations in the Blue Mountains area of south-eastern Washington have been reduced in recent years due to the lingering effects of pneumonia outbreaks. Because relatively few large-sized rams remain in the Asotin herd the quota was reduced to zero in 2013. However, the decline in the Asotin herd has thus far been smaller than expected, allowing the department to once again propose a quota of 1 for this herd in 2013. As well, the nearby MountainView/Wenaha herd now has a sufficient number of old-aged rams that it can sustain the loss of 1 to the permit holder of the Rocky Mountain bighorn raffle. Thus, the department is proposing that GMU 172 be open to the raffle permit holder in place of GMU 181.

The department also proposes a total quota of 8 rams in the Cleman Mountain bighorn herd, down from 10 in 2013 reflecting better balance of rams and ewes. The department proposes initiating a ewe hunt (5 permits) on Selah Butte, in response to landowner concerns. Landownership on the Selah (i.e., east) side of the Yakima River is primarily in private ownership, and land-owner tolerance for perceived forage competition from bighorns has declined. Continued presence of pneumonia-causing bacteria, though a low incidence, prevents the department from considering translocation of Selah animals to other herds or areas. As well, the number of rams on the Umtanum side is sufficient to sustain an additional removal; thus the department recommends increasing permits from 2 to 3. Finally, the Lincoln Cliffs bighorn herd has evidently reached an all-time high in numbers, and can sustain additional removal of rams. This herd is also faced with increasing development within adjacent private land. As a result, the department proposes an increase in the number of ram permits from 1 (in 2013) to 2 this year.

In 2013, the mountain goat survey in the Methow region District 6, Region 2, suggested that goat populations remained depressed. Therefore, the department recommends temporarily suspending the current goat permit in this area. In contrast, mountain goat numbers in both the Naches Pass and Bumping River areas of District 8, Region 3, have gradually increased. Thus, the department proposes increasing the number of mountain goat permits from 1 to 2 in both of these hunt areas. Finally, the Mt. Baker area goat population appears stable, but for reasons unrelated to population size, more hunters were unsuccessful in 2013 than typical, consequently removals were lower than expected. The department recommends temporarily increasing permits in the Chowder Ridge unit of the Mt. Baker area from 1 to 2.

Mountain goats have not been hunted on the Olympic Peninsula since the late 1990s, following the reductions made in the core part of this herd's range by Olympic National Park (ONP). Mountain goats, which were introduced to the Olympia Peninsula in the 1920s, have since increased both inside ONP and on Olympic National Forest lands immediately to the east. The department and USFS have received reports of increasing concerns about human safety, particularly on popular hiking trails in the region. Population reduction is an appropriate goal for mountain goats living adjacent to the eastern boundary of ONP. The department recommends 3 new hunts, each with 2 permits, for a total of 6

---

permits within GMU 621. The proposal is that the once-in-a-lifetime restriction be waived for these hunts. This new program has been developed in close cooperation with the Olympic NF, and the department and USFS have plans to continue to manage these hunts closely.

Surveys of moose in northeastern Washington provide no justification for changing the number of permits at this time. Accordingly, the proposed permit levels for moose in 2014 are identical to those in 2013. However, the department is proposing that the current temporal, geographic, and gender scope of the Master Hunter permits (i.e., damage control hunts) in Region 1 are too restrictive to allow this program to function as intended. Thus, the department recommends allowing bulls, as well as cows to be taken; advancing the season from the current December 1 starting date to August 1, and extending the geographic scope to include GMUs 133, 136, 139, and 142. These hunts are invoked only when problems with moose cannot be resolved in non-lethal ways. Experimental archery-only and muzzleloader-only hunts are proposed for the Parker Lake area in GMU 117, in cooperation with the USAF Survival School.

---

**Policy issue(s) you are bringing to the Commission for consideration:**

- Provide additional hunter opportunity in the Asotin, Mountain View, and Selah Butte bighorn herds.
- Protect mountain goats from harvest in the Methow unit where surveys suggest populations remain depressed.
- Provide additional hunter opportunity in the Naches Pass, Bumping River, and Mt. Baker mountain goat hunt areas.
- In cooperation with the USFS, provide opportunity for hunters to harvest mountain goats in GMU 621 on the Olympic Peninsula where conflicts with recreationists have increased in recent years.
- Add flexibility in the type of animal, season, and area of Master Hunter permits for moose in Region 1 to respond to agency needs
- Provide additional hunter opportunity to harvest moose in an area previously closed to hunting.

---

**Public involvement process used and what you learned:**

Notification was mailed to over 9000 organizations and individuals, informing them of the opportunity to provide comments on the proposed regulation. Additionally, these organizations and individuals were informed of the opportunity to provide testimony at the March 7-8, 2014 Commission Meeting in Moses Lake.

---

**Action requested:**

Amend WAC 232-28-273, 232-28-283, 232-28-622 and 232-28-623, as proposed.

---

**Draft motion language:**

I move to amend WACs:

- 232-28-273
- 232-28-283
- 232-28-622 and
- 232-28-623, as proposed.

---

**Justification for Commission action:**

Changes in permit levels allow the department to provide hunter opportunity when population levels allow, while protecting populations from the risk of overharvest.

AMENDATORY SECTION (Amending WSR 13-11-078, filed 5/16/13, effective 6/16/13)

**WAC 232-28-273 2012-2014 Moose seasons, permit quotas, and areas.**

(1) It is unlawful to fail to comply with the provisions of this section. A violation of this section is punishable under RCW 77.15.410, Unlawful hunting of big game—Penalty.

(2) **Moose Permit Hunts**

(a) **Who May Apply:** Anyone EXCEPT those who previously harvested a moose in Washington state may apply for a moose permit. An individual may only harvest one moose during his or her lifetime. However, this restriction is waived for hunters who have previously harvested a moose under an antlerless-only, master-hunter, raffle, or auction permit, as well as for applications for antlerless-only, master-hunter, raffle, or auction permits.

(b) **Bag Limit:** One moose.

(c) **Weapon Restrictions:** Permit holders may use any legal weapon.

Number of permit hunters selected: 5

**PERMIT ISSUANCE PROCEDURE**

(27) Auction permits: The director will select a conservation organization(s) to conduct annual auction(s). Selection of the conservation organizations will be based on criteria adopted by the Washington department of fish and wildlife. Big game and wild turkey auctions shall be conducted consistent with WAC 232-28-292.

(28) Raffle permits: Raffle permits will be issued to individuals selected through a Washington department of fish and wildlife drawing or the director may select a conservation organization(s) to conduct annual raffles. Selection of a conservation organization will be based on criteria adopted by the Washington department of fish and wildlife. Big game and wild turkey raffles shall be conducted consistent with WAC 232-28-290.

(29) Special incentive permits: Hunters will be entered into a drawing for special deer and elk incentive permits for prompt reporting of hunting activity in compliance with WAC 232-28-299.

(30) For permit hunts where the permittee may harvest multiple species, the permittee must select the species he/she wants to hunt within fourteen days of notification of being selected.

**QUALIFICATIONS FOR PARTICIPATION AND REQUIREMENTS:**

(31) Permittee shall contact the appropriate regional office of the department of fish and wildlife when entering the designated hunt area or entering the region to hunt outside the general season.

(32) The permittee may be accompanied by others; however, only the permittee is allowed to carry a legal weapon or harvest an animal.

(33) Any attempt by members of the permittee's party to herd or drive wildlife is prohibited.

(34) If requested by the department, the permittee is required to direct department officials to the site of the kill.

(35) The permit is valid during the hunting season dates for the year issued.

(36) The permittee will present the head and carcass of the bighorn sheep killed to any department office within seventy-two hours of date of kill.

(37) The permittee must abide by all local, state, and federal regulations including firearm restriction areas and area closures.

(38) Hunters awarded the special incentive permit will be required to send the appropriate license fee to the department of fish and wildlife headquarters in Olympia. The department will issue the license and transport tag and send it to the special incentive permit winner.

(39) Permit hunters awarded a cougar permit may only use dogs in GMUs that have a cougar season open to dog use (WAC 232-28-285).

2014 BIGHORN SHEEP, MOUNTAIN GOAT, and MOOSE  
SEASONS and PERMIT QUOTAS

Comments	Agency Response
<p>(3) Make ALL big game seasons longer. Hunters can still only take one animal and only have a limited amount of time to apply to their hunting efforts. A hunter can still only harvest one animal. This would spread out hunting pressure and provide all with a more quality hunting experience.</p>	<p>Big-game season timing is a complex art of providing acceptable hunter access, minimizing stress to animals at specific times of their life-cycle, and also minimizing conflicts with other land-uses. In the case of bighorn sheep, mountain goats, and moose, hunter success rates are currently very high, and extending season lengths appears unnecessary to enhance hunter opportunity.</p>

## **ATTACHMENT A**

**Amendment to 220-55-040 - Recreational License tag, permit and stamp refund and exchanges**

**New Section 220-55-172 - Reduced Rate Combo deer hunting license**

**New Section 220-55-174 - Reduced Rate Combo elk hunting license**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to clarify and expand the rationale for refunding, exchanging, and replacing licenses and tags. In addition, we have received several complaints regarding the price of second deer and elk licenses. This proposal creates discounts for combination licenses and tags.

### **Reasons supporting proposal:**

This proposal will address the complaints about the cost of second deer and elk license and improve the Department's administration of permits and tags and facilitate much improved collection of harvest data.

**Amendment to 232-12-047 - Unlawful methods for hunting**

**Amendment to 232-12-051 - Muzzleloading firearms**

**Amendment to 232-12-054 - Hunters with Disabilities**

**New Section 232-12-819 – Special Use Permits**

**New Section 232-12-825 - NEW SECTION: Definition of a person with a disability**

**Amendment to 232-12-828 - Hunting of game birds and animals by persons with a disability**

### **Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Several rules (232-12-047, 232-12-051, & 232-12-054) are recommended to be amended to delete exceptions for hunters with disabilities from equipment regulations. Exceptions instead will be combined in a new rule (232-12-819) and by amendment to an existing rule (232-12-828). We are recommending that the Department be allowed to issue special use permits to provide reasonable accommodations for persons with a disability. The Department also recommends a change to the definition of a hunter with a disability.

### **Reasons supporting proposal:**

In the past, any time the Department wanted to change the types of equipment necessary for a disabled hunter to participate in an agency hunting program, we needed to have a rule changed to accommodate the request. These changes will allow the Department to issue special use permits as needed to make those accommodations.

In addition, this change will address a petition to the Commission to amend rules to allow scopes on crossbows used by hunters with disabilities and a complaint filed with the Department of Interior. The essence of the complaint was similar to the petition. Nearly all crossbows available on the market today include scopes and modifying them required relatively expensive conversion kits which invalidated the warrantee. Therefore the claim was that the Department was discriminating by creating an economic hardship in not allowing hunters with disabilities to use a crossbow equipped with a scope.

**WAC 232-12-242 - Hunting Restrictions**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Reinstate restrictions on night hunting and hound hunting during deer and elk seasons which were inadvertently deleted from the small game seasons last year but not placed in a different section as planned.

Reference to WAC 232-28-285 is removed as it is no longer in effect and reference to WAC 232-12-243 is replaced with reference to RCW 77-15-245 which is the statute authorizing public safety cougar removals.

**Reasons supporting proposal:**

This rule is important in mitigating conflicts and the potential for unlawful use of dogs to pursue deer and elk and night hunting.

**WAC 232-28-248 Special closures and firearm restriction areas**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of the proposal is to adjust the boundary of the Columbia River Restricted Hunting Area hunting closure to better reflect conditions on the ground and also to alleviate trespass on restricted federal lands. The proposal also provides for an exception to allow special permit hunting on the Parker Lake Restricted Hunting Area. In addition the proposal provides for an exception to the modern firearm restriction in the Kittitas firearm restriction area.

**Reasons supporting proposal:**

Special closures and firearm restriction areas allow the Fish and Wildlife Commission to restrict or close hunting activity in certain areas to optimize safety, discourage trespass on restricted lands, and protect sensitive species.

**WAC 232-28-273 2012-2014 Moose seasons and permit quotas.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Increase the current temporal, geographic, and gender scope of the Master Hunter permits in Region 1. Current rules limit Master Hunts permits for moose (10) to antlerless animals only, a season of Dec 1 through the following March 1, and GMUs 124, 127, and portions of 130 within Spokane County. The revision would allow for Master Hunt permits for any moose identified by WDFW as requiring removal, for a season extending from Aug 1 through the following March 1, and extend to area to include all of GMUs 124, 127, 130, 133, 136, 139, and 142.

Additionally, new, experimental archery-only and muzzleloader-only hunts are proposed in the Parker Lake area (within GMU 117) which had previously been closed due to potential conflicts with USAF survival school. This hunt is being coordinated with USAF.

**Reasons supporting proposal:** Master Hunter permits for moose are intended to provide hunter opportunity where moose are causing damage or are a threat to human safety (typically in or near urban and suburban settings), and these cannot be otherwise resolved. Current restrictions on these permits limit the effectiveness of implementing this objective. This revision will allow for needed flexibility in removing problem moose.

The experimental archery-only and muzzleloader permit hunts are being offered to provide additional hunter opportunity in any area where moose populations can absorb additional harvest.

**WAC 232-28-283 2012-2014 . Big game and wild turkey auction, raffle, and special incentive permits.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** Add to (18) Rocky Mountain Bighorn Sheep Raffle permit GMU 172, and remove GMU 181.

**Reasons supporting proposal:** Provide hunter opportunity where herd increase has allowed for increase harvest, while reducing permit levels where mortality must be limited.

**WAC 232-28-296 Landowner hunting permits**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

This proposal modifies hunt dates and permit levels on properties enrolled in WDFW's Landowner Hunting Permit (LHP) program for the 2014 hunting season. These sites offer special hunting opportunities to the public through WDFW's special permit drawings, raffles, or selection by the landowner.

**Reasons supporting proposal:**

Several years ago, the Fish and Wildlife Commission developed a policy to expand the private lands available to the general public for hunting. One of the programs that was authorized is the Landowner Hunting Permit Program. This program encourages landowners to provide opportunity to the general hunter in exchange for customized hunting seasons and the ability to generate funding to offset the cost of providing public access.

**232-28-337 Elk area descriptions.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of the proposal is modify the boundary of an existing Elk Area in Region 5 to better address wildlife conflict through special permit elk hunting. The proposal also creates an Elk Area in Region 1 to facilitate elk special permit hunting on newly acquired wildlife area lands.

**Reasons supporting proposal:**

Elk Areas allow the Commission to distribute hunters more favorably during quality hunts. The proposed language also helps delineate when state authorized elk hunting is and is not allowed at a smaller scale within a GMU. Elk Areas help direct hunters when a scale smaller than the GMU is needed. Elk areas also help staff address wildlife conflict problems at a smaller scale than the GMU when needed.

**WAC 232-28-342: 2012-13, 2013-14, and 2014-15 Small game seasons**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

Changes proposed increase the possession limit to three times the daily bag for mourning dove (including falconry), band-tailed pigeon, and September Canada goose (except for the two day eastern Washington September season). Other changes include shifting season eastern Washington September goose season dates to occur on weekend days, and increasing the bag limit for the Pacific County September Canada goose season.

**Reasons supporting proposal:**

The proposed changes will standardize possession limits among all migratory bird seasons and allow increase recreational opportunity on resident Canada geese, while conserving these populations and providing agricultural damage control.

**232-28-357 2012-2014 Deer general seasons and definitions.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to retain general season deer hunting opportunity. The purpose is also to balance the hunting opportunity between user groups. In addition the purpose is to increase opportunity when deer populations allow, and reduce the opportunity when declining deer numbers warrant a change.

**Reasons supporting proposal:** This proposal provides for recreational deer hunting opportunity and protects deer from overharvest. The proposal would maintain sustainable general deer hunting season opportunities for 2014. The proposal also helps address deer agricultural damage problems and provides for deer population control when needed.

**232-28-358 2012-2014 Elk general seasons and definitions.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to retain general season elk hunting opportunity for 2014. The purpose is also to balance the elk hunting opportunity between user groups. The proposal also increases elk hunting opportunity when elk populations allow, and reduces elk hunting opportunity when declining elk numbers warrant a change.

**Reasons supporting proposal:** This proposal provides for recreational elk hunting opportunity and protects elk from overharvest. The proposal would maintain sustainable general elk hunting season opportunities for 2014. The proposal helps address elk agricultural damage problems and provides for elk population control when needed.

**232-28-359 2014 Deer special permits.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to retain special permit deer hunting opportunity for 2014. The purpose is also to balance the hunting opportunity between user groups and increase hunting opportunity when deer populations allow. In addition the proposal reduces the deer hunting opportunity when declining deer numbers warrant a change.

**Reasons supporting proposal:** This proposal provides for recreational deer hunting opportunity and protects deer from overharvest. The proposal would maintain sustainable deer special permit hunting season opportunities for 2014. The proposal also helps address deer agricultural damage problems and provides for deer population control when needed.

**232-28-360 2014 Elk special permits.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of this proposal is to retain special permit elk hunting opportunity for 2014. The purpose is also to balance the elk special permit hunting opportunity between user groups. In addition the proposal increases elk hunting opportunity when elk populations allow, and reduces the opportunity when declining elk numbers warrant a change.

**Reasons supporting proposal:** This proposal provides recreational elk hunting opportunity and protects elk from overharvest. The proposal would maintain sustainable elk special permit hunting season opportunities for 2014. The proposal helps address elk agricultural damage problems and provides for elk population control when needed.

**WAC 232-28-622 Big horn sheep seasons and permit quotas.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** 1) Increase permits in the Asotin herd from 0 to 1. 2) Increase permits in the Lincoln Cliff herd from 1 to 2. 3) Decrease permits in the Cleman Mountain herd from 10 to 8. 4) Increase permits in the Umtanum portion of the Umtanum/Selah herd from 2 to 3. 5) Initiate new ewe-only hunt in the Selah portion of the Umtanum/Selah herd, 5 permits.

**Reasons supporting proposal:** Provide hunter opportunity where herd increase has allowed for increase harvest, while reducing permit levels where mortality must be limited.

**WAC 232-28-623 2012-2014 Mountain goat seasons and permit quotas.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

1) Decrease mountain goat permits in the Methow (2-2) goat hunt unit from 1 to 0. 2) Increase mountain goat permits in the Naches Pass (3-6) goat hunt unit from 1 to 2; 3) Increase mountain goat permits in the Bumping River (3-7) goat hunt unit from 1 to 2; 4) Increase mountain goat permits in the Chowder Ridge (4-3) goat hunt unit from 1 to 2. 5) Initiate new conflict-reduction mountain goat hunt in Region 6, GMU 621, with 6 permits.

**Reasons supporting proposal:** Provide hunter opportunity where herd increase has allowed for increase harvest, while reducing permit levels where mortality must be limited. Reduce conflicts with hikers and possibility of dangerous confrontation on popular hiking trails in Region 6.

**232-28-624 Deer area descriptions.**

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:**

The purpose of the proposal is to add a Deer Area in Pend Oreille County that would facilitate some special permit hunting opportunity on the USAF survival training facility where hunting access did not exist before. The proposal also adds a new Deer Area in Asotin County to facilitate special permit hunting opportunity on newly acquired wildlife area land.

**Reasons supporting proposal:**

The proposed language allows the Commission to distribute hunters more favorably during quality hunts. Proposed language also helps delineate when state authorized deer hunting is and is not allowed at a smaller scale within a GMU. Deer Areas help direct hunters when a scale smaller than the GMU is needed.

Deer areas also help staff address wildlife conflict problems when needed.
