ADDENDUM TO DETERMINATION OF NONSIGNIFICANCE

DATED: September 12, 2012

Name of DNS: WDFW LANGSDORF ACCESS RAMP & SITE UPGRADE #12-063

Description of DNS: This project replaces an existing boat ramp, installs a float alongside the boat ramp and a toilet, paves a graveled parking area next to the boat ramp, and resurfaces a gravel parking area across the street from the boat launch. An ADA accessible parking area, sidewalks and a loading ramp will be installed near the boat ramp, along with an informational kiosk. The Shillapoo Wildlife Area across the road will have parking lot expanded and also paved.

Proponent/Applicant:

Washington State Fish and Wildlife - Cindy Knudsen
600 Capitol Way North
Olympia WA 98501 Phone: 360 902 8422

Location of DNS, including street, if any:

WDFW Langsdorf Boat Access Area and Shillapoo Wildlife Area, Washington, Clark County;
Section 36, Township 03 North, Range 01 East WM

Lead Agency: Washington Department of Fish and Wildlife (WDFW)

WDFW is providing updated information on this project that may be of interest to other agencies or the public. The updated information provided below does not substantially change the analysis of significant impacts in the existing environmental checklist.

There are changes to the Langsdorf DNS since the first DNS came out:

Specific Changes are inserted in the enclosed SEPA checklist:

- The project is still installing a float, however the float design now uses improved light penetrating standards and an all aluminum base, instead of (Port Orford Cedar).
- The Shillapoo Wildlife area parking lot will not be paved. The only part of the project that will be paved is next to the boat ramp, the Shillapoo Wildlife area will be regraded and resurfaced with gravel materials.
- Additions include

- two bioswales (one on each side of the roadway), specialized plants for each bioswale
- Installation of LWD along the Columbia River area down from the boat ramp.

Based on the original environmental checklist and the updated information provided in this addendum, we have determined that a new threshold determination is not warranted. There is no comment period associated with this SEPA environmental checklist addendum.

Responsible Official: Bob Zeigler

Position/Title: SEPA/NEPA Coordinator, Regulatory Services Section

Address: 600 Capitol Way North, Olympia, WA 98501
