Subject: RE: Ecology SEPA No. 12-0908 - Beaver Creek Hatchery Elochoman Intake Maintenance project - Comment Letter

Ms. Mendoza, thanks for your letter commenting on WDFW's proposal at Beaver Creek Hatchery. WDFW will comply with the concerns and guidance identified in the letter to Bob Zeigler. Our construction and engineering staff will monitor for any contaminated soil and water, conduct testing, and notify Ecology immediately if contamination is confirmed, observed or any spill occurs. We will keep the contact information you provided onsite during project operations. I hope I have adequately addressed your concerns as I understood them, if not please let me know. Thanks again,

Marty Peoples
