

WDFW Steelhead Stakeholder Meeting
Statewide Steelhead Goals
Work Session Questions
12/07/2006

1. Primary Goal – Would you recommend the Department retain this goal as the primary goal in the management of steelhead?

If so, would you recommend any additions to this goal?

If not, what would you recommend as the primary goal for steelhead?

2. Sub-Goals 1 – Overall does the list of sub-goals include all areas you believe need to be addressed? If not, which sub-goals do you believe are missing and recommend including on the list?

3. Sub-Goals 2 – Examining each sub-goal individually (i.e. Artificial Production, Fisheries Management, etc):

Does the description clearly support the sub-goal?
If not, what modifications would you recommend?
What objectives, if any, do you believe may be missing from the sub-goal?
