

WDFW Help

How can I check my hunter reports?

You can check your hunter report information at <https://fishhunt.dfw.wa.gov/wa/Hunterreport>. If successful, you will see the report listed under the 'reported' section with a date and time stamp.

After reporting successfully, you will receive a confirmation number. Keep this confirmation number written down and treat it like a receipt.

If you need additional assistance with hunter reporting, please contact the Wildlife Program at wildthing@dfw.wa.gov or by phone at (360) 902-2515.
