**Attachments:** WSDOT comment on Swauk Creek Enhance SEPA.pdf

Rick,

Thanks for the comments on the SEPA checklist for the lower Swauk Restoration project. This project is being designed by George Fowler and Jenna Scholz who are consultants working for Entrix. We will comply with WSDOT requirements for transportation on state routes by staying within legal size and load limits, or we will obtain a permit for oversize and/or overweight loads.

Please feel free to contact me if you have further questions or comments.

Best Regards,

Scott Nicolai
