

WDFW Help

Is game farming legal in Washington?

Game farms licensed on or before January 1, 1992 may continue to operate under the license—see [RCW 77.12.570](#); [WAC 232-12-027](#). After January 1, 1992, WDFW is licensing only game farming of game birds—see [WAC 232-12-027](#). WDFW does license game farms to raise and sell game birds, including waterfowl, pheasant, chukar, quail, and gray partridge.
