

**WASHINGTON DEPARTMENT
OF FISH AND WILDLIFE
FINAL DETERMINATION OF
NON-SIGNIFICANCE**
February 7, 2001

State of Washington
DEPARTMENT OF FISH AND WILDLIFE

Mailing Address: 600 Capitol Way N - Olympia, Washington 98501-1091 - (360) 902-2200, TDD (360) 902-2207
Main Office location: Natural Resources Building - 1111 Washington Street SE - Olympia, WA

MITIGATED DETERMINATION OF NONSIGNIFICANCE

Name of Proposal: ELOCHOMAN HATCHERY BRIDGE REPAIR

Description of Proposal: The proposed project plans to repair the bridge to the Elochoman Hatchery, the only access to the hatchery. The project will remove paint containing lead from the bridge, repaint the bridge, replace rivets and several structural members, and replace the bridge deck. A tarp apron (diaper) will be strung under the bridge to prevent material from sandblasting from entering the water.

The proponent shall incorporate the following mitigation measures into the project:

1. The tarp beneath the bridge must not contact the water.
2. The tarp must be placed so that billowing from either wind or rain does not cause the tarp or sediment to enter the water.
3. Extreme caution must be made to prevent sediment runoff to surrounding soils or water during sandblasting activities. If necessary, plastic may be used to cover work area, provided that it is secured and will not enter the water.
4. If necessary a vacuum should be used to suction up the sediment from the tarp during project activities.
5. Work must stop if the tarp tears or there is cause to believe sediment or tarp is entering the water or surrounding soils. Work may not continue until the problem has been corrected.
6. Provisions must be made to prevent sediment or tarp from entering the water when the tarp is removed at the end of construction.

Proponent: Washington Department of Fish and Wildlife, Engineering Division, 600 Capitol Way North, Olympia, Washington 98501-1091. Contact Person: Glenn Gerth, P.E.

Location of Proposal, including street, if any: Access to Elochoman Hatchery, 1318 Elochoman Valley Road, Cathlamet, Washington, Wahkiakum County; Section 15, Township 09 North, Range 05 West WM

Lead Agency: Washington Department of Fish and Wildlife

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of the completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date of issue below. Comments must be submitted by: **February 6, 2001**
