Subject: Bottom fishing in Dabob Bay

I glad to read that flatfish fishing is to be allowed in a portion of Hood Canal. However, I think the area is too small because more fishing will be concentrated in this small area. From what I have seen there is an abundance of bottom fish in the canal and youngsters love catching fish, and bottom fish provide more action which they need.

Thank you for expanding our fishing opportunities and for returning a portion of our Hood Canal fishing rights.
