Dragonflies (Odonata)

(click on common name for further information)

Common Name	Scientific Name
Columbia Clubtail	*Gomphus lynnae*
Pacific Clubtail	*Gomphus kurilis*

Columbia Clubtail

Gomphus lynnae

Washington Distribution by County*

State Status: Candidate
Federal Status: Species of Concern

PHS Species Criteria

#1

Priority Area

- Any occurrence

Online information and guidelines for management of **Columbia Clubtail**:

NatureServe Species Report

* Distribution maps show the counties where a species is known to occur in one of its priority areas, as well as the counties where a species is likely to occur in one of its priority areas due to the presence of suitable habitat. Counties that are part of the recovery area for Threatened and Endangered species are also shown as part of a species distribution. Occurrences of a species in other counties are possible as new information becomes available, and maps will be updated as necessary at the beginning of each calendar year. The date shown in the footer identifies when the last update was made to maps found on this page.

Pacific Clubtail

Gomphus kurilis
