**There are no commercial salmon fisheries scheduled at this time.**

Fishers are reminded that a department issued **Fish Friendly certification card is required** to participate in any Area 7 or 7A commercial salmon fisheries. The next fish friendly class is scheduled for Friday, July 12 at WDFW's Mill Creek office. For more information or to register for this class please contact Cynthia Burns, the commercial monitoring coordinator at **(360) 902-2677**. Please note this is the last fish friendly class that will take place before the start of the 2013 season.

### **2013 Limited Participation Fisheries:**

We are planning two limited participation fisheries in 2013; one targeting pink salmon in Area 10 and one targeting coho salmon in Area 8A. Any fishers interested in participating in these fisheries must return their entry forms to the department no later than July 31<sup>st</sup>. These forms were sent out to all Puget Sound commercial salmon license holders during the week of June 18<sup>th</sup> and are also available on our website.
