**Subject:** Re: DNS 14-006: CLEAR LAKE ACCESS IMPROVEMENT - TOILETS - Thurston County

Hello

Thank you for the opportunity to comment. This type of project appears to be located within the 200 foot Rural shoreline designation and may require a Shoreline Permit from Thurston County. Please contact the Permit Assistance Center at (360) 786-5490.

Future modification of the boat ramp will require a Shoreline Permit from Thurston County. I recommend you contact Mike Kain at (360) 786-5471 or Robert Smith at (360) 754-4023 for more information about the process and type of Shoreline permit needed.

Thank you  
Cindy Wilson
