CONDITIONS

Special Conditions required on implementation of Projects:

The Applicant is responsible for coordinating with and obtaining any required HPA from Washington Department of Fish and Wildlife and Clean Water Act Section 401 (Water Quality Certification) and Section 404 permit(s) (Encroachments/Fill to/in waters/wetlands of the United States) from the United States Army Core of Engineers (USACE) prior to initiating work. The Applicant shall comply with all the conditions of the required permit. All coordination pertaining to these activities should be documented and copies forwarded to the State and FEMA as part of the permanent project files.

Source of condition: Clean Water Act (CWA)

Monitoring Required: No

Standard Conditions:

Any change to the approved scope of work will require re-evaluation for compliance with NEPA and other Laws and Executive Orders.

This review does not address all federal, state and local requirements. Acceptance of federal funding requires recipient to comply with all federal, state and local laws. Failure to obtain all appropriate federal, state and local environmental permits and clearances may jeopardize federal funding.

If ground disturbing activities occur during construction, applicant will monitor ground disturbance and if any potential archeological resources are discovered, will immediately cease construction in that area and notify the State and FEMA.
