

Dear Multi-season applicants:

As you may know, the exclusive opportunity for hunters who were successfully drawn in April to purchase a Multi-Season Tag has ended.

Beginning, Aug. 10, 2015, at 12 p.m., those hunters who were selected but have not purchased a tag AND those who were not selected but purchased an application will be eligible to purchase a Multi-Season Tag on a first-come, first-served basis.

All hunters **MUST** purchase their tag at a local license dealer, where they will be required to surrender (at that time) their general season tag for a Multi-Season Tag.

In summary:

- **Who is eligible:** Anyone who applied for the multi-season permit. (If you applied for deer, then you are eligible for deer. If you applied for elk, you are eligible for elk.) If you were drawn originally, you are still eligible, but you will not have exclusive rights to purchase your permit.
- **When can they be purchased:** Beginning August 10 at 12:00 PM.
- **How many permits are available:** As of today, we have approximately 180 elk permits left (out of 1,000) and approximately 3,300 deer permits left (out of 8,500).
- **Will people who purchase “over-the-counter” lose their multi-season permit drawing points?:** No. The people who applied, but were not drawn will not lose their drawing points. The drawing (and thus the loss of points) provided hunters a guaranteed opportunity to purchase the multi-season tag and provided them opportunity to apply for special hunts in all weapon types. Over-the-counter purchasers did not get these benefits.

Thank you for your patience as we work through our new process. If you have any questions please feel free to contact our Customer Service Center at 360-902-2464.
