

WDFW Help

What do I do if I have lost my license or tag, or lost my WILD I.D. number?

- If hunting or fishing license, endorsements or tag documents are lost, stolen, or destroyed, duplicates can be obtained from [license dealers](#) for a cost.
- If you have lost your WILD I.D. number, you can use your social security number to access the WILD I.D. system to purchase licenses and tags. Otherwise, call the WDFW Licensing Division at (360) 902-2464.
- If you have harvested an animal that requires a tag, do not transport the animal if you have lost your tag. Instead, contact your local Fish and Wildlife Officer through the Washington State Patrol Dispatch, advise them of the situation, and seek their advice on whether or not to buy a duplicate tag.
