RE: DNS

Mr. Zeigler:

Thank you for the opportunity to comment on the Washington Department of Fish and Wildlife's *Washington State Environmental Policy Act (SEPA) Determination of Non-Significance (DNS)* associated with the Lake Aberdeen Pollution Abatement Pond.

The city of Aberdeen has reviewed the threshold determination and concurs that the proposal does not represent a probably significant adverse impact to elements of either the natural or built environment.

Thank you again.

Sincerely,

Lisa Scott
Director
