Who do I call to have a dead animal removed from my property? Can I keep it?

In most instances, it is the property owner's responsibility to arrange for the animal to be removed and disposed of. The individual may remove the wildlife for disposal only, and may not retain the wildlife, or any part, for personal use or consumption. Other laws and rules may apply to the disposal, including rules of the Department of Health (WAC [246-203-120](#)). Wildlife removed under this section remain the property of the state.
