Re: 12-057

Dear Mr. Zeigler:

Thank you for the opportunity to comment on the determination of nonsignificance for the Durr Road Bridge project. We have reviewed the documents and have the following comments.

Waste 2 Resources

Upland disposal of dredged material may require a solid waste permit if the material meets the definition in Chapter 173-350 WAC, for "contaminated soils and contaminated dredged material." Contact **Gary Bleeker** at (509)575-2837 or gble@ecy.wa.gov for assistance.

Sincerely,
